PAID UP OIL AND GAS LEASE

PROD 88 (REV 10/92)

THIS LEASE AGREEMENT is made as of the 12th day of April, 2011, between David P. Schmidt, a single person, 979 E 40th Ave N., Belle Plaine, KS 67013 as Lessor (whether one or more) and Paramount Land, Inc., P.O. Box 1278, Cimarron, KS 67835, as Lessee.

1. **Description.** Lessor in consideration of Ten (\$10.00) and more dollars and other good and valuable consideration, in hand paid and the covenants herein contained, hereby grants, leases and lets exclusively to Lessee the following described land, hereinafter called leased premises:

**Township 31 South, Range 1 East
Section 33: The Northeast Quarter (NE/4)**

in the county of SUMNER, State of KANSAS, containing 160.00 gross acres, more or less (including any interests therein which Lessor may hereafter acquire by reversion, prescription or otherwise), for the purpose of exploring for, developing, producing and marketing oil and gas, along with all hydrocarbon and nonhydrocarbon substances produced in association therewith. The term "gas" as used herein includes helium, carbon dioxide and other commercial gases, as well as hydrocarbon gases. In addition to the above-described land, this lease and the term "leased premises" also covers accretions and any small strips or parcels of land now or hereafter owned by Lessor which are contiguous or adjacent to the above-described land, and, in consideration of the aforementioned cash bonus, Lessor agrees to execute at Lessee's request any additional or supplemental instruments for a more complete or accurate description of the land so covered. For the purpose of determining the amount of any shut-in royalties hereunder, the number of gross acres above specified shall be deemed correct, whether actually more or less.

2. **Term of Lease.** This lease, which is a "paid-up" lease requiring no rentals, shall be in force for a primary term of **Three (3) years** from the date hereof and for as long thereafter as oil or gas or other substances covered hereby are produced in paying quantities from the leased premises or from lands pooled therewith or this lease is otherwise maintained in effect pursuant to the provisions hereof.

3. **Royalty Payment.** Royalties on oil, gas and other substances produced and saved hereunder shall be paid by Lessee to Lessor as follows: (a) For oil and other liquid hydrocarbons separated at Lessee's separator facilities, the royalty shall be **one-eighth (1/8th)** of such production, to be delivered at Lessee's option to Lessor at the wellhead or to Lessor's credit at the oil purchaser's transportation facilities, less a proportionate part of ad valorem taxes and production, severance or other excise taxes and the costs incurred by Lessee in delivering, treating or otherwise marketing such oil or other liquid hydrocarbons, provided that Lessee shall have the continuing right to sell such production to itself or an affiliate at the wellhead market price then prevailing in the same field (or if there is no such price then prevailing in the same field, then in the nearest field in which there is such a prevailing price) for production of similar grade and gravity; (b) for gas (including casinghead gas) and all other substances covered hereby, the royalty shall be **one-eighth (1/8th)** of the proceeds realized by Lessee from the sale thereof, less a proportionate part of ad valorem taxes and production, severance, or other excise taxes and the costs incurred by Lessee in delivering, processing or otherwise marketing such gas or other substances, provided that Lessee shall have the continuing right to sell such production to itself or an affiliate at the prevailing wellhead market price paid for production of similar quality in the same field (or if there is no such price then prevailing in the same field, then in the nearest field in which there is such a prevailing price) pursuant to comparable purchase contracts entered into on the same or nearest preceding date as the date on which Lessee commences its purchases hereunder; and (c) if at the end of the primary term or any time thereafter one or more wells on the leased premises or lands pooled therewith are capable of producing oil or gas or other substances covered hereby in paying quantities, but such well or wells are either shut in or production therefrom is not being sold by Lessee, such well or wells shall nevertheless be deemed to be producing in paying quantities for the purpose of maintaining this lease. If for a period of 90 consecutive days such well or wells are shut in or production therefrom is not being sold by Lessee, then Lessee shall pay an aggregate shut-in royalty of one dollar per acre then covered by this lease, such payment to be made to Lessor or to Lessor's credit in the depository designated below, on or before the end of said 90-day period and thereafter on or before each anniversary of the end of said 90-day period while the well or wells are shut in or production therefrom is not being sold by Lessee; provided that if this lease is otherwise being maintained by operations, or if production is being sold by Lessee from another well or wells on the leased premises or lands pooled therewith, no shut-in royalty shall be due until the end of the 90-day period next following cessation of such operations or production. Lessee's failure to properly pay shut-in royalty shall render Lessee liable for the amount due, but shall not operate to terminate this lease.

4. **Depository Agent.** All shut-in royalty payments under this lease shall be paid or tendered directly to Lessor or to Lessor's credit at Lessor's address above or its successors, which shall be Lessor's depository agent for receiving payments regardless of changes in the ownership of said land. All payments or tenders may be made in currency, or by check or by draft and such payments or tenders to Lessor or to the depository by deposit in the U.S. Mails in a stamped envelope addressed to the depository or to the Lessor at the last address known to Lessee shall constitute proper payment. If the depository should liquidate or be succeeded by another institution, or for any reason fail or refuse to accept payment hereunder, Lessor shall, as Lessee's request, deliver to Lessee a proper recordable instrument naming another institution as depository agent to receive payments.

5. **Operations.** If Lessee drills a well which is incapable of producing in paying quantities (hereinafter called "dry hole") on the leased premises or lands pooled therewith, or if all production (whether or not in paying quantities) permanently ceases from any cause, including a revision of unit boundaries pursuant to the provisions of Paragraph 6 or the action of any governmental authority, then in the event this lease is not otherwise being maintained in force it shall nevertheless remain in force if Lessee commences operations for reworking an existing well or for drilling an additional well or for otherwise obtaining or restoring production on the leased premises or lands pooled therewith within 90 days after completion of operations on such dry hole or within 90 days after such cessation of all production. If at the end of the primary term, or at any time thereafter, this lease is not otherwise being maintained in force but Lessee is then engaged in drilling, reworking or any other operations reasonably calculated to obtain or restore production therefrom, this lease shall remain in force so long as any one or more of such operations are prosecuted with no cessation of more than 90 consecutive days, and if any such operations result in the production of oil or gas or other substances covered hereby, as long thereafter as there is production in paying quantities from the leased premises or lands pooled therewith. After completion of a well capable of producing in paying quantities hereunder, Lessee shall drill such additional wells on the leased premises or lands pooled therewith as a reasonably prudent operator would drill under the same or similar circumstances to (a) develop the leased premises as to formations then capable of producing in paying quantities on the leased premises or lands pooled therewith, or (b) protect the leased premises from uncompensated drainage by any well or wells located on other lands not pooled therewith. There shall be no covenant to drill exploratory wells or any additional wells except as expressly provided herein.

6. **Pooling.** Lessee shall have the right but not the obligation to pool all or any part of the leased premises or interest therein with any other lands or interests, as to any or all depths or zones, and as to any or all substances covered by this lease, either before or after the commencement of production, whenever Lessee deems it necessary or proper to do so in order to prudently develop or operate the leased premises, whether or not similar pooling authority exists with respect to such other lands or interests. The unit formed by such pooling for an oil well (other than a horizontal completion) shall not exceed 80 acres plus a maximum acreage tolerance of 10% and for a gas well or a horizontal completion shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. For the purpose of the foregoing, the terms "oil well" and "gas well" shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, "oil well" means a well with an initial gas-oil ratio of less than 15,000 cubic feet per barrel and "gas well" means a well with an initial gas-oil ratio of 15,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term "horizontal completion" means an oil well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component thereof. In exercising its pooling rights hereunder, Lessee shall file of record a written declaration describing the unit and stating the effective date of pooling. Production, drilling or reworking operations anywhere on a unit which includes all or any part of the leased premises shall be treated as if it were production, drilling or reworking operations on the leased premises, except that the production on which Lessor's royalty is calculated shall be that proportion of the total unit production which the net acreage covered by this lease and included in the unit bears to the total gross acreage in the unit, but only to the extent such proportion of unit production is sold by Lessee. Pooling in one or more instances shall not exhaust Lessee's pooling rights hereunder, and Lessee shall have the recurring right but not the obligation to revise any unit formed hereunder by expansion or contraction or both, either before or after commencement of production, in order to conform to the well spacing or density pattern prescribed or permitted by the governmental authority having jurisdiction, or to conform to any productive acreage determination made by such governmental authority. In making such a revision, Lessee shall file of record a written declaration describing the revised unit and stating the effective date of revision. To the extent any portion of the leased premises is included in or excluded from the unit by virtue of such revision, the proportion of unit production on which royalties are payable hereunder shall thereafter be adjusted accordingly. In the absence of production in paying quantities from a unit, or upon permanent cessation thereof, Lessee may terminate the unit by filing of record a written declaration describing the unit and stating the date of termination. Pooling hereunder shall not constitute a cross-conveyance of interests.

7. **Proportionate Reductions.** If Lessor owns less than the full mineral estate in all or any part of the leased premises, the royalties and shut-in royalties payable hereunder for any well on any part of the leased premises or lands pooled therewith shall be reduced to the proportion that Lessor's interest in such part of the leased premises bears to the full mineral estate in such part of the leased premises.

8. **Ownership Changes.** The interest of either Lessor or Lessee hereunder may be assigned, devised or otherwise transferred in whole or in part, by area and/or by depth or zone, and the rights and obligations of the parties hereunder shall extend to their respective heirs, devisees, executors, administrators, successors and assigns. No change in Lessor's ownership shall have the effect of reducing the rights or enlarging the obligations of Lessee hereunder, and no change in ownership shall be binding on Lessee until 60 days after Lessee has been furnished the original or duly authenticated copies of the documents establishing such change of ownership to the satisfaction of Lessee or until Lessor has satisfied the notification requirements contained in Lessee's usual form of division order. In the event of the death of any

KS0020526-000

person entitled to shut-in royalties hereunder, Lessee may pay or tender such shut-in royalties to the credit of decedent or decedent's estate in the depository designated above. If at any time two or more persons are entitled to shut-in royalties hereunder, Lessee may pay or tender such shut-in royalties to such persons or to their credit in the depository, either jointly or separately in proportion to the interest which each owns. If Lessee transfers its interest hereunder in whole or in part Lessee shall be relieved of all obligations thereafter arising with respect to the transferred interest, and failure of the transferee to satisfy such obligations with respect to the transferred interest shall not affect the rights of Lessee with respect to any interest not so transferred. If Lessee transfers a full or undivided interest in all or any portion of the area covered by this lease, the obligation to pay or tender shut-in royalties hereunder shall be divided between Lessee and the transferee in proportion to the net acreage interest in this lease then held by each.

9. **Release of Lease.** Lessee may, at any time and from time to time, deliver to Lessor or file of record a written release of this lease as to a full or undivided interest in all or any portion of the area covered by this lease or any depths or zones thereunder, and shall thereupon be relieved of all obligations thereafter arising with respect to the interest so released. If Lessee releases less than all of the interest or area covered hereby, Lessee's obligation to pay or tender shut-in royalties shall be proportionately reduced in accordance with the net acreage interest retained hereunder.

10. **Ancillary Rights.** In exploring for, developing, producing and marketing oil, gas and other substances covered hereby on the leased premises or lands pooled or unitized therewith, in primary and/or enhanced recovery, Lessee shall have the right of ingress and egress along with the right to conduct such operations on the leased premises as may be reasonably necessary for such purposes, including but not limited to geophysical operations, the drilling of wells, and the construction and use of roads, canals, pipelines, tanks, water wells, disposal wells, injection wells, pits, electric and telephone lines, power stations, and other facilities deemed necessary by Lessee to discover, produce, store, treat and/or transport production. Lessee may use in such operations, free of cost, any oil, gas, water and/or other substances produced on the leased premises, except water from Lessor's wells or ponds. In exploring, developing, producing or marketing from the leased premises or lands pooled or unitized therewith, the ancillary rights granted herein shall apply (a) to the entire leased premises described in Paragraph 1 above, notwithstanding any partial release or other partial termination of this lease; and (b) to any other lands in which Lessor now or hereafter has authority to grant such rights in the vicinity of the leased premises or lands pooled therewith. When requested by Lessor in writing, Lessee shall bury its pipelines below ordinary plow depth on cultivated lands. No well shall be located less than 200 feet from any house or barn now on the leased premises or other lands of Lessor used by Lessee hereunder, without Lessor's consent, and Lessee shall pay for damage caused by its operations to buildings and other improvements now on the leased premises or such other lands, and to commercial timber and growing crops thereon. Lessee shall have the right at any time to remove its fixtures, equipment and materials, including well casing, from the leased premises or such other lands during the term of this lease or within a reasonable time thereafter.

11. **Regulation and Delay.** Lessee's obligations under this lease, whether express or implied, shall be subject to all applicable laws, rules, regulations and orders of any governmental authority having jurisdiction, including restrictions on the drilling and production of wells, and regulation of the price or transportation of oil, gas and other substances covered hereby. When drilling, reworking, production or other operations are prevented or delayed by such laws, rules, regulations or orders, or by inability to obtain necessary permits, equipment, services, material, water, electricity, fuel, access or easements, or by fire, flood, adverse weather conditions, war, sabotage, rebellion, insurrection, riot, strike or labor disputes, or by inability to obtain a satisfactory market for production or failure of purchasers or carriers to take or transport such production, or by any other cause not reasonably within Lessee's control, this lease shall not terminate because of such prevention or delay, and at Lessee's option, the period of such prevention or delay shall be added to the term hereof. Lessee shall not be liable for breach of any express or implied covenants of this lease when drilling, production or other operations are so prevented, delayed or interrupted.

12. **Breach or Default.** No litigation shall be initiated by Lessor with respect to any breach or default by Lessee hereunder, for a period of at least 90 days after Lessor has given Lessee written notice fully describing the breach or default, and then only if Lessee fails to remedy the breach or default within such period. In the event the matter is litigated and there is a final judicial determination that a breach or default has occurred, this lease shall not be forfeited or cancelled in whole or in part unless Lessee is given a reasonable time after said judicial determination to remedy the breach or default and Lessee fails to do so. If this lease is cancelled for any cause, it shall nevertheless remain in force and effect as to (1) sufficient acreage around each well as to which there are operations to constitute a drilling or maximum allowable unit under applicable governmental regulations, (but in no event less than forty acres), such acreage to be designated by Lessee as nearly as practicable in the form of a square centered at the well, or in such shape as then existing spacing rules require; and (2) any part of said land included in a pooled unit on which there are operations. Lessee shall also have such easements on said land as are necessary to operations on the acreage so retained.

13. **Warranty of Title.** Lessor hereby warrants and agrees to defend title conveyed to Lessee hereunder, and agrees that Lessee at Lessee's option may pay and discharge any taxes, mortgages or liens existing, levied or assessed on or against the leased premises. If Lessee exercises such option, Lessee shall be subrogated to the rights of the party to whom payment is made, and, in addition to its other rights, may reimburse itself out of any royalties or shut-in royalties otherwise payable to Lessor hereunder. In the event Lessee is made aware of any claim inconsistent with Lessor's title, Lessee may suspend the payment of royalties and shut-in royalties hereunder, without interest, until Lessee has been furnished satisfactory evidence that such claim has been resolved.

14. **Additional Term of Lease.** Lessee shall have the right, but not the obligation, to extend the primary term (as set out in Paragraph 2) for an additional period of three (3) years, by paying to Lessor or to Lessor's credit prior to the expiration of the primary term, a bonus consideration equal to \$125.00 per net mineral acre covered by this lease.

15. Notwithstanding anything to the contrary, it is agreed that should Lessee exercise his option to pool or combine any portion of the land covered hereby with other lands, lease or leases as hereinbefore provided, then such operations and production on and in any such pooled unit as herein provided, shall continue this lease in force and effect during or after the primary term as to that portion of the lands covered by this lease.

16. If during the primary term of this Lease, or any extension thereof, Lessor receives a bona fide written offer to enter into a new Oil and Gas Lease from any third party and such offer is acceptable to Lessor, Lessee shall have the right to have the new lease executed in its favor, upon the same terms and conditions. Said right shall be exercised by Lessee within thirty (30) days from the date Lessee receives written notice from Lessor or said right shall terminate.

17. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute one and the same instrument.

IN WITNESS WHEREOF, this lease is executed to be effective as of the date first written above, but upon execution shall be binding on the signatory and the signatory's heirs, devisees, executors, administrators, successors and assigns, whether or not this lease has been executed by all parties hereinabove named as Lessor.

Exhibit "A"

This Exhibit "A" is attached to and made a part of that certain oil and gas lease dated 12th day of April, 2011, by and between David P. Schmidt, a single person, 979 E 40th Ave N., Belle Plaine, KS 67013, Party of the first part, hereinafter called Lessor, and Paramount Land, Inc., P.O. Box 1278, Cimarron, KS 67835, party of the second part, hereinafter called lessee,

1. Lessee agrees to pay to the Lessor minimum location damages of \$2,500.00, per well site location, which shall be paid in advance of any work on the location and an additional payment at the rate of \$1,000.00 per acre if more than three (3) acres is used or damaged in such operations.
2. Lessee shall be required to keep the top-soil separate from the sub-soil and return the same as top-soil when the pits are leveled. Lessee further agrees that after drilling operations have been completed, lessee will fill and level the pits within a reasonable time after such pits have dried and cured. Prior to filling any pits containing a plastic liner, the liner will be removed or destroyed to such an extent that it will not interfere with the cultivation or the free penetration of water.
3. Before commencing drilling operations, Lessee will consult with Lessor as to the placement Roads, Right of ways and construction sites, placement of tank batteries and other production equipment, and bury pipelines, lateral and electrical lines below 3 feet in depth in a matter to offer the least amount of interference to farming operations, unless by consultation with the Lessor to the contrary, which shall be placed in writing to be valid. It is agreed that Lessor has final say, however agrees to be reasonable in his requests as to allow operations on a geologically prudent location.
4. If Lessee crosses any terrace or fence, Lessee shall restore such terrace or fence to its original condition and during the continuation of the lease will repair any break in the terrace where it was crossed. Lessee shall not lay a line or maintain a drive through a waterway or terrace without written consent of the Lessor. Lessee will take no action nor permit any action which will permanently alter natural water drainage.
5. In the event a well is drilled on said premises and abandoned, Lessee, or its assigns shall restore the premises back as close as possible to its original state before drilling operations or may pay the Lessor a sum to be mutually agreed upon and the Lessor shall thereupon perform the work himself.
6. Lessee agrees that in the exploration operation they shall take into consideration any water wells now on the property and agrees to protect the purity of the water. Lessee shall leave casing in any well drilled from the ground level to a minimum depth of 200 feet.
7. Lessee will not use surface water from the premises or water from wells drilled on the premises without the written consent of Lessor. Lessee agrees to purchase drilling and "frac" water from Lessor at the rate prevailing in the area of this lease, if Lessor has water available.
8. No well shall be used as a salt water disposal well without Lessor's prior written consent.
9. It is agreed between the Lessor and Lessee that, notwithstanding any language herein to the contrary, all oil, gas or other proceeds accruing to the Lessor under this lease or by state law shall be without deduction for the cost of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting, and marketing the oil, gas and other products produced hereunder to transform the product into marketable form; however, any such costs which result in enhancing the value of the marketable oil, gas or other products to receive a better price may be deducted from Lessor's share of production so long as they are based on Lessee's actual cost of such enhancements.
10. It is understood and agreed that if this oil and gas lease is being maintained in force at the expiration of the primary term hereof, than drilling operations or productions from drilling and spacing unit embracing only a portion of the leased premises shall maintain this lease in force only as to those portions of the leased premises included in said drilling and spacing unit shall be released by Lessee at that time. For purposes of this oil and gas lease, a drilling and spacing unit shall be defined as a drilling and spacing unit created by Order of the Kansas Corporation Commission.
11. By filing of the oil and gas lease and this Exhibit "A" attached the Lessee accepts the terms as written.

2.2 **Operator Services.**

(a) Subject to the terms of this Agreement, Company hereby engages and appoints Service Provider as an independent contractor, and Service Provider hereby accepts such engagement and appointment, to provide or cause to be provided, in accordance with this Agreement and subject to the limitations set forth herein, both (i) with respect to Company’s properties not subject to a Joint Operating Agreement, all procurement, operating, drilling, completion, well intervention, geoscience, engineering, construction, technical, land, marketing, midstream, accounting, tax, and information technology services with respect to such properties at any time during the term of this Agreement, including those services described on Schedule 2.2, and (ii) with respect to Company’s properties subject to a Joint Operating Agreement in which Company is the named operator thereunder or otherwise has the authority to elect or appoint the operator thereunder, serving as Company’s contract operator under any such Joint Operating Agreements, including all services required from the “operator” under the terms thereof (collectively, the “Operator Services”).

3.1 Provision of Services.

There shall not be deemed or construed to be an express or implied contract of employment between Company and any such Persons.

(b) With respect to Service Provider's activities under this Agreement, including such activities undertaken by Service Provider in its capacity as Company's contract operator under any applicable Joint Operating Agreement, Service Provider agrees to provide the Services in a manner that is in accordance with (i) the directions of Company, including its policies and procedures in effect from time to time, and (ii) any Budget then in effect. Service Provider shall notify Company promptly if at any time the actual performance of the Business is anticipated to deviate in any material respect from any Budget (including any deviation of more than 5% in any operating or capital expenses or other material projected budget line items from the corresponding budgeted or projected amounts set forth in any Budget).

3.2 **Independent Contractor Relationship.** The Parties acknowledge and agree that Service Provider shall provide the applicable services as an independent contractor. Service Provider shall have the sole discretion and responsibility to determine the specific manner and means by which the applicable services are to be performed and the authority to control, oversee, and direct the performance of the details of such services.

3.3 **Title to Assets.** Notwithstanding anything else to the contrary herein, all real and personal property relating to the assets of Company shall be owned by and acquired in the name of Company.

3.4 **Service Support.** Company shall provide such information, and shall use commercially reasonable efforts to provide such other support as may be necessary for Service Provider to perform, or cause to be performed its applicable services from time to time.

3.5 Standard of Performance.

(a) Service Provider shall (i) use its reasonable best efforts to provide, or cause to be provided, its respective Services in compliance in all material respects with applicable Law, and (ii) provide, or cause to be provided, its respective Services in a good and workmanlike manner and with that degree of care, diligence and skill that a reasonably prudent manager of oil and gas

interests and investments similar to those of Company would exercise in comparable circumstances and that is consistent with standard practices for investments in the oil and gas industry.

(b) Service Provider shall not undertake any activity which (i) constitutes Malfeasance or (ii) in the good faith judgment of Service Provider would (A) conflict with, or adversely affect the performance of, its obligations under this Agreement, any of its Affiliate's obligations under the Company Agreement or, as applicable, Company's or Service Provider's obligations under any Joint Operating Agreement or (B) violate, in any material respect, any contracts, leases, orders, security instruments and other agreements to which, to Service Provider's knowledge, Company is a party or by which Company or any of its assets or properties is bound.

(c) To the extent Service Provider shall have charge or possession of any of Company's assets in connection with the provision of the Services, Service Provider shall (i) hold such assets in the name and for the benefit of Company and (ii) separately maintain, and not commingle, such assets with any assets of Service Provider or any other Person.

(d) Service Provider may, from time to time, hold for the account of Company funds of such Parties relating to the provision of the services described in Sections 2.1 and 2.2, and such funds shall remain the funds of Company, as applicable until used for their intended purposes or delivered to the Party entitled to them. Nothing in this Agreement shall be construed to establish a fiduciary relationship between any Party for any purpose other than to account to Company, as applicable, for funds as specifically provided in this sentence.

3.6 **Employees of the Management Group.**

(a) A list of the initial employees of Service Provider who will perform the Services is attached as Schedule 3.6. Service Provider shall select, employ, pay compensation, supervise and direct all personnel and employees necessary for the performance of the Services. Notwithstanding the foregoing, (i) Company shall have the right to approve the identification or addition of any key employee or personnel of Service Provider providing the Services and (ii) after prior consultation with Service Provider, Company may at any time, in its sole discretion with or without cause, direct that Service Provider remove any particular employee or personnel of Service Provider from provision of the Services.

(b) Employees of Service Provider who are engaged in performing any Services shall, as appropriate, (i) be actively involved in providing the Services and (ii) devote that portion of their business time and attention to providing the Services as set forth on Schedule 3.6.

(c) In the event that any employee of Service Provider engages in Malfeasance or violates any non-compete, non-solicitation, confidentiality or business opportunity obligation set forth in this Agreement, the Company Agreement or any other agreement between Company and such Person, Service Provider shall, promptly upon becoming aware of such Malfeasance or violation, (i) notify Company, and (ii) take appropriate action to discipline such employee and, if requested by Company and permissible in accordance with applicable Law, prohibit such employee from performing any further Services and restrict such employee from access to any Confidential Information.

3.7 **Limitation on Authority.** In addition to those other activities prohibited or restricted by this Article 3 and notwithstanding anything herein to the contrary, the authority of Service Provider to act on behalf of Company shall be limited to, and subject to the restrictions set forth in, (a) the terms of the Company Agreement, specifically the requirement for approval of the Board of Managers of certain actions, and (b) the specific limitation of authority guidelines delivered in writing by Company to Service Provider from time to time, as such guidelines may be amended, supplemented, modified or revoked from time to time by Company in its sole discretion in a written notice delivered to Service Provider (the “Limitation of Authority”). Delivery of any subsequent Limitation of Authority shall revoke in its entirety any previously delivered Limitation of Authority, unless otherwise specified therein; *provided, however*, that any action taken by Service Provider which was not prohibited under the then-effective Limitation of Authority shall remain effective notwithstanding the delivery of a subsequent Limitation of Authority. Subject to the terms of any third party agreements entered into prior to any change in any Limitation of Authority, Service Provider agrees to comply at all times with the then-effective Limitation of Authority. The terms of the Company Agreement will govern in the event of a conflict in the provisions of the Company Agreement and the then effective Limitation of Authority.

ARTICLE 4 COMPENSATION

4.1 **Service Provider Compensation for Management Services.** Company shall pay to Service Provider a monthly fee of Nine Thousand Dollars (\$9,000) in connection with Service Provider performing its duties, obligations and services under Article 2 of this Agreement (the “Management Fee”), which shall be adjusted as agreed upon by the Company and Service Provider.

4.2 **Payment.** Within twenty (20) days after the end of each calendar month, Service Provider will submit one invoice to Company for the Management Fee. Subject to good faith disputes, Company shall pay, or cause to be paid, all amounts due under this Agreement within thirty (30) days after the proper delivery of each such invoice.

4.3 **Fees in Lieu of Reimbursement.** The Management Fee shall be in lieu of all fees, reimbursement, out-of-pocket costs, or other compensation, other than amounts due in respect of indemnification obligations of Company under Article 6, and Service Provider shall not charge, nor shall Company be required to pay, any such amounts.

ARTICLE 5 TERM; TERMINATION

5.1 **Term of Agreement.**

(a) This Agreement shall be effective as of the date hereof and shall continue until terminated at any time as follows:

(i) Other than in the event of a default by Service Provider as further provided herein, after Company provides at least 30 days’ prior written notice of the intent to terminate the Agreement;

(ii) Other than in the event of a default by Company as further provided herein, after Service Provider provides at least 90 days' prior written notice of the intent to terminate the Agreement;

(iii) Upon the mutual written agreement of the Parties to terminate this Agreement;

(iv) After the sale of Company, whether structured as a sale of all or substantially all of the assets of Company (followed by or in connection with the dissolution and liquidation of Company), a sale of all of the equity interests in Company, a merger, or other similar transaction, after any Party provides at least 30 days' prior written notice of the intent to terminate the Agreement;

(v) After the occurrence of a Bankruptcy Event with respect to Service Provider, after Company provides at least 30 days' prior written notice of the intent to terminate the Agreement;

(vi) If Service Provider has defaulted in a material respect in the performance or observation of any agreement, covenant, term, condition or obligation hereunder or under any Joint Operating Agreement which default, if such default is curable, has not been cured within 30 days after receipt by the defaulting party of written notice from Company of such default, after Company provides prior written notice of the intent to terminate the Agreement; and

(vii) If Company has defaulted in a material respect in the performance or observation of any agreement, covenant, term, condition or obligation hereunder which default, if such default is curable, has not been cured within 30 days after receipt by Company of written notice from Service Provider of such default, after Service Provider provides at least 30 days' prior written notice of the intent to terminate the Agreement.

5.2 **Effect of Termination.**

(a) Upon termination pursuant to Section 5.1, this Agreement shall become void and be of no further force and effect, except the provisions of Sections 3.2, 3.3, 3.4, 3.5 (to the extent necessary pursuant to Sections 3.4 and 5.3), 3.6 and 7.1, and Articles 1, 4 (to the extent described in Section 5.2(b)), 5, 6, 8 and 9, all of which shall continue in full force and effect.

(b) Service Provider shall remain entitled to the compensation set forth in Sections 4.1 with respect to the month in which termination occurs.

5.3 **Transition Obligations.** Upon the termination of this Agreement pursuant to Section 5.1, if requested by Company in writing within 30 days after such termination, Service Provider shall, for a period of six (6) months following the such termination (or, if shorter, such period as Company may identify in writing delivered to Service Provider), (A) provide Company reasonable assistance to transition Service Provider's duties under this Agreement to one or more successor manager(s) designated by Company and (B) continue to provide such Services as Company may reasonably request in order to operate and maintain Company's assets and properties until the transition of each such Service to the successor manager(s) has been completed; *provided, however*, that Service Provider shall not be responsible for any payments required to

transfer any contracts entered into by Service Provider in connection with the performance of their respective obligations hereunder. In providing transition services hereunder, Service Provider shall use the same degree of care used in performing the Services in accordance with this Agreement. Company's obligation to pay Management Fees and Service Provider's right to receive compensation under any applicable Joint Operating Agreement shall continue to apply with respect to the provision of such transition services. In the event that, upon the termination of this Agreement for any reason pursuant to Section 5.1, Service Provider is acting as operator under any Joint Operating Agreement, Service Provider shall, as and when directed by Company, relinquish operatorship under the applicable Joint Operating Agreement in the manner set forth in Section 2.2(b) and use reasonable best efforts to enable a successor operator (including, if applicable, Company or any of its Affiliates) to be named as successor operator thereunder (to the extent that such naming of a successor operator is not prohibited in the relevant Joint Operating Agreement) for no additional consideration, and shall make (or, as directed, assist Company or the successor operator with making) such filings, as may be required to effectuate the foregoing.

Service Provider shall periodically reimburse any Person entitled to indemnity hereunder for its legal and other expenses incurred in connection with defending any claim with respect to such losses, obligations, costs, expenses, damages, claims, awards, or judgments. **THIS PROVISION CONTROLS OVER ANY CONFLICTING PROVISION IN THIS AGREEMENT.**

6.3 Service Provider shall obtain and maintain during the term of this Agreement, from insurers who are reliable and acceptable to Company and authorized to do business in the state or states or jurisdictions in which Services are to be performed by Service Provider, insurance coverages in the types and minimum limits as the Parties determine to be appropriate and with such terms as are consistent with standard practice in the oil and gas industry or as may be agreed by the Parties and, if applicable, as may otherwise be required by any Joint Operating Agreement. ARTICLE 7

Service Provider further agrees to retain all such books and records pertaining to Company and all the Services for a period of not less than five (5) years following the end of the calendar year in which the applicable Services are performed or any longer period if required by Law. In addition to its other audit rights under Section 7.3, during the term of this Agreement and for five (5) years following the end of the calendar year in which this Agreement is terminated under Section 5.1, upon reasonable written notice to Service Provider and at a mutually agreed time, Company shall have the right, exercisable at its option and expense, to review and copy the books and records maintained by Service Provider relating to Company and the Services.

7.2 At the request of Company, Service Provider shall prepare and provide the following information to Company:

7.3 At any time during the term of this Agreement, Company shall have the right, exercisable at its option and expense, to review and copy the books and records maintained by Service Provider relating to Company and the Services and, if necessary to verify the performance by Service Provider of its obligations under this Agreement, to audit and examine such books and records (the "Audit Right"). Company may exercise the Audit Right from time to time during normal business hours through such auditors as Company may determine in its sole discretion by providing reasonable written notice to Service Provider. ARTICLE 8

PROTECTION OF INFORMATION; NON-COMPETITION

8.1 **Disclosure to and Property of Company and its Subsidiaries.** All information, designs, ideas, concepts, improvements, product developments, discoveries, and inventions, whether patentable or not, that are conceived, made, developed, or acquired during the term of this Agreement by Service Provider, individually or in conjunction with others, that are generated as a result of Service Provider's provision of the Services or that relate to Company's or any of its subsidiaries' Business and affairs, properties or prospects including, without limitation, acquisition opportunities, drilling programs and plans, cost structures (including finding and development costs and production costs), prospects and geological, geophysical and engineering information and ideas (collectively, "**Confidential Information**") shall be disclosed to Company and are and shall be the sole and exclusive property of Company or any of its subsidiaries. Moreover, all seismic data, documents, videotapes, written presentations, brochures, drawings, memoranda, notes, records, files, correspondence, manuals, models, specifications, computer programs, E-mail, voice mail, electronic databases, maps, drawings, architectural renditions, models, and all other writings or materials of any type embodying any of such Confidential Information (collectively, "**Work Product**") are and shall be the sole and exclusive property of Company or its subsidiaries, as applicable. Upon the termination of this Agreement pursuant to Section 5.1, Service Provider promptly shall deliver such Confidential Information and Work Product, and all copies thereof, to Company. Notwithstanding the foregoing, Company acknowledges and agrees that Service Provider is contractually engaged to provide services for third parties outside of the Contract Areas, and that the information and work product arising from or related to such services does not constitute Confidential Information or Work Product hereunder and this Section 8.1 does not grant any rights to Company or any of its subsidiaries with respect to any such information or work product.

8.2 **Disclosure to Service Provider.** Company will disclose to Service Provider, or place Service Provider in a position to have access to or develop, Confidential Information and Work Product of Company and its subsidiaries.

8.3 **No Unauthorized Use or Disclosure.** Service Provider agrees that it will, and it will cause its subsidiaries to, preserve and protect the confidentiality of all Confidential Information and Work Product of Company and its Affiliates, and will not, at any time, make any unauthorized disclosure of, and shall not copy, reproduce or remove from Company's premises the original or any copies of said Confidential Information, and will use its reasonable efforts to prevent the removal from Company premises of, Confidential Information or Work Product of Company or its subsidiaries, or make any use thereof, in each case, except in the carrying out of Service Provider's responsibilities under or in connection with this Agreement. Service Provider shall inform all Persons (other than officers, directors, members, managers, or employees of (x) Company or (y) any of its subsidiaries) to whom any Confidential Information shall be disclosed by it in accordance with this Agreement about the confidential nature of such Confidential

Information, and Service Provider shall ensure that such Confidential Information is identified as being confidential, and shall call such identifying mark to such recipient's attention. Service Provider shall not have any obligation hereunder to keep confidential any Confidential Information if and to the extent disclosure of any thereof is specifically required by law, subpoena, court order or similar legal process; provided, however, that prior to making any disclosure as required by law, subpoena, court order or similar legal process, Service Provider shall provide Company with prompt notice of such requirement to afford Company a reasonable opportunity to challenge the legal requirement, subpoena court order or similar legal process. At the request of Company, Service Provider agrees to deliver to Company, at any time, all Confidential Information that it may possess or control. Service Provider agrees that all Confidential Information of Company (whether now or hereafter existing) conceived, discovered, or made by it, as between Service Provider and Company, exclusively belongs to Company (and not to Service Provider), and Service Provider will promptly disclose such Confidential Information to Company and perform all actions reasonably requested by Company to establish and confirm such exclusive ownership. The subsidiaries of Company shall be third party beneficiaries of Service Provider's obligations under this Section. As a result of Service Provider's services for Company under this Agreement, Service Provider may also from time to time have access to, or knowledge of, Confidential Information or Work Product of third parties, such as customers, suppliers, partners, joint venturers, and the like, of Company and its subsidiaries. Service Provider also agrees to preserve and protect the confidentiality of such third party Confidential Information and Work Product to the same extent, and on the same basis, as Company's Confidential Information and Work Product.

8.4 **Restricted Activities.**

(a) During the term of this Agreement and for the twelve (12)-month period following the termination of this Agreement pursuant to Section 5.1 (the "Restriction Period"), Service Provider will not, directly or indirectly, whether on its own behalf or in association, directly or indirectly, as an agent, partner, stockholder, owner, member, representative, or consultant, or in any other capacity with any other Person, engage in or participate in the Business, in each case other than through Company, without the prior written approval of Company, which may withhold its approval for any reason or no reason in its sole discretion. A violation of this Section 8.4(a) shall not arise solely as a result of (i) an investment in stock or other interest of a Person or any of its direct or indirect subsidiaries listed on a national securities exchange or quotation system or traded in the over-the-counter market if Service Provider does not, directly or indirectly, hold in the aggregate more than a total of 1% of all such shares of stock or other interest issued and outstanding and does not serve as an agent or representative of, or consult to, such Person or (ii) an investment in stock or other interest of, and/or serving as an officer, director, manager, employee, agent, consultant, or representative of, Company or its Affiliates. For the avoidance of doubt, the existing activities set forth on Exhibit F to the Company Agreement shall not be prohibited by this Section 8.4.

(b) During the Restriction Period, Service Provider will not, whether on his behalf or on behalf of any other Person, either directly or indirectly, (i) solicit, induce, persuade, or entice, or endeavor to solicit, induce, persuade, or entice any individual who is employed by Sage Road (as defined in the Company Agreement), Company or any of their respective subsidiaries (each of the foregoing, a "Restricted Company") during the Restriction Period or at any time during the six-month period before the date hereof (each, a "Covered Person") to leave

or terminate employment with the Restricted Company or cease performing services for the benefit of any of them or (ii) hire any Covered Person to provide services (as an employee, consultant, or otherwise) to any Person other than each Restricted Company.

(c) Notwithstanding any other provision to the contrary, the Restriction Period shall be tolled (and the applicable period extended) during the continuation of any legal proceeding brought by Company and during Company's response to any legal proceeding (including any proceeding brought by Service Provider) to enforce the covenants in this Section 8.4 if it is ultimately determined that a breach of the covenants in this Section 8.4 has occurred and during the time period any temporary restraining order, injunction, judgment, or settlement is entered against or agreed to by any restricted party by reason of alleged violations.

8.5 **Specific Enforcement.** It is recognized and acknowledged that a breach of this Article 8 may cause irreparable damage to the non-breaching Party, that the amount of such damages would be difficult or impossible to ascertain, and that the remedies at law for any such breach are likely to be inadequate. Accordingly, each Party agrees in the event of a breach of any of its covenants in this Article 8, in addition to any other remedy which may be available at law or in equity, each non-breaching Party will be entitled to apply for specific performance and injunctive relief or other equitable relief in any court of competent jurisdiction, without the necessity of posting any bond, in the case of any such breach or attempted breach. In the event any term of this Article 8 shall be determined by any court of competent jurisdiction to be unenforceable by reason of its extending for too great a period of time or over too great a geographical area or by reason of its being too extensive in any other respect, it will be interpreted to extend only over the maximum period of time for which it may be enforceable, over the maximum geographical area as to which it may be enforceable, and to the maximum extent in all other respects as to which it may be enforceable, all as determined by such court in such action.

ARTICLE 9 MISCELLANEOUS

9.1 **Representations.** Each Party severally, but not jointly, represents and warrants to the other Parties that:

(a) Such Party has full power and authority to execute and deliver this Agreement to which it is a party and to perform its obligations hereunder, and the execution, delivery and performance by such Party of this Agreement have been duly authorized by all necessary action.

(b) This Agreement has been duly and validly executed and delivered by such Party and constitutes the binding obligation of such Party enforceable against such Party in accordance with its terms, subject to Creditors' Rights (as defined in the Company Agreement).

(c) The execution, delivery and performance by such Party of this Agreement will not, with or without the giving of notice or the passage of time, or both, (i) violate any provision of Law to which such Party is subject, (ii) violate any order, judgment or decree applicable to such Party, or (iii) conflict with, or result in a breach or default under: (A) any term or condition of such Party's Organizational Documents (as defined in the Company Agreement);

or (B) any other instrument to which such Party is a party or by which any property of such Party is otherwise bound or subject, except, in the case of this clause (B), where such conflict, breach or default would not reasonably be expected to, individually or in the aggregate, materially impair such Party's ability to perform its obligations under this Agreement.

(d) Such Party hereby represents and warrants to the other Parties that neither such Party nor any of its Affiliates are subject to any covenants, agreements or restrictions, including covenants, agreements or restrictions regarding non-competition, non-solicitation, rights of first refusal or offer and preference rights, that would be breached or violated by such Party or such Party's performance hereunder.

9.2 **Counterparts.** This Agreement may be executed in counterparts, each of which shall be deemed an original instrument, but all such counterparts together shall constitute but one agreement.

9.3 **Notices.** All notices that are required or may be given pursuant to this Agreement shall be sufficient in all respects if given in writing, in English and delivered personally, by electronic mail or by recognized courier service, to the following addresses:

Any Party may change its address for notice by notice to the other in the manner set forth above. All notices shall be deemed to have been duly given at the time of receipt by the Party to which such notice is addressed.

9.4 **Governing Law and Venue.** This Agreement and the legal relations between the Parties shall be governed by and construed in accordance with the laws of the State of Texas, without regard to principles of conflicts of laws that would direct the application of the laws of another jurisdiction.

9.5 **Dispute Resolution.** Each Party consents to personal jurisdiction in any action brought in the United States federal courts located in the State of Texas with respect to any dispute, claim or controversy arising out of or in relation to or in connection with this Agreement, and each of the Parties agrees that any action instituted by it against the other with respect to any such dispute, controversy or claim will be instituted exclusively in the United States District Courts located in Harris County, Texas. Each Party (a) irrevocably submits to the exclusive jurisdiction of such courts, (b) waives any objection to laying venue in any such action or proceeding in such courts, (c) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over it, and (d) agrees that service of process upon it may be effected by mailing a copy thereof by registered mail (or any substantially similar form of mail), postage prepaid, to it at its address specified in Section 9.3. The foregoing consents to jurisdiction and service of process shall not constitute general consents to service of process in the State of Texas for any purpose except as provided herein and shall not be deemed to confer any rights on any Person other than the Parties to this Agreement. The Parties hereby waive trial by jury in any action, proceeding or counterclaim brought by any Party against another in any matter whatsoever arising out of or in relation to or in connection with this Agreement.

9.6 **Captions.** The captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

9.7 **Assignment.** The rights and obligations of Service Provider under this Agreement shall be personal to such Party and may not be assigned, transferred, conveyed, pledged, disposed of, or otherwise alienated, in whole or in part, in any manner (whether by assignment, merger, change of control, sale of stock, assignment for the benefit of creditors, receivership, bankruptcy or otherwise) without the express written consent of Company, which consent may be withheld for any reason. Any purported transfer or other disposition in violation of this Section 9.7 shall be void *ab initio*.

9.8 **Waivers.** Any failure by any Party to comply with any of its obligations, agreements or conditions herein contained may be waived by the Party to whom such compliance is owed by an instrument signed by the Party to whom compliance is owed and expressly identified as a waiver, but not in any other manner. No waiver of, or consent to a change in, any of the provisions of this Agreement shall be deemed or shall constitute a waiver of, or consent to a change in, other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided.

9.9 **Entire Agreement.** This Agreement constitutes the entire agreement among the Parties pertaining to the subject matter hereof, and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, of the Parties pertaining to the subject matter hereof. In entering into this Agreement, no Party has relied on any statement, representation,

warranty, covenant, or agreement of the other Parties or its representatives other than those expressly contained in this Agreement.

9.10 **Amendment.** This Agreement may be amended or modified only by an agreement in writing signed by the Parties against whom such amendment or modification is sought to be enforced and expressly identified as an amendment or modification.

9.11 **No Third-Person Beneficiaries.** Except for the specific rights granted to Sage Road under the terms hereof, the provisions of this Agreement are enforceable solely by the Parties. Nothing in this Agreement shall entitle any Person other than the Parties any claim, cause of action, remedy or right of any kind, except the rights expressly provided to Sage Road or to the Persons described in Article 6, which rights must be enforced and claims brought, if at all, by the applicable Person.

9.12 **Severability.** If any provision of this Agreement, or any application thereof, is held invalid, illegal or unenforceable in any respect under any Law, this Agreement shall be reformed to the extent necessary to conform, in each case consistent with the intention of the Parties, to such Law, and, to the extent such provision cannot be so reformed, then such provision (or the invalid, illegal or unenforceable application thereof) shall be deemed deleted from (or prohibited under) this Agreement, as the case may be, and the validity, legality and enforceability of the remaining provisions contained herein (and any other application of such provision) shall not in any way be affected or impaired thereby.

9.13 **Time of the Essence.** Time is of the essence in this Agreement. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (and the expiration of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day.

9.14 **Limitation on Damages.** Notwithstanding anything to the contrary contained herein, no Party, nor any of their respective Affiliates shall be entitled to consequential, special, or punitive damages in connection with this Agreement and the transactions contemplated hereby (other than consequential, special, or punitive damages suffered by third Persons for which responsibility is allocated between or among the Parties) and each Party, for itself and on behalf of its Affiliates, hereby expressly waives any right to consequential, special, or punitive damages in connection with this Agreement and the transactions contemplated hereby (other than consequential, special, or punitive damages suffered by third Persons for which responsibility is allocated between or among the Parties).

9.15 **Relationship of the Parties.** It is not the intention of the Parties to create, nor shall this Agreement be construed as creating, a mining or other partnership, joint venture, agency relationship, or association, or to render the parties liable as partners, co-venturers, or principals.

9.16 **Further Assurances.** Each Party shall from time to time, and without additional consideration, take such further acts, and execute and deliver such further documents, as may be

reasonably requested by another Party in order to fully perform and carry out the terms of this Agreement.

9.17 **Conflict.** In the event of a conflict between the provisions of this Agreement and any mandatory provision of Law, the applicable provision of such Law shall control. In the event of a conflict between the provisions of this Agreement and any provision of the Company Agreement, the applicable provision of the Company Agreement shall control.
