OIL AND GAS LEASE

Kans. - Okla. - Colo.

This Oil and Gas Lease is made and entered on July 11, 2018, by and between the Alice Louise Hund Revocable Trust dated May 15, 1989, with an address of 10 Gault Fr Leaven, KS. 66048 as Lessor, and Robinette Oil Company, LLC, a Kansas limited liability company, with an address of 330 W. Main, Chanute, Kansas 66720, as Lessee. The parties agree as follows:

1. That Lessor, for and in consideration of the sum of Ten Dollars (\$10.00) in hand paid and of the covenants and agreements hereinafter contained to be performed by the lessee, has this day granted, leased, and let and by these presents does hereby grant, lease, and let exclusively unto the Lessee the hereinafter described land, with any reversionary rights therein, and with the right to unitize this lease or any part thereof with other oil and gas leases as to all or any part of the lands covered thereby as hereinafter provided, for the purpose of carrying on geological, geophysical and other exploratory work thereon, including core drilling and the drilling, mining, and operating for, producing and saving all of the oil, gas, gas condensate, gas distillate, casinghead gasoline and their respective constituent vapors, and all other gases, found thereon, the exclusive right of injecting water, brine, and other fluids and substances into the subsurface strata and for constructing roads, laying pipe lines, building tanks, storing oil, building power stations, electrical lines and other structures thereon necessary or convenient for the economical operation of said land alone or conjointly with neighboring lands, to produce, save, take care of, and manufacture all of such substances, and the injection of water, brine, and other substances into the subsurface strata, said tract of land being situated in the County of Leavenworth, State of Kansas, and described as follows:

The North Half of the Southeast Quarter (N/2 SE/4) less tract taken for road, and the West Half of the Southwest Quarter (W/2 SW/4), all in Section 18, Township 8 South, Range 22 East,

containing approximately 240 acres, more or less (the "leased premises").

2. This lease shall remain in force for a term of One (1) year (called "primary term") and as long thereafter as oil, gas, casinghead gas, casinghead gasoline or any of the products covered by this lease is or can be produced.

3. The Lessee shall deliver to Lessor as royalty, free of cost, on the lease, or into the pipeline to which Lessee may connect its wells the equal one-eighth (1/8th) part of all oil produced and saved from the leased premises, or at the Lessee's option may pay to the Lessor for such one-eighth royalty the market price at the wellhead for oil of like grade and gravity prevailing on the day such oil is run into the pipeline or into storage tanks.

4. The Lessee shall pay to the Lessor, as a royalty, one-eighth (1/8th) of the proceeds received by the Lessee at the mouth of the well from the sale of gas, gas condensate, gas distillate, casinghead gas, gas used for the manufacture of gasoline or any other product, and all other gases, including their constituent parts, produced from the land herein leased, less a proportionate part of the production, severance and other excise taxes, conservation fees, and the costs incurred by Lessee in processing, gathering, treating, compressing, dehydrating, transportation, and marketing, or otherwise making such gas or other substances ready for sale or use. If such gas is not sold by the Lessee (and there is also no oil being sold), Lessee may pay or tender annually at or before the end of each yearly period during which such gas is not sold, as a shut-in royalty, whether one or more wells, an amount equal to one dollar per net mineral acre, and while said shut in royalty is so paid or tendered, it will be considered under all provisions of this lease that gas and/or oil is being produced in paying quantities. The first yearly period during which such gas is not sold shall begin on the date the first well is completed for production of gas.

5. This lease is a paid-up lease and shall be maintained during the primary term without further payments or drilling operations.

6. In the event said Lessor owns a lesser interest in the above described land than the entire and undivided fee simple estate therein then the royalties herein provided for shall be paid to said Lessor only in the proportion which his interest bears to the whole and undivided fee; however, in the event the title to any interest in said land should revert to Lessor, or his heirs, or his or their grantee, this lease shall cover such reversion.

7. The Lessee shall have the right to use, free of cost, gas, oil and water found on said land for its operations thereon, except water from existing wells of the Lessor. When required by Lessor, the Lessee shall bury its pipe lines below plow depth and shall pay for damage caused by its operations to growing crops on said land. No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of the Lessor. Lessee shall have the right at any time during, or after the expiration of this lease to remove all machinery fixtures, houses, buildings and other structures placed on said premises, including the right to draw and remove all casing.

8. If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall extend to the heirs, devisees, executors, administrators, successors, and assigns, but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of Lessee, and no change of ownership in the land or in the royalties or any sum due under this lease shall be binding on the Lessee until it has been furnished with either the original recorded instrument of conveyance or a duly certified copy thereof, or a certified copy of the will of any deceased owner and of the probate thereof, or certified copy of the proceedings showing appointment of an administrator for the estate of any deceased owner, whichever is appropriate, together with all original recorded instruments of conveyance or duly certified copies thereof necessary in showing a complete chain of title back to Lessor of the full interest claimed, and all advance payments of rentals made hereunder before receipt of said documents shall be binding on any direct or indirect assignee, grantee, devisee, or administrator, executor, or heir of Lessor.

9. If the leased premises are now or shall hereafter be owned in severalty or in separate tracts, the premises may nonetheless be developed and operated as one lease, and all royalties accruing hereunder shall be divided among and paid to such separate owners in the proportion that the acreage owned by each separate owner bears to the entire leased acreage. There shall be no obligation on the part of the Lessee to offset wells on separate tracts into which the land covered by this lease may now or hereafter be divided by sale, devise, descent or otherwise, or to furnish separate measuring or receiving tanks.

ADDENDUM TO OIL AND GAS LEASE

This Addendum to Oil and Gas Lease ("Addendum") is attached to and made a part of that Oil and Gas Lease (the "Lease") of even date herewith, by and between Alice Louise Hund Revocable Trust dated May 15, 1989 ("Lessor") and Robinette Oil Company, LLC, a Kansas limited liability company ("Lessee"), covering and including the North Half of the Southeast Quarter (N/2 SE/4) less tract taken for road, and the West Half of the Southwest Quarter (W/2 SW/4), all in Section 18, Township 8 South, Range 22 East (the "Leased Premises"). The parties agree as follows.

1. **Effect of Addendum.** The terms of this Addendum are part of the Lease. If any conflict exists between any terms of this Addendum and the Lease, the terms of this Addendum shall supersede and govern.

2. **Well Plugging.** Lessee, its successors and assigns, shall be solely responsible as between Lessor and Lessee for the plugging and abandonment of all oil, gas, or injection wells located on the Lease Premises as of the date of the Lease, and any such wells drilled during the term of the Lease, in accordance with and subject to applicable state, local, and federal law and regulations, including the regulations of the Kansas Corporation Commission, as the same may be amended, promulgated, or supplemented. This provision shall not be construed as an admission of liability by Lessee pertaining to any oil, gas, or injection wells except insofar as such liability relates to Lessor.

3. **Buried Lines.** Lessee shall bury any lead lines and electrical lines installed on the Leased Premises during the term of the Lease to a depth of at least three feet (3').

4. **Crop Damages.** Lessee shall pay Lessor compensation for damage caused to growing crops on the Leased Premises by Lessee's operations but only to the extent that such damage exceeds what is reasonably necessary for the prosecution of Lessee's operations. Any compensation for damage paid under the Lease shall be calculated based on then-prevailing prices for the relevant crop in the local market.

5. **Designated Roads.** Lessor shall, in writing, reasonably designate roads on the Leased Premises are adequate in quality to permit all of Lessee's ingress and egress to and from, and operations upon, the Leased Premises, and Lessee shall use only such designated roads during the term of the Lease; provided, however, that in the event of an emergency or the roads designated by Lessor are unpassable by Lessee's vehicles or equipment for any reason, Lessee may use any reasonable alternative route of ingress or egress to access the Leased Premises and conduct operations as necessary without Lessor's prior permission and without liability to Lessor.

[signatures on following page]

6) Lessee will have 180 days to clean up
+ Seal the wells to State Specifications.

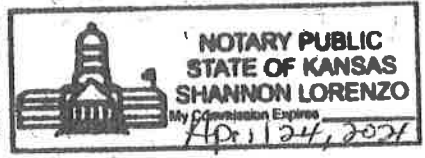

The parties execute this Addendum as of July 19, 2018.

10. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the Lessee, at its option, may pay and discharge in whole or in part any taxes, mortgages, or other liens existing, levied, or assessed on or against the above described lands and, in the event it exercises such options it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax or other lien, any royalty accruing hereunder.

11. If after the expiration of the primary term, production of oil or gas should cease from any cause, this lease shall not terminate if Lessee commences additional drilling or reworking operations within one hundred-twenty (120) days thereafter, or if at the expiration of the primary term, oil or gas is not being produced on said land, but Lessee is then engaged in drilling or reworking operations thereon, than in either event, this lease shall remain in force so long as operations are prosecuted either on the same well or any other well thereafter commenced, with no cessation of more than one hundred-twenty (120) consecutive days, and if they result in production of oil or gas, this lease shall remain in effect so long thereafter as there is production of oil or gas under any provision of this lease.

12. Lessee may at any time surrender or cancel this lease in whole or in part by delivering or mailing such release to the Lessor, or by placing same of record in the proper county. In case said lease is surrendered and canceled as to only a portion of the acreage covered thereby, then all payments and liabilities thereafter accruing under the terms of said lease as to the portion canceled shall cease and terminate, but as to the portion of the acreage not released the terms and provisions of this lease shall continue and remain in full force and effect for all purposes.

13. All provisions hereof, express or implied, shall be subject to all federal and state laws and the orders, rules, or regulations (and interpretations thereof) of all governmental agencies administering the same, and this lease shall not be in any way terminated wholly or partially nor shall the Lessee be liable in damages for failure to comply with any of the express or implied provisions hereof if such failure accords with any such laws, orders, rules or regulations (or interpretations thereof). If Lessee should be prevented during the last six months of the primary term hereof from drilling a well hereunder by the order of any constituted authority having jurisdiction thereover, the primary term of this lease shall continue until six months after said order is suspended.

14. If at the end of the primary term this lease is not otherwise continued in force under the provisions hereof, Lessor and Lessee hereby agree that Lessee shall have the option to extend the primary term of this lease on all or a portion of the Leased Premises for an additional three (3) years on or before the expiration of the primary term of this lease by tendering to Lessor a payment equal to the same per acre paid to Lessor under the original terms of this lease times the net acres actually owned by Lessor and Lessor's successors (if any) in and to the portion of the Leased Premises to be extended on the date the option is exercised. Payment shall be deemed made upon Lessee's tendering of such payment by certified mail to Lessor at Lessor's address shown on this lease on or before the expiration of the primary term hereof. Nothing contained herein nor any separate implied agreement between parties shall serve to bind Lessee to exercise this option and it shall be at Lessee's sole discretion to do so.

15. If, at any time within the primary term of this lease, as may be extended, and while this lease remains in force and effect, Lessor receives from a third party a bona fide offer acceptable to Lessor, to grant an additional lease covering all or part of the Leased Premises, Lessee shall have a continuing right of first refusal to acquire a new lease from Lessor on the same terms and conditions as proposed by the third party. If Lessor receives such an offer from a third party, Lessor shall promptly notify Lessee by certified mail of such offer. Lessee's notice shall contain all written communications that reflect the offer, along with the third party proposed lessee's name, the bonus consideration, term, and royalty consideration together with all other pertinent terms and conditions, along with a copy of the completed lease form proposed to be utilized by the third party, if available. Lessee shall have fifteen (15) days after receipt of Lessee's notice to advise Lessor in writing of Lessor election to enter into an additional oil and gas lease on the same terms and conditions as proposed by the third party. Lessor's failure to notify Lessee of such third party offer as provided for herein and/or the recording of the such additional lease to a third party shall not prejudice Lessors right of first refusal as provided for herein in any manner.

16. Lessee shall have the right, but not the obligation, to pool all or any part of the Leased Premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this Lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the Leased Premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well which is not a horizontal completion shall not exceed 160 acres plus a maximum acreage tolerance of 10%, and for a gas well or a horizontal completion shall not exceed 640 acres, plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms "oil well" and "gas well" shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, "oil well" means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and "gas well" means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term "horizontal completion" means a well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component in the reservoir. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the Leased Premises shall be treated as if it were production, drilling or reworking operations on the Leased Premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessee's pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority or as otherwise provided for in this lease and is deemed advisable by Lessee. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the Leased Premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

17. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors and assigns of Lessor and Lessee.

IN TESTIMONY WHEREOF, we sign the day and year first above written.

OIL AND GAS LEASE

(913)682-3729

AGREEMENT Made and entered into the 20 day of March 19 81 by and between HENRY M. HUND AND ALICE LOUISE HUND, HIS WIFE Rt. 4 Box 108 SS# 515-36-9786 of LEAVENWORTH, KANSAS 66048 Party of the first part, hereafter called lessor (whether one or more) and PIONEER PETROLEUM, INC. A Kansas Corporation. party of the second part, lessee.

WITNESSETH, That the said lessor, for and in consideration of SEVEN HUNDRED TWENTY AND NO/100-DOLLARS cash in hand paid, receipt of which is hereby acknowledged, and of the covenants and agreements hereinafter contained on the part of lessee to be paid, kept and performed, has granted, demised, leased and let and by these presents does grant, demise, lease and let unto the said lessee, for the sole and only purpose of mining and operating for oil and gas, and laying pipe lines, and building tanks, powers, stations and structures thereon to produce, save and take care of said product, all that certain tract of land situate in the County of

LEAVENWORTH State of Kansas described as follows, to-wit: N 1/2 SE 1/4, less tract taken for road, except rw of Cities Service Gas Co, and except rw of Telephone Co. (80A) & W 1/2 SW 1/4 (80A) & E 1/2 SW 1/4 (80A). All this containing 240Acres more or less.

of Section 18 Township 8 Range 22 and containing 240 acres, more or less.

It is agreed that this lease shall remain in force for a term of FIVE years from this date, and as long there- after as oil or gas, or either of them, is produced from said land by the lessee.

In consideration of the premises the said lessee covenants and agrees: 1st. To deliver to the credit of lessor, free of cost, in the pipe line to which lessee may connect his wells, or other conveyance, the equal one-eighth (1/8) part of all oil produced and saved from the leased premises.

2nd. To pay lessor as royalty one-eighth of the proceeds from the sale of gas from each well where gas only is found, for all gas used off the premises, and lessor to have gas free of cost from any such well for all stoves and all inside lights in the principal dwelling house on said land during the same time by lessor making own connections with the well at lessor's own risk and expense.

3rd. To pay lessor for gas produced from any oil well and used off the premises, or for the manufacture of casing-head gas, one-eighth (1/8) of the proceeds at the prevailing market rate for the gas used, for the time during which such gas shall be used, said payments to be made annually at the end of each yearly period.

If no well be commenced on said land on or before the 20 day of March 19 82 this lease shall terminate as to both parties, unless the lessee on or before that date shall pay or tender to the lessor, or to the lessor's

credit in the LEAVENWORTH NATIONAL Bank at LEAVENWORTH, KANSAS 66048 or its successors, which shall continue as the depository regardless of changes in the ownership of said land, the sum of SEVEN HUNDRED TWENTY AND NO/100-DOLLARS, which shall operate as a rental and cover the privi-

lege of deferring the commencement of a well for 12 months from said date. In like manner and upon like payments or tenders the commencement of a well may be further deferred for a like period of the same number of months successively. And it is understood and agreed that the consideration first recited herein, the down payment, covers not only the privileges granted to the date when said first rental is payable, as aforesaid, but also the lessee's option of extending that period as aforesaid, and any and all other rights conferred.

Should the first well drilled on the above described land be a dry hole, then, and in that event, if the second well is not commenced on said land within 12 months from the expiration of the last rental period which rental has been paid, this lease shall ter-

minate as to both parties, unless the lessee on or before the expiration of said 12 months shall resume the payment of rentals in the same amount and in the same manner or hereinbefore provided. And it is agreed that upon the resumption of payment of rentals, as above provided, that the last preceding paragraph hereof, governing the payment of rentals and the effect thereof, shall continue in force just as though there has been no interruption in the rental payments.

If said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties and rentals herein provided shall be paid the lessor only in the proportion which his interest bears to the whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for its operations thereon, except water from wells of lessor.

When requested by lessor, lessee shall bury lessee's pipe lines below plow depth. No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of the lessor.

Lessee shall pay for damages caused by lessee's operations to growing crops on said land. Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right to draw and remove casing.

If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall extend to their heirs, executors, administrators, successors or assigns, but no change in the ownership of the land or assignment of rentals or royalties shall be binding on the lessee until after the lessee has been furnished with a written transfer or assignment or a true copy thereof; and it is hereby agreed in the event this lease shall be assigned as to a part or as to parts of the above described lands and the assignee or assignees of such part or parts shall fall or make default in the payment of the proportionate part of the rents due from him or them, such default shall not operate to defeat or affect this lease in so far as it covers a part or parts of said lands upon which the said lessee or any assignee thereof shall make due payment of said rental.

Lessor hereby warrants and agrees to defend the title to the lands herein described, and agrees that the lessee shall have the right at any time to redeem for lessor, by payment, any mortgages, taxes or other liens on the above described lands, in the event of default of payment by lessor, and be subrogated to the rights of the holder thereof.
