In the event of an express conflict between the provisions of this Assignment and the Agreement, this Assignment shall control and govern on the point in conflict. An "express conflict" shall be deemed to be a conflict in which the meaning of one or more provisions of this Assignment and the Agreement are expressly contradictory to one another on their face; and it shall not be an express conflict if this Assignment or the Agreement, as the case may be, is silent as to, or not dispositive of, a particular issue while the other addresses such issue.

Without limiting Assignor's special warranty of title set forth above, Assignor and Assignee acknowledge and agree that this Assignment is further subject to (a) the terms of the Leases (the rights and interests of Assignor in the Leases being hereby conveyed to Assignee); (b) any and all instruments or documents affecting the Assigned Property transferred hereby that are filed of record in the appropriate federal, state, or county jurisdiction where the records of the Assigned Property are filed, or referred to therein or incorporated therein by reference; and (c) subject to the terms of the Agreement, any taxes assessed against the Assigned Property herein conveyed or the production therefrom for the calendar year in which this transfer becomes effective.

This Assignment along with the Agreement constitute the entire understanding between Assignor and Assignee with regard to the subject matter hereof, superseding all prior statements, representations, discussions, agreements and understandings. This Assignment will be binding on and inure for the benefit of the rightful successors and permitted assigns of the Assignor and Assignee.
