WITNESSETH, That the said lessor, for and in consideration of \$1100 and other value consideration DOLLARS,
cash in hand paid, receipt of which is hereby acknowledged, and of the covenants and agreements hereinafter contained on the
part of lessee to be paid, kept and performed, has granted, demised, leased and let and by these presents does grant, demise,

land situated in the County of Lincoln State of Kansas, described as follows, to wit:
see attached

It is agreed that this lease shall remain in full force for a term of one years from this date, and as long
thereafter as oil or gas, or either of them, is produced from said land by the lessee.

In consideration of the premises the said lessee covenants and agrees:

1st. To deliver to the credit of lessor, free of cost, in the pipe line to which lessee may connect his wells, the equal one-
eighth (1/8) part of all oil produced and saved from the leased premises.

2nd. To pay lessor for gas from each well where gas only is found the equal one-eighth (1/8) of the gross proceeds at the
prevailing market rate, (but, as to gas sold by lessee, in no event more than one-eighth (1/8) of the proceeds received by lessee

from such sales), for all gas used off the premises, said payments to be made
and lessor to have gas free of cost from any such well for all stoves and all inside lights in the principal dwelling house on said
land during the same time by making his own connections with the well at his own risk and expense.

payments or tenders of rentals may be made by check or draft of lessee or any assignee thereof, mailed or delivered on or be-
fore the rental paying date, either direct to lessor or assigns or to said depository bank. And it is understood and agreed that
the consideration first recited herein, the down payment, covers not only the privileges granted to the date when said first rental
is payable as aforesaid, but also the lessee's option of extending that period as aforesaid, and any and all other rights confer-
red.

Should the first well drilled on the above described land be a dry hole, then, and in that event, if a second well is not com-
menced on said land within twelve months from the expiration of the last rental period for which rental has been paid, this
lease shall terminate as to both parties, unless the lessee on or before the expiration of said twelve months shall resume the
payment of rentals in the same amount and in the same manner as hereinbefore provided. And it is agreed that upon the re-
sumption of the payment of rentals, as above provided, that the last preceding paragraph hereof, governing the payment of
rentals and the effect thereof, shall continue in force just as though there had been no interruption in the rental payments.

then the royalties and rentals herein provided shall be paid the lessor only in the proportion which his interest bears to the
whole and undivided fee.

Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for its operation thereon, except
water from wells of lessor.

When requested by lessor, lessee shall bury his pipe lines below plow depth.

No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of
the lessor.

Lessee shall pay for damages caused by its operations to growing crops on said land.

Lessee shall have the right at any time to remove all machinery and fixtures placed on said premises, including the right
