## OIL AND GAS LEASE

THIS AGREEMENT, Entered into this 7th day of February, 2017  
between Gregory E. Meireis and Terry L. Meireis, husband and wife whose address is 90273 NE 120th Ave,  
Preston, KS 67583 hereinafter called lessor, and Wildcat Resources, Inc. whose address is 100 N. Broadway  
Suite 460, Wichita, KS 67202 hereinafter called lessee, does witness:

1. That lessor, for and in consideration of the sum of Ten (\$10.00) Dollars in hand paid and of the covenants and agreements, hereinafter contained to be performed by the lessee, has this day granted, leased, and let and by these presents does hereby grant, lease, and let exclusively unto the lessee the hereinafter described land, with any reversionary rights therein, and with the right to unitize this lease or any part thereof with other oil and gas leases as to all or any part of the lands covered thereby as hereinafter provided, for the purpose of carrying on geological, geophysical and other exploratory work thereon, including core drilling and the drilling, mining, and operating for, producing and saving all of the oil, gas, gas condensate, gas distillate, casinghead gasoline and their respective constituent vapors, and all other gases, found thereon, the exclusive right of injecting water, brine, and other fluids and substances into the subsurface strata, and for constructing roads, laying pipe lines, building tanks, storing oil, building power stations, electrical lines and other structures thereon necessary or convenient for the economical operation of said land alone or conjointly with neighboring lands, to produce, save, take care of, and manufacture all of such substances, and the injection of water, brine, and other substances into the subsurface strata, said tract of land being situated in the County of Pratt State of Kansas, and described as follows:

Township Twenty Six (26) South, Range Eleven (11) West of the 6th P.M.  
Section Sixteen (16): The Northeast Quarter (NE/4)

containing 160.000000 acres, more or less.

2. This lease shall remain in force for a term of Three (3) Years (called "primary term") and as long thereafter as oil, gas, casinghead gas, casinghead gasoline or any of the products covered by this lease is or can be produced.

3. The lessee shall deliver to lessor as royalty, free of cost, on the lease, or into the pipe line to which lessee may connect its wells the equal  $\frac{1}{8}$ th (one-eighth) part of all oil produced and saved from the leased premises, or at the lessee's option may pay to the lessor for such  $\frac{1}{8}$ th (one-eighth) royalty the market price at the wellhead for oil of like grade and gravity prevailing on the day such oil is run into the pipe line or into storage tanks.

4. The lessee shall pay to the lessor, as a royalty,  $\frac{1}{8}$ th (one-eighth) of the proceeds received by the lessee from the sale of gas, gas condensate, gas distillate, casinghead gas, gas used for the manufacture of gasoline or any other product, and all other gases, including their constituent parts, produced from the land herein leased. If such gas is not sold by the lessee, lessee may pay or tender annually at or before the end of each yearly period during which such gas is not sold, as a shut-in royalty, whether one or more wells, an amount equal to one dollar per net mineral acre, and while said shut in royalty is so paid or tendered, it will be considered under all provisions of this lease that gas is being produced in paying quantities. The first yearly period during which such gas is not sold shall begin on the date the first well is completed for production of gas.

5. This lease is a paid-up lease and may be maintained during the primary term without further payments or drilling operations.

6. In the event said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein then the royalties herein provided for shall be paid to said lessor only in the proportion which his interest bears to the whole and undivided fee, however, in the event the title to any interest in said land should revert to lessor, or his heirs, or his or their grantee, this lease shall cover such reversion.

7. The lessee shall have the right to use free of cost, gas, oil and water found on said land for its operations thereon, except water from existing wells of the lessor. When required by lessor, the lessee shall bury its pipe lines below plow depth and shall pay for damage caused by its operations to growing crops on said land. No well shall be drilled nearer than 200 feet to the house or barn now on said premises without written consent of the lessor. Lessee shall have the right at any time during, or after the expiration of this lease to remove all machinery, fixtures, houses, buildings and other structures placed on said premises, including the right to draw and remove all casing.

8. If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall extend to the heirs, devisees, executors, administrators, successors, and assigns, but no change or division in ownership of the land, or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of lessee, and no change of ownership in the land or in the royalties or any sum due under this lease shall be binding on the lessee until it has been furnished with either the original recorded instrument of conveyance or a duly certified copy thereof, or a certified copy of the will of any deceased owner and of the probate thereof, or certified copy of the proceedings showing the appointment of an administrator for the estate of any deceased owner, whichever is appropriate, together with all original recorded instruments of conveyance or duly certified copies thereof necessary in showing a complete chain of title back to lessor of the full interest claimed, and all advance payments of rentals made hereunder before receipt of said documents shall be binding on any direct or indirect assignee, grantee, devisee, or administrator, executor, or heir of lessor.

9. If the leased premises are now or shall hereafter be owned in severalty or in separate tracts, the premises may nonetheless be developed and operated as one lease, and all royalties accruing hereunder shall be divided among and paid to such separate owners in the proportion that the acreage owned by each separate owner bears to the entire leased acreage. There shall be no obligation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease may now or hereafter be divided by sale, devisee, descent or otherwise, or to furnish separate measuring or receiving tanks.

10. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the lessee, at its option, may pay and discharge in whole or in part any taxes, mortgages, or other liens existing, levied, or assessed on or against the above described lands and, in the event it exercises such options it shall be subrogated to the rights of any holder or holders thereof and may reimburse itself by applying to the discharge of any such mortgage, tax or other lien, any royalty accruing hereunder.

11. If after the expiration of the primary term, production of oil or gas should cease from any cause, this lease shall not terminate if lessee commences additional drilling or reworking operations within one hundred-twenty (120) days thereafter, or if at the expiration of the primary term, oil or gas is not being produced on said land, but lessee is then engaged in drilling or reworking operations thereon, then in either event, this lease shall remain in force so long as operations are prosecuted either on the same well or any other well thereafter commenced, with no cessation of more than one hundred twenty (120) consecutive days, and if they result in production of oil or gas, this lease shall remain in effect so long thereafter as there is production of oil or gas under any provisions of this lease.

12. Lessee may at any time surrender or cancel this lease in whole or in part by delivering or mailing such release to the lessor, or by placing same of record in the proper county. In case said lease is surrendered and canceled as to only a portion of the acreage covered thereby, then all payments and liabilities thereafter accruing under the terms of said lease as to the portion canceled shall cease and determine, but as to the portion of the acreage not released the terms and provisions of this lease shall continue and remain in full force and effect for all purposes.

13. All provisions hereof, express or implied, shall be subject to all federal and state laws and the orders, rules, or regulations (and interpretations thereof) of all governmental agencies administering the same, and this lease shall not be in any way terminated wholly or partially nor shall the lessee be liable in damages for failure to comply with any of the express or implied provisions hereof if such failure accords with any such laws, orders, rules or regulations (or interpretations thereof). If lessee should be prevented during the last six months of the primary term hereof from drilling a well hereunder by the order of any constituted authority having jurisdiction thereover, the primary term of this lease shall continue until six months after said order is suspended.

14. Lessee, at its option, is hereby given the right and power to pool or combine into one or more units the land covered by this lease, or any portion thereof, with other land covered by another lease, or leases when, in lessee's judgment, it is necessary or advisable to do so in order to properly develop and operate said lease premises so as to promote the conservation of such minerals in and under said land, such pooling to be in a unit or units not exceeding 80 acres each in the event of an oil well, or into a unit or units not exceeding 640 acres each in the event of a gas and/or condensate or distillate well, plus a tolerance of ten percent (10%) to conform to Governmental Survey quarter sections. Lessee shall execute in writing and file for record in the county in which the land is situated an instrument identifying and describing the pooled acreage. The entire acreage so pooled into a unit or units shall be treated for all purposes, except the payment of royalties on production from the pooled unit, as if it were included in this lease. If production is found on any part of the pooled acreage it shall be treated as if production is had from this lease whether any well is located on the land covered by this lease or not. Any well drilled on any such unit shall be and constitute a well hereunder. In lieu of the royalties elsewhere herein specified lessor shall receive on production from the unit so pooled only such portion of the royalty stipulated herein as the amount of his net royalty interest therein on an acreage basis bears to the total mineral acreage so pooled in the particular unit involved.

15. ~~If at the end of the primary term this lease is not otherwise continued in force under the provisions hereof, this lease shall expire, unless Lessee on or before the end of the primary term shall pay or tender to lessor the sum equal to the initial bonus paid in association with the execution of this lease, for each acre renewed and then subject to this lease; and subject to the other provisions of this lease, this lease shall thereby be modified and the primary term shall be extended for an additional term of TWO (2) Years from the end of the primary term. Said payment may be made by check or draft of Lessee or any assignee thereof, mailed or delivered direct to Lessor at the address first provided above, on or before the end of the primary term.~~

16. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors of said lessor and lessee.

## LEASE ADDENDUM

THIS ADDENDUM attached to and made a part of the certain "Oil and Gas Lease" dated February 7th , 2017, by and between Gregory E. Meireis and Terry L. Meireis, husband and wife , as Lessor(s), and Wildcat Resources, Inc., as Lessee. In the event that any of the provisions provided for herein conflict with those in the Lease referenced above, the provisions of this Lease Addendum shall prevail.

LEGAL DESCRIPTION: As shown on Oil and Gas Lease

Containing 160.000000 acres more or less, located in Pratt County, Kansas.

1. CONSERVATION RESERVE PROGRAM CLAUSE: If any part of the leased premises are subject to or enrolled in the Conservation Reserve Program (CRP), Lessee shall reseed to CRP compatible grass all areas thereof affected by Lessee's operations and hold Lessor harmless from penalties, liquidated damages, refunds and any Interest thereon assessed under the Conservation Reserve Program as a result of Lessee's operations. Lessor shall provide notice, including documentation, to Lessee identifying any program or requirements agreed to prior to the Oil and Gas Lease date.

2. GROSS PROCEEDS: It is agreed between Lessor and Lessee that, notwithstanding any language herein to the contrary, all oil, gas or other proceeds accruing to the Lessor under this lease or by state law shall be without deduction, directly or indirectly, for the cost of producing, gathering, storing, separating, treating, dehydrating, compressing, processing, transporting and marketing the oil, gas and other products produced to transform the products into marketable form; however, any such costs which result in enhancing the value of the marketable oil, gas or other products to receive a better price may be deducted from Lessor's share of production, so long as they are based on Lessee's actual cost of such enhancement, said deduction shall be based proportionately between Lessor and Lessee based upon their 1/8 - 7/8 part. However, in no event will either the Lessor or the Lessee receive a better price than the other party.

3. SLUSH/MUD PITS: It is understood and agreed that the Lessee when constructing or preparing the well sit and slush (or mud) pits shall construct the same in such a manner that the top soil is removed separate from the sub soils, and that the top soil and the sub soils will not be mixed when the well site is restored and/or the slush pit is filled. When restoring the well site or the slush pit to its prior condition, Lessee shall use sub soils first, and the top soil last, so that the well site and slush pit will be returned to or near its original condition as possible. The well sit and slush pits will be constructed and filled in compliance with state regulations.

4. ROAD MAINTENANCE: Lessee will maintain any roads constructed by Lessee or any existing roads of Lessor's used by Lessee in its operations, so that the roads are maintained in such conditions to adequately provide for Lessee's operations. All roads used by Lessee in its operations will be maintained in such a condition as to allow normal car usage. Further, during the time drilling operations are being conducted or any other times when any of the Lessor's present roads are being used for transporting oil, machinery and/or being traveled by any motor vehicle larger than an automobile or 3/4 ton pickup truck, the Lessee shall always keep Lessor's roads maintained and/or graded so that Lessors roads are smooth and passable for automobile traffic and make no roads exceeding twenty four (24') feet in width, and to properly maintain such roads. Existing roads may be used and maintained by Lessee. Lessor may use all such roads.

5. FENCE & GATES: Lessee shall promptly replace any fences removed by Lessee during its operations on said land and further, upon Lessor's request Lessee shall construct gates on all access roads and pipeline routes on said land.

6. SHUT-IN AMENDMENT: Upon expiration of the primary term, or any extension thereof; where gas and oil from a well is shut-in and is not sold or used, Lessee shall pay Lessor a shut-in gas royalty of Ten Dollars (\$10.00) per year per net mineral acre retained by said well for a period not to exceed two (2) continuous years.

7. MUTUAL CONSENT CLAUSE: If Lessor owns the surface of the leased premises, Lessor and Lessee shall make reasonable efforts to mutually agree on the location of well sites, access roads, pipelines or any above ground appurtenances that will be located on the leased premises, and neither party's consent shall be unreasonably withheld. However, in the event an agreement cannot be worked out as to a particular location, the Lessee's precise location shall prevail.

8. PROPERTY RESTORATION: Lessee agrees that as soon as is reasonably possible, following completion of its drilling and other operations, Lessee shall restore its well site, as near as possible, to its original condition and land contour. In the event no production of oil or gas in paying quantities is established on this lease and this lease is abandoned. Lessee will fill all pits, ponds, remove all structures and reasonably restore the premises to the condition existing at the time the lease was executed, all within six (6) months after the expiration of the lease by its terms, Lessee shall have the

obligation to restore the surface to its original contour and condition as nearly as practical. Lessee agrees that this obligation shall survive termination and abandonment of this lease.

9. TOP SOIL CLAUSE: When preparing development locations, the topsoil shall be kept separate from the sub-soil and be replaced on the surface upon completion of drilling activities. Any terraces driven over or altered for drilling or tank locations shall be restored to original height and contour as nearly as is practicable.

10. DAMAGES CLAUSE: Lessee shall pay for damages caused by Lessee's operations to crop, including hay, on the leased premises and to pay for all other damages caused by Lessee, including but not limited to damages to livestock, pasture, waterways and terraces. Lessee agrees to compensate Lessor at fair market value for the death or injury of any livestock killed or injured as a direct result of Lessee's operations under the terms of this lease. Provided, however, that Lessee will not be responsible to compensate Lessor for said damages or injuries to livestock that were caused by the negligent or willful act or omissions of Lessor, its heirs, assigns, agents, employees or contractors. In addition, when lessee's lines are buried below Lessor's buried irrigation lines and/or related electric lines, Lessee shall repair and restore the same at Lessee's expense. Lessee acknowledges it may be necessary to place Lessee's lines below Lessor's buried irrigation lines and/or related electric lines. Lessee shall pay Lessor \$3,000.00 per drilling pad site prior to commencing drilling activities. In the event the drill site, water impoundment (if any), or other related use exceeds two (2) acres, or in the event any road exceeds one (1) acre, Lessor is entitled to additional damages of \$1,600.00 per acre.

11. LINE BURIAL: Lessee shall bury all pipelines and electric lines at least below plow depth; but not less than thirty six (36") inches below the surface of leased premises, and upon reasonable request lower pipelines, electric lines, flow-lines, gathering lines, etc. to allow terracing, waterway construction or other improvement to the surface by Lessee for agricultural purposes.

12. WORKMANLIKE OPERATIONS: Lessee shall operate the lease in a workmanlike manner, and seek to (i) close and secure all gates located on the leased premises, (ii) not cut any fences, (iii) repair any fences damaged by lessee and (iv) repair terraces or waterways, if damaged.

13. LEASE APPEARANCE CLAUSE: No open saltwater pits or ditches shall ever be maintained on land located outside of the drilling pad site. Lessee shall make a reasonable effort to locate all storage tanks, separators and compressors in a group like manner on the above describe drilling and operation sites located on the lease premises and all oil or gas wells shall be neatly, attractively and adequately fenced and enclosed by Lessee so as to reasonably protect Lessors livestock from injury. Lessee shall make a reasonable and good faith effort to conduct and keep all of its operations, including said equipment, neat in appearance, in proper condition consistent with the standards of the oil and gas industry and around the county in which the leased premises are located. It is acceptable to place natural gas compressors on leased premises if doing so increases production or value of lease to Lessor and Lessee.

14. DELETERIOUS SUBSTANCES CLAUSE: Without the prior written consent of the Lessor, Lessee agrees that it shall not have the right to transport salt water or other deleterious substances onto the leased premises and the Lessee has no right of disposal of deleterious substances except (i) those produced from the property subject to this lease. (ii) And/or those used on the leased premises in the normal and usual course of operations for the drilling, producing, completing and/or tracing of oil or gas wells.

15. PUGH CLAUSE: Two (2) years following the expiration of the primary term of this lease or the expiration of any extension or renewal of the primary term (including without limitation those contained in any continuous development provisions of the Lease), whichever occurs last in the event a portion or portions of the leased premises is pooled with other land so as to form a pooled unit or units, operations on such unit or units will not maintain this lease in force as to the land not included in such unit or units. This lease may be maintained in force as to any land covered hereby and included in such unit or units in any manner provided for herein. Upon the occurrence of any partial termination of this lease, Lessee shall have and expressly reserves, an easement on, over, through and under all released tracts as shall be reasonably necessary for rights of ingress and egress, in order to enable the exploration and /or production of oil, gas and/or other minerals in and from any depths and lands retained by Lessee under this lease and Lessee shall not be required to relocate any pipelines or equipment used in connection with production of oil gas from the leased premises. Such use shall be subject to the damage clause of this Addendum.

16. WELL PLUGGING CLAUSE: Prior to conducting operations on the leased premises, Lessee or its assignee/operator shall comply with the provisions of K.A.R. regarding operator's financial responsibility.

17. DEPTH CLAUSE: It is understood and agreed that two (2) years following the expiration of the primary term of this lease, or upon expiration of any extension or renewal of the primary term (including without limitation those contained in any continuous development provisions of the lease), whichever

occurs last, this lease shall automatically terminate as to all rights lying below one hundred (100) feet below the stratigraphic equivalent of the base of the deepest formation penetrated in any well drilled on the leased premises or on the lands pooled therewith, whichever is the deepest provided, however, if the Lessee is then engaged in operations on the leased premises or on lands pooled therewith, this lease shall remain in full force and effect as to all depths so long as no more than ninety (90) days lapse between said operations.

18. **POOLING CLAUSE:** Lessee is hereby granted the right, at any time and from time to time, to pool or unitize the leased premises or any portion or portions thereof, as to all strata or any stratum or primarily of gas with or without distillate. The creation of a unit by such pooling shall be based on the following criteria: A unit for an oil well (other than a horizontal completion) shall not exceed 40 acres plus a maximum tolerance of 10%, and a unit for a gas well (other than horizontal completion) shall not exceed 160 acres plus a maximum acreage tolerance of 10%, or a unit for a horizontal completion of an oil and/or gas well shall not exceed 640 acres plus a maximum acreage tolerance of 10%; provided that a larger unit may be formed for an oil well or gas well or horizontal completion to conform to any well or unit spacing or density pattern that may be prescribed or permitted by any governmental authority having jurisdiction to do so. All units shall be formed in good faith based upon geological and engineering data and with a goal of efficiently producing the reserves for the benefit of Lessor and Lessee. Nothing in this lease shall be interpreted as a waiver of Lessee's duties of prudent development and to protect the leased property from drainage and protection of Lessor's correlative rights.

19. **SEISMIC ACTIVITY:** Lessee shall not go upon or conduct any geo-physical seismic operation between April 1st and October 15th of any calendar year if crops are planted on the leased premises, unless given written permission by the Lessor. Crop damages shall be paid upon the basis of average field yield times average price at maturity.

20. **IRRIGATED LANDS:** If the Lessee conducts any drilling operations upon any portion of the above-described real estate which is irrigated land, the Lessee shall either use tanks and shall permit no drilling mud to remain on said premises or at the option of the Lessee pits may be dug but as soon as the pits are dry, all drilling mud will be removed and the pits closed as herein provided.

Lessee shall not go upon or conduct any operations upon the irrigated portion of the above-described real estate from April 15 and the end of harvest in the fall in any calendar year unless given written permission by the Lessor. In this event, Lessor agrees to not unreasonably withhold such consent. Crop damages will be paid upon the basis of average field yield average price at maturity, plus any loss as a result of lower crop yield due to operations of the Lessee which may interrupt timely irrigation of said crops. Lessee agrees to consult with the Lessor on approval of the placement of the drilling rig to cause the least interruption, if any, to the center pivot irrigation system now in place on the leased premises. Lessor agrees not to unreasonably withhold such approval.

Lessee agrees to place any slush pits and well location between the wheel tracts of the center pivot irrigation system now in place. Should production of oil or gas from any well located in the area watered by the overhead sprinkler system, Lessee agrees to use low profile pumping equipment to allow the irrigation system to travel over and above such pumping equipment.

21. **NOTIFICATION BY LESSEE:** Lessee agrees to contact Lessor prior to entry upon described lands for the purpose of conducting drilling, seismic or other exploration operations. In the event Lessee or his agents desire to conduct any type or kind of seismic operations. Lessee will first obtain written permission in the form of a "seismic permit" from Lessor prior to the conduct of such seismic operations. Lessee will consult with Lessor and/or Lessor's tenant with regards to acceptable routes of ingress/egress to and from lands covered by this lease. Lessor agrees not to un-reasonably restrict or withhold access to described lands for the intended purpose(s) of this lease agreement.

22. **DESIGNATION OF EQUIPMENT PLACEMENT AND ROADWAYS; SURFACE REQUIREMENTS:** Lessee will contact Lessor and mutually agree upon the location of any pipelines, tank batteries or other equipment on the leased premises. There shall be no oil road surfaces or hard surfacing of any access roads without the written consent of Lessor. Lessor reserves the right to designate the direction and location of every roadway on the premises. All permanent lease roads shall not exceed 15 feet in width and all temporary lease roads shall not exceed 30 feet in width. interests and investments similar to those of Company would exercise in comparable circumstances and that is consistent with standard practices for investments in the oil and gas industry.

(b) Service Provider shall not undertake any activity which (i) constitutes Malfeasance or (ii) in the good faith judgment of Service Provider would (A) conflict with, or adversely affect the performance of, its obligations under this Agreement, any of its Affiliate's obligations under the Company Agreement or, as applicable, Company's or Service Provider's obligations under any Joint Operating Agreement or (B) violate, in any material respect, any contracts, leases, orders, security instruments and other agreements to which, to Service Provider's knowledge, Company is a party or by which Company or any of its assets or properties is bound.

Delivery of any subsequent Limitation of Authority shall revoke in its entirety any previously delivered Limitation of Authority, unless otherwise specified therein; *provided, however*, that any action taken by Service Provider which was not prohibited under the then-effective Limitation of Authority shall remain effective notwithstanding the delivery of a subsequent Limitation of Authority. Subject to the terms of any third party agreements entered into prior to any change in any Limitation of Authority, Service Provider agrees to comply at all times with the then-effective Limitation of Authority. The terms of the Company Agreement will govern in the event of a conflict in the provisions of the Company Agreement and the then effective Limitation of Authority.

(b) within 90 calendar days after the end of each fiscal year (or such longer period of time after the end of the fiscal year as is approved by Company), an audited balance sheet as of the end of such fiscal year and the related audited statement of operations, statement of members' equity and statement of cash flows for Company for such fiscal year prepared in accordance with GAAP, consistently applied and a signed audit letter from Company's auditors who shall be an accounting firm approved by Company, along with a comparison to the Budget for such period; and

(c) within 90 calendar days after the end of each fiscal year, a reserve report prepared by the Company's independent reservoir engineers.

7.3 At any time during the term of this Agreement, Company shall have the right, exercisable at its option and expense, to review and copy the books and records maintained by Service Provider relating to Company and the Services and, if necessary to verify the performance by Service Provider of its obligations under this Agreement, to audit and examine such books and records (the "Audit Right"). Company may exercise the Audit Right from time to time during normal business hours through such auditors as Company may determine in its sole discretion by providing reasonable written notice to Service Provider. To the extent Company exercises its Audit Right, it shall use its reasonable best efforts to conduct such audit or examination in a manner that minimizes inconvenience and disruption to Service Provider.

7.4 At the request of Company, Service Provider shall prepare a monthly report for each calendar month (the "Monthly Report"), which shall be submitted to Company within 45 calendar days of the end of each such calendar month. Each Monthly Report shall include the following information:

(a) an operating statement and report of financial condition of Company for such monthly period and the year-to-date, including combining financial statements for each of Company's subsidiaries;

(b) a reconciliation report setting forth any material discrepancies or variances between (x) amounts included in the operating statement and/or report of financial condition of Company for such monthly period and the year-to-date and (y) the budgeted or projected amounts, as reflected in the applicable Budget, for the corresponding periods to which such amounts relate;

(c) management's review of the operating and financial performance of Company for such monthly period and the year-to-date, including a discussion of any material discrepancies or variances described in the preceding clause (b); and

(d) such other information as Company shall reasonably request, including any information required in order for Company to enter into financing or hedging arrangements or perform its obligations thereunder.

## ARTICLE 8

### PROTECTION OF INFORMATION; NON-COMPETITION

8.1 **Disclosure to and Property of Company and its Subsidiaries.** All information, designs, ideas, concepts, improvements, product developments, discoveries, and inventions, whether patentable or not, that are conceived, made, developed, or acquired during the term of this Agreement by Service Provider, individually or in conjunction with others, that are generated as a result of Service Provider's provision of the Services or that relate to Company's or any of its subsidiaries' Business and affairs, properties or prospects including, without limitation, acquisition opportunities, drilling programs and plans, cost structures (including finding and development costs and production costs), prospects and geological, geophysical and engineering information and ideas (collectively, "Confidential Information") shall be disclosed to Company and are and shall be the sole and exclusive property of Company or any of its subsidiaries. Moreover, all seismic data, documents, videotapes, written presentations, brochures, drawings, memoranda, notes, records, files, correspondence, manuals, models, specifications, computer programs, E-mail, voice mail, electronic databases, maps, drawings, architectural renditions, models, and all other writings or materials of any type embodying any of such Confidential Information (collectively, "Work Product") are and shall be the sole and exclusive property of Company or its subsidiaries, as applicable. Upon the termination of this Agreement pursuant to Section 5.1, Service Provider promptly shall deliver such Confidential Information and Work Product, and all copies thereof, to Company. Notwithstanding the foregoing, Company acknowledges and agrees that Service Provider is contractually engaged to provide services for third parties outside of the Contract Areas, and that the information and work product arising from or related to such services does not constitute Confidential Information or Work Product hereunder and this Section 8.1 does not grant any rights to Company or any of its subsidiaries with respect to any such information or work product.

8.2 **Disclosure to Service Provider.** Company will disclose to Service Provider, or place Service Provider in a position to have access to or develop, Confidential Information and Work Product of Company and its subsidiaries.

8.3 **No Unauthorized Use or Disclosure.** Service Provider agrees that it will, and it will cause its subsidiaries to, preserve and protect the confidentiality of all Confidential Information and Work Product of Company and its Affiliates, and will not, at any time, make any unauthorized disclosure of, and shall not copy, reproduce or remove from Company's premises the original or any copies of said Confidential Information, and will use its reasonable efforts to prevent the removal from Company premises of, Confidential Information or Work Product of Company or its subsidiaries, or make any use thereof, in each case, except in the carrying out of Service Provider's responsibilities under or in connection with this Agreement. Service Provider shall inform all Persons (other than officers, directors, members, managers, or employees of (x) Company or (y) any of its subsidiaries) to whom any Confidential Information shall be disclosed by it in accordance with this Agreement about the confidential nature of such Confidential

Information, and Service Provider shall ensure that such Confidential Information is identified as being confidential, and shall call such identifying mark to such recipient's attention. Service Provider shall not have any obligation hereunder to keep confidential any Confidential Information if and to the extent disclosure of any thereof is specifically required by law, subpoena, court order or similar legal process; provided, however, that prior to making any disclosure as required by law, subpoena, court order or similar legal process, Service Provider shall provide Company with prompt notice of such requirement to afford Company a reasonable opportunity to challenge the legal requirement, subpoena court order or similar legal process. At the request of Company, Service Provider agrees to deliver to Company, at any time, all Confidential Information that it may possess or control. Service Provider agrees that all Confidential Information of Company (whether now or hereafter existing) conceived, discovered, or made by it, as between Service Provider and Company, exclusively belongs to Company (and not to Service Provider), and Service Provider will promptly disclose such Confidential Information to Company and perform all actions reasonably requested by Company to establish and confirm such exclusive ownership. The subsidiaries of Company shall be third party beneficiaries of Service Provider's obligations under this Section. As a result of Service Provider's services for Company under this Agreement, Service Provider may also from time to time have access to, or knowledge of, Confidential Information or Work Product of third parties, such as customers, suppliers, partners, joint venturers, and the like, of Company and its subsidiaries. Service Provider also agrees to preserve and protect the confidentiality of such third party Confidential Information and Work Product to the same extent, and on the same basis, as Company's Confidential Information and Work Product.

#### 8.4 **Restricted Activities.**

(a) During the term of this Agreement and for the twelve (12)-month period following the termination of this Agreement pursuant to Section 5.1 (the "Restriction Period"), Service Provider will not, directly or indirectly, whether on its own behalf or in association, directly or indirectly, as an agent, partner, stockholder, owner, member, representative, or consultant, or in any other capacity with any other Person, engage in or participate in the Business, in each case other than through Company, without the prior written approval of Company, which may withhold its approval for any reason or no reason in its sole discretion. A violation of this Section 8.4(a) shall not arise solely as a result of (i) an investment in stock or other interest of a Person or any of its direct or indirect subsidiaries listed on a national securities exchange or quotation system or traded in the over-the-counter market if Service Provider does not, directly or indirectly, hold in the aggregate more than a total of 1% of all such shares of stock or other interest issued and outstanding and does not serve as an agent or representative of, or consult to, such Person or (ii) an investment in stock or other interest of, and/or serving as an officer, director, manager, employee, agent, consultant, or representative of, Company or its Affiliates. For the avoidance of doubt, the existing activities set forth on Exhibit F to the Company Agreement shall not be prohibited by this Section 8.4.

(b) During the Restriction Period, Service Provider will not, whether on his behalf or on behalf of any other Person, either directly or indirectly, (i) solicit, induce, persuade, or entice, or endeavor to solicit, induce, persuade, or entice any individual who is employed by Sage Road (as defined in the Company Agreement), Company or any of their respective subsidiaries (each of the foregoing, a "Restricted Company") during the Restriction Period or at any time during the six-month period before the date hereof (each, a "Covered Person") to leave

or terminate employment with the Restricted Company or cease performing services for the benefit of any of them or (ii) hire any Covered Person to provide services (as an employee, consultant, or otherwise) to any Person other than each Restricted Company.

(c) Notwithstanding any other provision to the contrary, the Restriction Period shall be tolled (and the applicable period extended) during the continuation of any legal proceeding brought by Company and during Company's response to any legal proceeding (including any proceeding brought by Service Provider) to enforce the covenants in this Section 8.4 if it is ultimately determined that a breach of the covenants in this Section 8.4 has occurred and during the time period any temporary restraining order, injunction, judgment, or settlement is entered against or agreed to by any restricted party by reason of alleged violations.

8.5 **Specific Enforcement.** It is recognized and acknowledged that a breach of this Article 8 may cause irreparable damage to the non-breaching Party, that the amount of such damages would be difficult or impossible to ascertain, and that the remedies at law for any such breach are likely to be inadequate. Accordingly, each Party agrees in the event of a breach of any of its covenants in this Article 8, in addition to any other remedy which may be available at law or in equity, each non-breaching Party will be entitled to apply for specific performance and injunctive relief or other equitable relief in any court of competent jurisdiction, without the necessity of posting any bond, in the case of any such breach or attempted breach. In the event any term of this Article 8 shall be determined by any court of competent jurisdiction to be unenforceable by reason of its extending for too great a period of time or over too great a geographical area or by reason of its being too extensive in any other respect, it will be interpreted to extend only over the maximum period of time for which it may be enforceable, over the maximum geographical area as to which it may be enforceable, and to the maximum extent in all other respects as to which it may be enforceable, all as determined by such court in such action.

## **ARTICLE 9 MISCELLANEOUS**

9.1 **Representations.** Each Party severally, but not jointly, represents and warrants to the other Parties that:

(a) Such Party has full power and authority to execute and deliver this Agreement to which it is a party and to perform its obligations hereunder, and the execution, delivery and performance by such Party of this Agreement have been duly authorized by all necessary action.

(b) This Agreement has been duly and validly executed and delivered by such Party and constitutes the binding obligation of such Party enforceable against such Party in accordance with its terms, subject to Creditors' Rights (as defined in the Company Agreement).

(c) The execution, delivery and performance by such Party of this Agreement will not, with or without the giving of notice or the passage of time, or both, (i) violate any provision of Law to which such Party is subject, (ii) violate any order, judgment or decree applicable to such Party, or (iii) conflict with, or result in a breach or default under: (A) any term or condition of such Party's Organizational Documents (as defined in the Company Agreement);

or (B) any other instrument to which such Party is a party or by which any property of such Party is otherwise bound or subject, except, in the case of this clause (B), where such conflict, breach or default would not reasonably be expected to, individually or in the aggregate, materially impair such Party's ability to perform its obligations under this Agreement.

(d) Such Party hereby represents and warrants to the other Parties that neither such Party nor any of its Affiliates are subject to any covenants, agreements or restrictions, including covenants, agreements or restrictions regarding non-competition, non-solicitation, rights of first refusal or offer and preference rights, that would be breached or violated by such Party or such Party's performance hereunder.

9.2 **Counterparts.** This Agreement may be executed in counterparts, each of which shall be deemed an original instrument, but all such counterparts together shall constitute but one agreement.

9.3 **Notices.** All notices that are required or may be given pursuant to this Agreement shall be sufficient in all respects if given in writing, in English and delivered personally, by electronic mail or by recognized courier service, to the following addresses:

Any Party may change its address for notice by notice to the other in the manner set forth above. All notices shall be deemed to have been duly given at the time of receipt by the Party to which such notice is addressed.

9.4 **Governing Law and Venue.** This Agreement and the legal relations between the Parties shall be governed by and construed in accordance with the laws of the State of Texas, without regard to principles of conflicts of laws that would direct the application of the laws of another jurisdiction.

9.5 **Dispute Resolution.** Each Party consents to personal jurisdiction in any action brought in the United States federal courts located in the State of Texas with respect to any dispute, claim or controversy arising out of or in relation to or in connection with this Agreement, and each of the Parties agrees that any action instituted by it against the other with respect to any such dispute, controversy or claim will be instituted exclusively in the United States District Courts located in Harris County, Texas. Each Party (a) irrevocably submits to the exclusive jurisdiction of such courts, (b) waives any objection to laying venue in any such action or proceeding in such courts, (c) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over it, and (d) agrees that service of process upon it may be effected by mailing a copy thereof by registered mail (or any substantially similar form of mail), postage prepaid, to it at its address specified in Section 9.3. The foregoing consents to jurisdiction and service of process shall not constitute general consents to service of process in the State of Texas for any purpose except as provided herein and shall not be deemed to confer any rights on any Person other than the Parties to this Agreement. The Parties hereby waive trial by jury in any action, proceeding or counterclaim brought by any Party against another in any matter whatsoever arising out of or in relation to or in connection with this Agreement.

9.6 **Captions.** The captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

9.7 **Assignment.** The rights and obligations of Service Provider under this Agreement shall be personal to such Party and may not be assigned, transferred, conveyed, pledged, disposed of, or otherwise alienated, in whole or in part, in any manner (whether by assignment, merger, change of control, sale of stock, assignment for the benefit of creditors, receivership, bankruptcy or otherwise) without the express written consent of Company, which consent may be withheld for any reason. Any purported transfer or other disposition in violation of this Section 9.7 shall be void *ab initio*.

9.8 **Waivers.** Any failure by any Party to comply with any of its obligations, agreements or conditions herein contained may be waived by the Party to whom such compliance is owed by an instrument signed by the Party to whom compliance is owed and expressly identified as a waiver, but not in any other manner. No waiver of, or consent to a change in, any of the provisions of this Agreement shall be deemed or shall constitute a waiver of, or consent to a change in, other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided.

9.9 **Entire Agreement.** This Agreement constitutes the entire agreement among the Parties pertaining to the subject matter hereof, and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, of the Parties pertaining to the subject matter hereof. In entering into this Agreement, no Party has relied on any statement, representation,

warranty, covenant, or agreement of the other Parties or its representatives other than those expressly contained in this Agreement.

9.10 **Amendment.** This Agreement may be amended or modified only by an agreement in writing signed by the Parties against whom such amendment or modification is sought to be enforced and expressly identified as an amendment or modification.

9.11 **No Third-Person Beneficiaries.** Except for the specific rights granted to Sage Road under the terms hereof, the provisions of this Agreement are enforceable solely by the Parties. Nothing in this Agreement shall entitle any Person other than the Parties any claim, cause of action, remedy or right of any kind, except the rights expressly provided to Sage Road or to the Persons described in Article 6, which rights must be enforced and claims brought, if at all, by the applicable Person.

9.12 **Severability.** If any provision of this Agreement, or any application thereof, is held invalid, illegal or unenforceable in any respect under any Law, this Agreement shall be reformed to the extent necessary to conform, in each case consistent with the intention of the Parties, to such Law, and, to the extent such provision cannot be so reformed, then such provision (or the invalid, illegal or unenforceable application thereof) shall be deemed deleted from (or prohibited under) this Agreement, as the case may be, and the validity, legality and enforceability of the remaining provisions contained herein (and any other application of such provision) shall not in any way be affected or impaired thereby.

9.13 **Time of the Essence.** Time is of the essence in this Agreement. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (and the expiration of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day.

9.14 **Limitation on Damages.** Notwithstanding anything to the contrary contained herein, no Party, nor any of their respective Affiliates shall be entitled to consequential, special, or punitive damages in connection with this Agreement and the transactions contemplated hereby (other than consequential, special, or punitive damages suffered by third Persons for which responsibility is allocated between or among the Parties) and each Party, for itself and on behalf of its Affiliates, hereby expressly waives any right to consequential, special, or punitive damages in connection with this Agreement and the transactions contemplated hereby (other than consequential, special, or punitive damages suffered by third Persons for which responsibility is allocated between or among the Parties).

9.15 **Relationship of the Parties.** It is not the intention of the Parties to create, nor shall this Agreement be construed as creating, a mining or other partnership, joint venture, agency relationship, or association, or to render the parties liable as partners, co-venturers, or principals.

9.16 **Further Assurances.** Each Party shall from time to time, and without additional consideration, take such further acts, and execute and deliver such further documents, as may be

reasonably requested by another Party in order to fully perform and carry out the terms of this Agreement.

9.17 **Conflict.** In the event of a conflict between the provisions of this Agreement and any mandatory provision of Law, the applicable provision of such Law shall control. In the event of a conflict between the provisions of this Agreement and any provision of the Company Agreement, the applicable provision of the Company Agreement shall control.
