For and in consideration of Ten Dollars (\$10.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby **GRANT, BARGAIN, SELL, CONVEY, ASSIGN, TRANSFER, SET OVER AND DELIVER** unto Assignee, subject to the terms and reservations hereof, all of Assignor's right, title and interest in and to the following (the "Properties"):

- (1) All of the Oil and Gas Leases described on Exhibit "A" attached hereto and made a part hereof, as extended or amended and the lands covered thereby (the "Leases"), if any;
- (2) All working interests, net revenue interests, farm out or farm in rights, or other non-working or carried interests, operating rights and other mineral rights of every nature in and to the Leases;
- (3) All presently existing unitization and pooling agreements and statutorily, judicially or administratively created drilling, spacing and/or production units, whether recorded or unrecorded, which relate to the Leases, and all of Assignor's interest in and to the Properties covered or units created thereby which are attributable to the Leases;

Without limiting the express provisions hereof, Assignee specifically agrees that Assignor is conveying the equipment on an "as is, where is, with all faults" basis and without representation or warranty, either express, implied at common law, by statute or otherwise, or statutory, all of which Assignor hereby disclaims, relating to title, transferability, fitness for any particular purpose, merchantability, design or

quality, compliance with specifications or conditions regarding operation, freedom from patent or trademark infringement, absence of latent defects or any other matter whatsoever. The provisions of this section have been negotiated by Assignee and Assignor after due consideration and are intended to be a complete exclusion and negation of any representations or warranties of Assignor, either express, implied or statutory, with respect to the equipment that may arise pursuant to any law now or hereafter in effect or otherwise, except as expressly set forth herein.

Assignee has caused the Assets to be inspected for environmental matters and is familiar with the condition thereof and hereby agrees to indemnify and hold harmless Assignor, Assignor's affiliates, Assignor's predecessors in title and each of the respective officers, directors, employees and agents, from any and all liabilities or damages resulting from environmental causes, including, but not limited to, cleanup and restoration, without regard to whether such claims, demands or causes of action relate to or arise before or after the Effective Time, and also expressly including, but not limited to, any and all claims from governmental entities or others for remedial action, cleanup, response costs, or the like due to the existence of naturally occurring radioactive material ("NORM") associated with the interest conveyed herein, notwithstanding that such contamination may have occurred prior to the Effective Time. Assignee acknowledges that it has been informed that oil and gas producing formations can contain NORM. Formation of scale or deposits of sludge can concentrate low levels of NORM on equipment. Any equipment conveyed herein may possibly have exposure levels for NORM above background levels and a moderate health hazard may exist in connection with this equipment. Assignor has advised Assignee to determine if such hazard exists and to follow safety procedures when handling this equipment sufficient to satisfy applicable state or federal requirements. In addition to the indemnity set forth above and not in lieu thereof, Assignee agrees to indemnify and hold Assignor harmless from and against any and all costs, expenses, claims, demands and causes of action of every kind and character arising out of, incident to, or in connection with the use, occupancy, operation or abandonment of the leasehold interest, or the maintenance, use, handling or resale of the equipment that arises after the Effective Time. If it becomes necessary to plug and abandon any well(s) covered under this Assignment, Assignee, at Assignee's sole risk and expense, will plug and abandon said well(s) in accordance with all local, state and federal laws, rules and regulations and will restore the premises pursuant to the terms and provisions contained in the Leases.

It is the intent of Assignor to convey and this Assignment hereby conveys to Assignee, subject to the reservations and conditions herein contained, all of Assignor's right, title, and interest, from and after the Effective Date, in and to the Properties, regardless of the omission of any Lease or Leases, if any, errors in description, any incorrect or misspelled names or any transcribed or incorrect recording references.

TO HAVE AND TO HOLD all and singular such Properties together with all rights, titles, interests, estates, remedies, powers and privileges thereunto appertaining unto Assignee and Assignees' successors and assigns forever;

Assignor does hereby bind itself, its heirs, successors and assigns, to warrant and forever defend all and singular title to the Properties unto Assignee, Assignees' successors and assigns, against every person whomsoever lawfully claiming or to claim the same or any part thereof, by through or under Assignor, but not otherwise. Assignor conveys the Properties free and clear of any outstanding mortgage, deed of trust, lien or encumbrance.

Assignor also hereby grants and transfers to Assignee, its successors and assigns, to the extent so transferable, the benefit of, and the right to enforce, the covenants and warranties, if any, which Assignor is entitled to enforce with respect to Assignor's predecessors in title to the Properties.

Assignor retains liability and shall be responsible for, and shall defend, indemnify and hold Assignee harmless from all claims arising, or due based on acts, omissions, events or damage to or destruction of property that occurred prior to the Effective Date with respect to the Properties. Assignee hereby assumes and shall be responsible for and comply with all duties and obligations, express or implied, arising on or after the Effective Date with respect to the Properties, and shall defend, indemnify and hold Assignor harmless from any and all claims arising, or due based on acts, omissions, events or damage to or destruction of property occurring on or after the Effective Date with respect to the Properties.

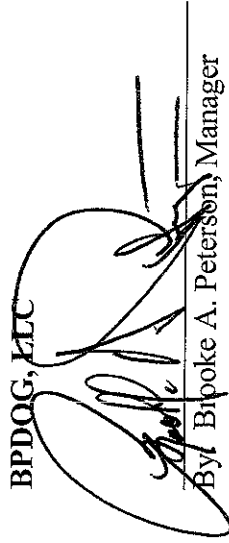

This Assignment shall bind and inure to the benefit of Assignor and Assignee and their respective successors and assigns.

This Assignment may be executed by Assignor and Assignee in any number of counterparts, each of which shall be deemed an original instrument, but all of which together shall constitute one and the same instrument.
