PAID UP OIL AND GAS LEASE

Revised 11-26-13

This Oil and Gas Lease (the "Lease"), dated December, 5th 2014, is by and between: **Robert H. Miller and Roxann Rooney, husband and wife,** whose address is 48 80th Terrace, Treasure Island FL 33706 (whether one or more "Lessor") and **Source Energy MidCon., LLC** (herein called "Lessee"), whose address is 1805 Shea Center Drive, Suite 100, Highlands Ranch, Colorado 80129 ("Lessee.")

For and in consideration of Ten Dollars, Lessee's agreements contained in this Lease, and other good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, Lessor and Lessee hereby agree as follows:

1. Lessor has granted, demised, leased and let and hereby does grant, demise, lease and let unto Lessee, the lands described below, with any reversionary rights therein (the "Lands"), for the sole and exclusive right to explore by geophysical and other methods, for (without limitation) drilling, completing and operating for oil (including but not limited to distillate and condensate), gas (including casinghead gas and helium and all other constituents), and, for laying pipelines, building drill sites, access roads, tanks, power stations and structures thereon, to produce, save and take care of said products, all of the "Lands" described as follows:

NW¼ of Section 5 in Township 32 South, Range 1 East

all located in Sumner County Kansas, containing 154.96 acres, more or less (the "Lands" or "Leased Premises").

2. Lessor intends to lease and Lessor does hereby lease, all of the lands or interests in lands presently owned by Lessor or any lands owned in the future by Lessor which may adjoin the Lands which lie in the section herein specified, whether or not completely and accurately described, together with and including any accretions or riparian rights appurtenant thereto.

3. Lessor and Lessee agree that the Lease shall remain in force for a term of $\underline{\text{Two}(2)}$ years, (herein called the "Primary Term") and so long thereafter as oil or gas, or either of them, is produced from said land or lands pooled therewith.

4. As part of the consideration for the Lease, Lessee covenants and agrees:

A. To deliver to the credit of Lessor free of cost, in the pipeline to which it may connect its wells, a 1/8 (12.5%) part of all oil (including but not limited to condensate and distillate) produced and saved from the Lands.

B. To pay Lessor for gas (including casinghead gas) and all other substances covered hereby, a royalty of 1/8 (12.5%) of the proceeds realized by Lessee from the sale thereof less a proportionate part of the production, severance and other excise taxes, said payments to be made monthly.

C. During any period after expiration of the Primary Term when gas or oil is not being sold or used and the well or wells are shut in and there is no current production of gas or oil or operations on the Lands (or lands pooled or unitized therewith), sufficient to keep this Lease in force (to include any mechanical failures making either gas or oil unable to produce in paying quantities), Lessee shall pay or tender to Lessor as a shut in royalty One Dollar (\$1.00) per year per net mineral acre retained under this Lease ("Shut-in Royalty"). Payment of the Shut-in Royalty shall be made on or before the anniversary date of this Lease next ensuing after the expiration of 90 days from the date such well is shut-in and thereafter on or before the anniversary date of this Lease, during the period such well is shut in. When Lessee pays the Shut-in-Royalty, it will be considered that gas or oil is being produced on the Lease within the meaning of the entire Lease. Lessee's failure to properly pay Shut-in Royalty shall render Lessee liable for the amount due, but shall not operate to terminate this Lease.

5. At the expiration of the Primary Term, if there is no production in paying quantities on the Lands or on lands pooled therewith, but Lessee is conducting operations for drilling, completing or reworking a well, this Lease nevertheless shall continue as long as such operations are prosecuted with reasonable diligence and dispatch or additional operations are commenced and prosecuted (whether on the same or successive wells) with no cessation of more than 90 days, and if production is discovered, this Lease shall continue as long thereafter as oil or gas are produced. In addition, if at any time or times after the Primary Term, there is a total cessation of all production from the Lands for any cause (other than *force majeure*), this Lease shall not terminate if Lessee commences or resumes any drilling or reworking operations or production within 90 days after such cessation. Drilling or reworking operations shall be deemed to be commenced when the first material is placed on the Lands or when the first work, other than surveying or staking the location, is done on the Lands that is necessary for such operations. However, this term may be extended an additional 90 days, if Lessee has been unable to secure the goods or services necessary to conduct operations on the Lease, such goods and services to include, without limitation, drilling, completion or recompletion services, crews, equipment, water supply resources, water disposal

Page 1 of 4

resources, water supply or disposal infrastructure, regulatory approvals, third-party approvals, any additional Lessor required approvals.

Revised 11-26-13

6. Lessor hereby grants Lessee the right at any time and from time to time to pool or unitize the Lands or any portion or portions of the Lands as to all strata or any stratum or strata, with any other lands as to all strata or any stratum or strata, for the production primarily of oil or primarily of gas, with or without distillate. Lessee may also amend or modify the size of such a "Unit," at its' sole discretion, at any time and from time to time while this Lease is in force and effect. The creation of a Unit by such pooling shall be based on the following criteria (hereinafter called "pooling criteria"): A unit for an oil well (other than a horizontal completion) shall not exceed 320 acres plus a maximum acreage tolerance of 10%, and a unit for a gas well not to exceed 640 acres plus a maximum acreage tolerance of 10%. For horizontal wells or either oil, gas or both, Lessee may establish units not to exceed 1,280 acres plus a maximum acreage tolerance of 10%; provided however, that Lessee may form larger units to conform to any well spacing or density pattern that may be prescribed or permitted by applicable government authority. For the purpose of the foregoing, the terms "oil well" and "gas well" shall have the meanings prescribed by applicable law or the appropriate governmental authority, or, if no definition is so prescribed, "oil well" means a well with an initial gas-oil ratio of less than 100,000 cubic feet per barrel and "gas well" means a well with an initial gas-oil ratio of 100,000 cubic feet or more per barrel, based on a 24-hour production test conducted under normal producing conditions using standard lease separator facilities or equivalent testing equipment; and the term "horizontal completion" or "horizontal well" means a well in which the horizontal component of the gross completion interval in the reservoir exceeds the vertical component of the gross completion interval. Lessee shall file written unit designations in the county in which the Lands are located unless the pooling or unitization results from governmental order or rule, in which case no such written designation shall be required. Operations on and production from the Unit shall be treated as if such operations were upon or such production were from the Lands whether or not the well or wells are located on the Lands. The entire acreage within a unit shall be treated for all purposes as if it were covered by and included in this Lease except that the royalty on production from the unit shall be as below provided, and except that in calculating the amount of any shut in gas royalties, only the part of the acreage originally leased and then actually embraced by this Lease shall be counted. With respect to production from the Unit, Lessee shall pay Lessor, in lieu of other royalties thereon, only such production of the royalties stipulated herein as the amount of his acreage placed in the unit, or his royalty interest therein on an acreage basis bears to the total acreage in the unit.

7. If said Lessor owns a less interest in the Lands than the entire and undivided fee simple estate, then the royalties herein provided shall be paid to the Lessor only in the proportion which his interest in the Lands bears to the whole and undivided fee interest in the Lands.

8. Lessee shall have the right to use, free of cost, gas, oil and water produced on the Lands for its operations, except water from water wells drilled and used by Lessor.

9. Lessee shall have the right to inject produced water into the Leased Premises to include the following allowances:

- (i) the injection and disposal of both on-unit/on-lease as well as off-unit/off-lease (third party) oil field brine and other water produced in connection with oil field operations (collectively the "**Produced Water**");
- (ii) the injection of Produced Water into the substrata of the Lease Premises;
- (iii) drilling, re-drilling, deepening or plugging back of any wells to make it suitable for the disposal of Produced Water;
- (iv) for the digging of pits, laying of pipelines, for the erection of tanks and receptacles on the Leased Premises necessary for receiving, treating and disposing of Produced Water; and
- (v) for the erection of structures and installation of appliances, engines and machinery on the Lease Premises necessary in connection with the operation of Produced Water disposal input into any injection wells.

If Lessee installs facilities on the Leased Premises that are fully capable of disposing Produced Water the Rate Schedule below shall apply and payment will be due yearly on or before the anniversary date of this Lease; however, during the Primary Term, or after the Primary Term if this Lease is being otherwise maintained and perpetuated by any of its provisions related to the production of oil and gas, no payment hereunder is required if Lessee has not installed such facilities, or for any such facilities that have been plugged and abandoned. If after the end of the Primary Term this Lease is not being maintained or perpetuated by any of its provisions related to the production of oil and gas, and facilities capable of disposing Produced Water have been installed on the Leased Premises while the Lease was otherwise in effect, Lessee may perpetuate the Produced Water provisions of this Lease for so long as Lessee performs as hereby required and subject to the other provisions contained herein not solely related to the production of oil and gas. It is expressly understood, however, that in such

Page 2 of 4

Revised 11-26-13

instance this Lease shall be terminated as to Lessor's oil, gas and mineral estate and as to any provisions related solely thereto.

RATE SCHEDULE

i. Average of 10,000+ barrels/day, per year, disposed = \$12,000.00 per year

ii. Average of 5,000-10,000 barrels/day, per year, disposed = \$6,000.00 per year

iii. Average of 0-5,000 barrels/day, per year, disposed = \$3,000.00 per year

10. Lessee shall have the right at any time to remove all machinery and fixtures placed on the Lands, including the right to draw and remove casing.

11. Lessee shall pay Lessor pipeline damages at a rate of \$20.00 per rod of ground actually disturbed, plus crop damages at a rate consistent with prevailing local rates in the immediate area. Lessee shall be allowed to lay both on-lease as well as off-lease pipelines across the Leased Premises.

12. Lessor and Lessee may assign its interest in this Lease in whole or in part, the terms of the Lease shall be binding upon and extend to their respective heirs, executors, administrators, successors or assigns. If Lessor assigns its interest in the Lease or Lands, no change or division in ownership of the Lands or royalties shall enlarge the obligations or diminish the rights of Lessee. No change in the ownership of the Land or royalties shall be binding on the Lessee until after the Lessee has been furnished with a true copy of the assignment or transfer, recorded in the county in which the Lands are located. If Lessee assigns this Lease, in whole or in part, the assignee of Lessee's interest shall assume all of Lessee's obligations under the Lease, and Lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

13. If at any time within the Primary Term of this Lease or any continuation thereof, Lessor receives a bona fide offer to grant an additional lease ("Top Lease") to a third party ("Third Party Lessee") covering all or part of the Lands that is acceptable to Lessor, Lessee shall have the option to acquire such Top Lease by meeting the terms offered by the Third Party Lessee. Any offer to top lease by the Third Party Lessee must be in writing and must set forth in detail the material terms of the Top Lease, including without limitation, the proposed lease term, bonus consideration, royalty, and shall include a copy of the lease form to be utilized ("Offer to Top Lease"). Lessor shall forward the "Offer to Top Lease" to Lessee as soon as it is received, and Lessor agrees not to sign the Top Lease unless and until it has offered Lessee the option to meet the Offer to Top Lease. Lessee shall have 15 days after receipt from Lessor of the Offer to Top Lease, or if Lessee fails to notify Lessor within the 15 day period of its election to meet the term of the Offer to Top Lease, Lessor may accept the terms of the Offer to Top Lease. Any top lease granted by Lessor in violation of this provision shall be null and void.

14. All express or implied covenants of this Lease shall be subject to all Federal and State Laws, Executive Orders, Rules and Regulations, and this Lease shall not be terminated, in whole or in part, nor Lessee held liable in damages, for failure to comply therewith, if compliance is prevented by, or such failure is the result of any such Law, Order, Rule or Regulation, or operation of force majeure.

15. Lessee may at any time and from time to time surrender this Lease as to any part or parts of the Lands by delivering or mailing a release thereof to Lessor, or by placing a release of record in the proper County.

16. Notwithstanding anything to the contrary contained in this Lease, no litigation shall be initiated by Lessor for damages, forfeiture, termination or cancellation with respect to any breach or default by Lessee hereunder, for a period of at least 90 days after Lessor has given Lessee written notice fully describing the breach or default, and then only if Lessee fails to remedy the breach or default within such period. If the matter is litigated and there is final judicial determination that a breach or default has occurred, the Lessee shall be required and obligated to specifically comply with the judicial determination including but not limited to the removal of its equipment and restoration of the Lands in accordance with applicable rules and regulations.

17. Lessor hereby warrants and agrees to defend the title to the Lands. In the event of default of payment by Lessor, Lessor agrees that the Lessee shall have the right at any time to redeem for Lessor by payment, any mortgages, taxes or other liens on the Lands, and thereafter, be subrogated to the rights of the holder thereof, and the Lessor, for themselves and their heirs, successors and assigns. Lessor hereby surrenders and releases all right of dower and homestead in the Lands, insofar as said right of dower and homestead may in any way affect the purposes for which this Lease is made.

18. Lessee shall have the exclusive right to explore the Lands by geological, geophysical or other

Page 3 of 4

Revised 11-26-13

methods, whether similar to those herein specified or not and whether now known or not, including the drilling of holes, use of torsion balance, seismograph explosions, magnetometer, or other geophysical or geological instruments, tests or procedures, for the purpose of securing geological and geophysical information. All information obtained by Lessee as a result of the activity shall be the exclusive property of Lessee, and Lessee may disseminate or sell such information without Lessor's consent. Lessor and Lessee herein agree that a portion of the consideration paid herein is for advance payment of usual and customary damages associated with seismograph operations (i.e., tire tracks in the wheat, pasture or fields, road use, etc.). If any extraordinary damages occur, Lessor (or its tenant, if Lessor has a tenant) will be compensated accordingly, or at Lessee's discretion Lessee may elect to repair the damages in lieu of compensation.

19. For the same consideration stated above, Lessor further grants, sells, conveys and warrants to Lessee a subsurface right-of-way and easement in, through and under the leased premises for the purpose of drilling oil and/or gas wells to, and producing through said wells oil, gas or other minerals from, lands other than the Leased Premises, together with the right of ingress and egress to said wells.

20. If this Lease is not otherwise continued in force at the end of the Primary Term, Lessor and Lessee hereby agree that Lessee shall have the exclusive option to extend the Primary Term of this Lease for an additional Two (2) years by tendering to Lessor a payment equal to the same per acre bonus paid to Lessor, such tender to be made on or before the expiration of the Primary Term. Payment shall be deemed made upon Lessee's tendering of such payment by certified mail to Lessor at Lessor's address shown on this Lease, on or before the expiration of the Primary Term. Lessee may or may not exercise this option to extend the Primary Term in its sole discretion.

ARTICLE 2 SERVICES

Subject to the terms of this Agreement, Service Provider agrees to provide, or to cause to be provided, on behalf of and as directed by Company, services regarding the management, administration, and operation of the business and affairs of Company, including the services set forth on <u>Schedule 2.1</u> (the "<u>Management Services</u>").

2.2 **Operator Services**.

(a) Subject to the terms of this Agreement, Company hereby engages and appoints Service Provider as an independent contractor, and Service Provider hereby accepts such engagement and appointment, to provide or cause to be provided, in accordance with this Agreement and subject to the limitations set forth herein, both (i) with respect to Company's properties not subject to a Joint Operating Agreement, all procurement, operating, drilling, completion, well intervention, geoscience, engineering, construction, technical, land, marketing, midstream, accounting, tax, and information technology services with respect to such properties at any time during the term of this Agreement, including those services described on <u>Schedule 2.2</u>, and (ii) with respect to Company's properties subject to a Joint Operating Agreement in which Company is the named operator thereunder or otherwise has the authority to elect or appoint the operator thereunder, serving as Company's contract operator under any such Joint Operating Agreements, including all services required from the "operator" under the terms thereof (collectively, the "<u>Operator Services</u>").

(b) Notwithstanding the foregoing, Company may remove Service Provider as its contract operator under any Joint Operating Agreement and may terminate the Operator Services with respect to any particular properties at any time in its sole discretion. If Company elects to remove Service Provider as its contract operator under any Joint Operating Agreement, then Service Provider shall relinquish operatorship of the properties covered thereby and use its reasonable best efforts to transfer operatorship in an orderly manner (as reasonably directed by Company) to Company, or such other Person as directed by Company, for no additional consideration, and shall make (or, as directed by Company, assist Company in making) such filings, as may be required to effectuate the foregoing.

(c) In addition to those other activities prohibited or restricted by this Agreement, including Article 3, and notwithstanding anything herein to the contrary, the authority of Service Provider shall be limited to, and subject to the restrictions set forth in, and shall cause the Operator Services to be performed in accordance with, the specific Joint Operating Agreements under which it serves as contract operator.

2.3 <u>Other Services</u>. Service Provider shall also provide services in connection with the management and operation of the Business in addition to those specifically enumerated in this Article 2 as reasonably requested from time to time by Company.

2.4 **<u>Power of Delegation; Affiliate Transactions.</u>**

(a) The Parties hereby agree that in discharging its obligations hereunder, Service Provider may, subject to the terms of this Section 2.4 and the other provisions of this Agreement, engage, or cause Company to engage, any qualified third party to perform the Services (or any part of the Services) on its behalf pursuant to one or more agreements with terms which are then customary and reasonable for agreements regarding the provision of services to companies that conduct operations that are similar to the operations of Company; *provided* that (i) Service Provider acts prudently in selecting and appointing any such Person and regularly reviews and monitors any Services performed by such Person, (ii) in no case shall the performance of Services by such Person relieve Service Provider of its obligations hereunder, (iii) any Services performed by Service Provider, and (iv) Service Provider shall retain, and may not delegate to any third party, their authority to act on behalf of Company as provided under this Agreement or their responsibility for the day-to-day oversight, management, administration and monitoring of the Services and Company's operations.

(b) The Parties hereby agree that in discharging its obligations hereunder, Service Provider may, subject to the terms of this Section 2.4 and the other provisions of this Agreement, arrange for contracts with any qualified third party for goods in connection with the provision of the Services; *provided*, that Service Provider shall use commercial best efforts (i) to obtain such goods at rates competitive with those otherwise generally available in the area in which materials are to be furnished and (ii) to obtain from such third parties such warranties and guarantees as may be customary or reasonably required with respect to the goods so furnished.

(c) Company may select, and require Service Provider to engage, qualified third parties designated by Company to perform the Services (or any part of the Services) pursuant to agreements approved and entered into by Company.

(d) Service Provider will not enter into any agreement or arrangement or engage, or cause Company to enter into or engage, in any transaction which if entered into by the Company, pursuant to the terms of the Company Agreement, must be approved by the Board of Managers (as defined in the Company Agreement), unless such agreement or arrangement is disclosed to Company and approved by Company in accordance with the provisions of the Company Agreement.

(e) Service Provider will not enter into any agreement or arrangement or engage, or cause Company to enter into or engage, in any transaction with any Affiliate or related party of Service Provider, unless such agreement or arrangement is disclosed to Company, including the applicable Affiliate relationship, and approved by Company in accordance with the provisions of the Company Agreement.

2.5 <u>**Company Board**</u>. All communications between Company and Service Provider or its Affiliates, under or with respect to this Agreement, including the Services, and all actions by Company with respect to this Agreement shall, with respect to Company, be with and under the direction and control of the Board of Managers.

ARTICLE 3 PERFORMANCE OF SERVICES

3.1 **Provision of Services**.

(a) Service Provider shall provide (a) sufficient personnel (including, as necessary or appropriate, contractors, consultants, temporary employees, and agents) with the appropriate background and experience to perform the applicable services in a timely manner in accordance with the terms of this Agreement, and (b) equipment and facilities to perform the applicable services in a timely manner in accordance with the terms of this Agreement. There shall not be deemed or construed to be an express or implied contract of employment between Company and any such Persons.

(b) With respect to Service Provider's activities under this Agreement, including such activities undertaken by Service Provider in its capacity as Company's contract operator under any applicable Joint Operating Agreement, Service Provider agrees to provide the Services in a manner that is in accordance with (i) the directions of Company, including its policies and procedures in effect from time to time, and (ii) any Budget then in effect. Service Provider shall notify Company promptly if at any time the actual performance of the Business is anticipated to deviate in any material respect from any Budget (including any deviation of more than 5% in any operating or capital expenses or other material projected budget line items from the corresponding budgeted or projected amounts set forth in any Budget).

3.2 **Independent Contractor Relationship**. The Parties acknowledge and agree that Service Provider shall provide the applicable services as an independent contractor. Service Provider shall have the sole discretion and responsibility to determine the specific manner and means by which the applicable services are to be performed and the authority to control, oversee, and direct the performance of the details of such services.

3.3 <u>**Title to Assets.**</u> Notwithstanding anything else to the contrary herein, all real and personal property relating to the assets of Company shall be owned by and acquired in the name of Company.

3.4 <u>Service Support</u>. Company shall provide such information, and shall use commercially reasonable efforts to provide such other support as may be necessary for Service Provider to perform, or cause to be performed its applicable services from time to time.

3.5 **Standard of Performance**.

(a) Service Provider shall (i) use its reasonable best efforts to provide, or cause to be provided, its respective Services in compliance in all material respects with applicable Law, and (ii) provide, or cause to be provided, its respective Services in a good and workmanlike manner and with that degree of care, diligence and skill that a reasonably prudent manager of oil and gas interests and investments similar to those of Company would exercise in comparable circumstances and that is consistent with standard practices for investments in the oil and gas industry.

(b) Service Provider shall not undertake any activity which (i) constitutes Malfeasance or (ii) in the good faith judgment of Service Provider would (A) conflict with, or adversely affect the performance of, its obligations under this Agreement, any of its Affiliate's obligations under the Company Agreement or, as applicable, Company's or Service Provider's obligations under any Joint Operating Agreement or (B) violate, in any material respect, any contracts, leases, orders, security instruments and other agreements to which, to Service Provider's knowledge, Company is a party or by which Company or any of its assets or properties is bound.

(c) To the extent Service Provider shall have charge or possession of any of Company's assets in connection with the provision of the Services, Service Provider shall (i) hold such assets in the name and for the benefit of Company and (ii) separately maintain, and not commingle, such assets with any assets of Service Provider or any other Person.

(d) Service Provider may, from time to time, hold for the account of Company funds of such Parties relating to the provision of the services described in Sections 2.1 and 2.2, and such funds shall remain the funds of Company, as applicable until used for their intended purposes or delivered to the Party entitled to them. Nothing in this Agreement shall be construed to establish a fiduciary relationship between any Party for any purpose other than to account to Company, as applicable, for funds as specifically provided in this sentence.

3.6 **Employees of the Management Group**.

(a) A list of the initial employees of Service Provider who will perform the Services is attached as <u>Schedule 3.6</u>. Service Provider shall select, employ, pay compensation, supervise and direct all personnel and employees necessary for the performance of the Services. Notwithstanding the foregoing, (i) Company shall have the right to approve the identification or addition of any key employee or personnel of Service Provider providing the Services and (ii) after prior consultation with Service Provider, Company may at any time, in its sole discretion with or without cause, direct that Service Provider remove any particular employee or personnel of Service Provider from provision of the Services.

(b) Employees of Service Provider who are engaged in performing any Services shall, as appropriate, (i) be actively involved in providing the Services and (ii) devote that portion of their business time and attention to providing the Services as set forth on <u>Schedule 3.6</u>.

(c) In the event that any employee of Service Provider engages in Malfeasance or violates any non-compete, non-solicitation, confidentiality or business opportunity obligation set forth in this Agreement, the Company Agreement or any other agreement between Company and such Person, Service Provider shall, promptly upon becoming aware of such Malfeasance or violation, (i) notify Company, and (ii) take appropriate action to discipline such employee and, if requested by Company and permissible in accordance with applicable Law, prohibit such employee from performing any further Services and restrict such employee from access to any Confidential Information.

3.7 Limitation on Authority. In addition to those other activities prohibited or restricted by this Article 3 and notwithstanding anything herein to the contrary, the authority of Service Provider to act on behalf of Company shall be limited to, and subject to the restrictions set forth in, (a) the terms of the Company Agreement, specifically the requirement for approval of the Board of Managers of certain actions, and (b) the specific limitation of authority guidelines delivered in writing by Company to Service Provider from time to time, as such guidelines may be amended, supplemented, modified or revoked from time to time by Company in its sole discretion in a written notice delivered to Service Provider (the "Limitation of Authority"). Delivery of any subsequent Limitation of Authority shall revoke in its entirety any previously delivered Limitation of Authority, unless otherwise specified therein; provided, however, that any action taken by Service Provider which was not prohibited under the then-effective Limitation of Authority shall remain effective notwithstanding the delivery of a subsequent Limitation of Authority. Subject to the terms of any third party agreements entered into prior to any change in any Limitation of Authority, Service Provider agrees to comply at all times with the then-effective Limitation of Authority. The terms of the Company Agreement will govern in the event of a conflict in the provisions of the Company Agreement and the then effective Limitation of Authority.

ARTICLE 4 COMPENSATION

4.1 <u>Service Provider Compensation for Management Services</u>. Company shall pay to Service Provider a monthly fee of Nine Thousand Dollars (\$9,000) in connection with Service Provider performing its duties, obligations and services under Article 2 of this Agreement (the "<u>Management Fee</u>"), which shall be adjusted as agreed upon by the Company and Service Provider.

4.2 **<u>Payment</u>**. Within twenty (20) days after the end of each calendar month, Service Provider will submit one invoice to Company for the Management Fee. Subject to good faith disputes, Company shall pay, or cause to be paid, all amounts due under this Agreement within thirty (30) days after the proper delivery of each such invoice.

4.3 <u>Fees in Lieu of Reimbursement</u>. The Management Fee shall be in lieu of all fees, reimbursement, out-of-pocket costs, or other compensation, other than amounts due in respect of indemnification obligations of Company under Article 6, and Service Provider shall not charge, nor shall Company be required to pay, any such amounts.

ARTICLE 5 TERM; TERMINATION

5.1 Term of Agreement.

(a) This Agreement shall be effective as of the date hereof and shall continue until terminated at any time as follows:

(i) Other than in the event of a default by Service Provider as further provided herein, after Company provides at least 30 days' prior written notice of the intent to terminate the Agreement;

If Company has defaulted in a material respect in the performance (vii) or observation of any agreement, covenant, term, condition or obligation hereunder which default, if such default is curable, has not been cured within 30 days after receipt by Company of written notice from Service Provider of such default, after Service Provider provides at least 30 days' prior written notice of the intent to terminate the Agreement.

5.2 Effect of Termination.

Upon termination pursuant to Section 5.1, this Agreement shall become (a) void and be of no further force and effect, except the provisions of Sections 3.2, 3.3, 3.4, 3.5 (to the extent necessary pursuant to Sections 3.4 and 5.3), 3.6 and 7.1, and Articles 1, 4 (to the extent described in Section 5.2(b)), 5, 6, 8 and 9, all of which shall continue in full force and effect.

(b) Service Provider shall remain entitled to the compensation set forth in Sections 4.1 with respect to the month in which termination occurs.

Transition Obligations. Upon the termination of this Agreement pursuant to 5.3 Section 5.1, if requested by Company in writing within 30 days after such termination, Service Provider shall, for a period of six (6) months following the such termination (or, if shorter, such period as Company may identify in writing delivered to Service Provider), (A) provide Company reasonable assistance to transition Service Provider's duties under this Agreement to one or more successor manager(s) designated by Company and (B) continue to provide such Services as Company may reasonably request in order to operate and maintain Company's assets and properties until the transition of each such Service to the successor manager(s) has been completed; provided, however, that Service Provider shall not be responsible for any payments required to transfer any contracts entered into by Service Provider in connection with the performance of their respective obligations hereunder. In providing transition services hereunder, Service Provider shall use the same degree of care used in performing the Services in accordance with this Agreement. Company's obligation to pay Management Fees and Service Provider's right to receive compensation under any applicable Joint Operating Agreement shall continue to apply with respect to the provision of such transition services. In the event that, upon the termination of this Agreement for any reason pursuant to Section 5.1, Service Provider is acting as operator under any Joint Operating Agreement, Service Provider shall, as and when directed by Company, relinquish operatorship under the applicable Joint Operating Agreement in the manner set forth in Section 2.2(b) and use reasonable best efforts to enable a successor operator thereunder (to the extent that such naming of a successor operator is not prohibited in the relevant Joint Operating Agreement) for no additional consideration, and shall make (or, as directed, assist Company or the successor operator with making) such filings, as may be required to effectuate the foregoing.

ARTICLE 6 INDEMNIFICATION; INSURANCE

From and after the date hereof, Company shall, to the fullest extent permitted by 6.1 Law, indemnify, defend, and hold harmless Service Provider, and their respective Affiliates, and its and their respective officers, directors, employees, agents, members, managers, and representatives (the "Management Group") from and against any and all losses, obligations, costs, expenses, damages, claims, awards, or judgments incurred or suffered by the Management Group caused by, arising out of, or resulting from, the provision of the Services by the Management Group, EVEN IF SUCH LOSSES, OBLIGATIONS, COSTS, EXPENSES, DAMAGES, CLAIMS, AWARDS, OR JUDGMENTS ARE CAUSED IN WHOLE OR IN PART BY THE NEGLIGENCE (WHETHER SOLE, JOINT, CONCURRENT, OR OTHERWISE), STRICT LIABILITY, OR OTHER LEGAL FAULT OF THE MANAGEMENT GROUP, INVITEES, OR THIRD PERSONS, AND WHETHER OR NOT CAUSED BY ANY PRE-**EXISTING CONDITION**, except (i) to the extent the action(s) of the applicable member of the Management Group with respect to the Services (1) were not in good faith or not in a manner such Person believed to be in, or not contrary to, the best interests of Company, or (2) constituted Malfeasance and (ii) that Service Provider shall retain or assume full responsibility for any and all claims from or by any employee of Service Provider; and provided that, no member of the Management Group shall be entitled to indemnification with respect to any claim or dispute between the parties hereto relating to this Agreement, the Company Agreement, any Award Agreement (as defined in the Company Agreement) or any other agreement between the parties and their Affiliates related to the Business. Service Provider shall periodically reimburse any Person entitled to indemnity hereunder for its legal and other expenses incurred in connection with defending any claim with respect to such losses, obligations, costs, expenses, damages, claims, THIS PROVISION CONTROLS OVER ANY CONFLICTING awards, or judgments. PROVISION IN THIS AGREEMENT.

6.3 Service Provider shall obtain and maintain during the term of this Agreement, from insurers who are reliable and acceptable to Company and authorized to do business in the state or states or jurisdictions in which Services are to be performed by Service Provider, insurance coverages in the types and minimum limits as the Parties determine to be appropriate and with such terms as are consistent with standard practice in the oil and gas industry or as may be agreed by the Parties and, if applicable, as may otherwise be required by any Joint Operating Agreement. Service Provider agrees that (i) to the extent practicable, it will consult with Company prior to obtaining any such insurance coverage, (ii) it will provide Company, upon Company's request from time to time or at any time, with certificates of insurance evidencing such insurance coverage and (iii) upon request of Company, it shall furnish Company with copies of the policies providing for such insurance coverage. Except with respect to workers' compensation coverage, the policies shall name Service Provider and Company as insureds or additional insureds and shall contain waivers by the insurers of any and all rights of subrogation to pursue any claims or causes of action against Service Provider and Company.

ARTICLE 7

BOOKS, RECORDS AND REPORTING

7.1 Service Provider shall maintain accurate books and records regarding the performance of the applicable Services in accordance with, and for the periods required by, generally accepted accounting principles ("<u>GAAP</u>") and applicable Law. Service Provider further agrees to retain all such books and records pertaining to Company and all the Services for a period of not less than five (5) years following the end of the calendar year in which the applicable Services are performed or any longer period if required by Law. In addition to its other audit rights under Section 7.3, during the term of this Agreement and for five (5) years following the end of the calendar year in which this Agreement is terminated under Section 5.1, upon reasonable written notice to Service Provider and at a mutually agreed time, Company shall have the right, exercisable at its option and expense, to review and copy the books and records maintained by Service Provider relating to Company and the Services.

7.2 At the request of Company, Service Provider shall prepare and provide the following information to Company:

(a) within 45 calendar days after the end of each fiscal quarter, an unaudited balance sheet as of the end of such quarter and the related unaudited statement of operations and statement of cash flows for Company for such quarter prepared in accordance with GAAP (with the exception of normal year-end adjustments and absence of footnotes), consistently applied, along with a comparison to the Budget for such period;

(b) within 90 calendar days after the end of each fiscal year (or such longer period of time after the end of the fiscal year as is approved by Company), an audited balance sheet as of the end of such fiscal year and the related audited statement of operations, statement of members' equity and statement of cash flows for Company for such fiscal year prepared in accordance with GAAP, consistently applied and a signed audit letter from Company's auditors who shall be an accounting firm approved by Company, along with a comparison to the Budget for such period; and

(c) within 90 calendar days after the end of each fiscal year, a reserve report prepared by the Company's independent reservoir engineers.

7.3 At any time during the term of this Agreement, Company shall have the right, exercisable at its option and expense, to review and copy the books and records maintained by Service Provider relating to Company and the Services and, if necessary to verify the performance by Service Provider of its obligations under this Agreement, to audit and examine such books and records (the "<u>Audit Right</u>"). Company may exercise the Audit Right from time to time during normal business hours through such auditors as Company may determine in its sole discretion by providing reasonable written notice to Service Provider. To the extent Company exercises its Audit Right, it shall use its reasonable best efforts to conduct such audit or examination in a manner that minimizes inconvenience and disruption to Service Provider.

7.4 At the request of Company, Service Provider shall prepare a monthly report for each calendar month (the "<u>Monthly Report</u>"), which shall be submitted to Company within 45 calendar days of the end of each such calendar month. Each Monthly Report shall include the following information:

(a) an operating statement and report of financial condition of Company for such monthly period and the year-to-date, including combining financial statements for each of Company's subsidiaries;

(b) a reconciliation report setting forth any material discrepancies or variances between (x) amounts included in the operating statement and/or report of financial condition of Company for such monthly period and the year-to-date and (y) the budgeted or projected amounts, as reflected in the applicable Budget, for the corresponding periods to which such amounts relate;

(c) management's review of the operating and financial performance of Company for such monthly period and the year-to-date, including a discussion of any material discrepancies or variances described in the preceding clause (b); and (d) such other information as Company shall reasonably request, including any information required in order for Company to enter into financing or hedging arrangements or perform its obligations thereunder.

ARTICLE 8

PROTECTION OF INFORMATION; NON-COMPETITION

8.1 Disclosure to and Property of Company and its Subsidiaries. All information, designs, ideas, concepts, improvements, product developments, discoveries, and inventions, whether patentable or not, that are conceived, made, developed, or acquired during the term of this Agreement by Service Provider, individually or in conjunction with others, that are generated as a result of Service Provider's provision of the Services or that relate to Company's or any of its subsidiaries' Business and affairs, properties or prospects including, without limitation, acquisition opportunities, drilling programs and plans, cost structures (including finding and development costs and production costs), prospects and geological, geophysical and engineering information and ideas (collectively, "Confidential Information") shall be disclosed to Company and are and shall be the sole and exclusive property of Company or any of its subsidiaries. Moreover, all seismic data, documents, videotapes, written presentations, brochures, drawings, memoranda, notes, records, files, correspondence, manuals, models, specifications, computer programs, E-mail, voice mail, electronic databases, maps, drawings, architectural renditions, models, and all other writings or materials of any type embodying any of such Confidential Information (collectively, "Work Product") are and shall be the sole and exclusive property of Company or its subsidiaries, as applicable. Upon the termination of this Agreement pursuant to Section 5.1, Service Provider promptly shall deliver such Confidential Information and Work Product, and all copies thereof, to Company. Notwithstanding the foregoing, Company acknowledges and agrees that Service Provider is contractually engaged to provide services for third parties outside of the Contract Areas, and that the information and work product arising from or related to such services does not constitute Confidential Information or Work Product hereunder and this Section 8.1 does not grant any rights to Company or any of its subsidiaries with respect to any such information or work product.

8.2 **Disclosure to Service Provider**. Company will disclose to Service Provider, or place Service Provider in a position to have access to or develop, Confidential Information and Work Product of Company and its subsidiaries.

8.3 **No Unauthorized Use or Disclosure**. Service Provider agrees that it will, and it will cause its subsidiaries to, preserve and protect the confidentiality of all Confidential Information and Work Product of Company and its Affiliates, and will not, at any time, make any unauthorized disclosure of, and shall not copy, reproduce or remove from Company's premises the original or any copies of said Confidential Information, and will use its reasonable efforts to prevent the removal from Company premises of, Confidential Information or Work Product of Company or its subsidiaries, or make any use thereof, in each case, except in the carrying out of Service Provider's responsibilities under or in connection with this Agreement. Service Provider shall inform all Persons (other than officers, directors, members, managers, or employees of (x) Company or (y) any of its subsidiaries) to whom any Confidential Information shall be disclosed by it in accordance with this Agreement about the confidential Information shall be disclosed.

Information, and Service Provider shall ensure that such Confidential Information is identified as being confidential, and shall call such identifying mark to such recipient's attention. Service Provider shall not have any obligation hereunder to keep confidential any Confidential Information if and to the extent disclosure of any thereof is specifically required by law, subpoena, court order or similar legal process; provided, however, that prior to making any disclosure as required by law, subpoena, court order or similar legal process, Service Provider shall provide Company with prompt notice of such requirement to afford Company a reasonable opportunity to challenge the legal requirement, subpoena court order or similar legal process. At the request of Company, Service Provider agrees to deliver to Company, at any time, all Confidential Information that it may possess or control. Service Provider agrees that all Confidential Information of Company (whether now or hereafter existing) conceived, discovered, or made by it, as between Service Provider and Company, exclusively belongs to Company (and not to Service Provider), and Service Provider will promptly disclose such Confidential Information to Company and perform all actions reasonably requested by Company to establish and confirm such exclusive ownership. The subsidiaries of Company shall be third party beneficiaries of Service Provider's obligations under this Section. As a result of Service Provider's services for Company under this Agreement, Service Provider may also from time to time have access to, or knowledge of, Confidential Information or Work Product of third parties, such as customers, suppliers, partners, joint venturers, and the like, of Company and its subsidiaries. Service Provider also agrees to preserve and protect the confidentiality of such third party Confidential Information and Work Product to the same extent, and on the same basis, as Company's Confidential Information and Work Product.

8.4 **<u>Restricted Activities</u>**.

During the term of this Agreement and for the twelve (12)-month period (a) following the termination of this Agreement pursuant to Section 5.1 (the "Restriction Period"), Service Provider will not, directly or indirectly, whether on its own behalf or in association, directly or indirectly, as an agent, partner, stockholder, owner, member, representative, or consultant, or in any other capacity with any other Person, engage in or participate in the Business, in each case other than through Company, without the prior written approval of Company, which may withhold its approval for any reason or no reason in its sole discretion. A violation of this Section 8.4(a) shall not arise solely as a result of (i) an investment in stock or other interest of a Person or any of its direct or indirect subsidiaries listed on a national securities exchange or quotation system or traded in the over-the-counter market if Service Provider does not, directly or indirectly, hold in the aggregate more than a total of 1% of all such shares of stock or other interest issued and outstanding and does not serve as an agent or representative of, or consult to, such Person or (ii) an investment in stock or other interest of, and/or serving as an officer, director, manager, employee, agent, consultant, or representative of, Company or its Affiliates. For the avoidance of doubt, the existing activities set forth on Exhibit F to the Company Agreement shall not be prohibited by this Section 8.4.

(b) During the Restriction Period, Service Provider will not, whether on his behalf or on behalf of any other Person, either directly or indirectly, (i) solicit, induce, persuade, or entice, or endeavor to solicit, induce, persuade, or entice any individual who is employed by Sage Road (as defined in the Company Agreement), Company or any of their respective subsidiaries (each of the foregoing, a "<u>Restricted Company</u>") during the Restriction Period or at any time during the six-month period before the date hereof (each, a "<u>Covered Person</u>") to leave

or terminate employment with the Restricted Company or cease performing services for the benefit of any of them or (ii) hire any Covered Person to provide services (as an employee, consultant, or otherwise) to any Person other than each Restricted Company.

(c) Notwithstanding any other provision to the contrary, the Restriction Period shall be tolled (and the applicable period extended) during the continuation of any legal proceeding brought by Company and during Company's response to any legal proceeding (including any proceeding brought by Service Provider) to enforce the covenants in this Section 8.4 if it is ultimately determined that a breach of the covenants in this Section 8.4 has occurred and during the time period any temporary restraining order, injunction, judgment, or settlement is entered against or agreed to by any restricted party by reason of alleged violations.

8.5 **Specific Enforcement**. It is recognized and acknowledged that a breach of this Article 8 may cause irreparable damage to the non-breaching Party, that the amount of such damages would be difficult or impossible to ascertain, and that the remedies at law for any such breach are likely to be inadequate. Accordingly, each Party agrees in the event of a breach of any of its covenants in this Article 8, in addition to any other remedy which may be available at law or in equity, each non-breaching Party will be entitled to apply for specific performance and injunctive relief or other equitable relief in any court of competent jurisdiction, without the necessity of posting any bond, in the case of any such breach or attempted breach. In the event any term of this Article 8 shall be determined by any court of competent jurisdiction to be unenforceable by reason of its being too extensive in any other respect, it will be interpreted to extend only over the maximum period of time for which it may be enforceable, over the maximum geographical area as to which it may be enforceable, and to the maximum extent in all other respects as to which it may be enforceable, all as determined by such court in such action.

ARTICLE 9 MISCELLANEOUS

9.1 **<u>Representations</u>**. Each Party severally, but not jointly, represents and warrants to the other Parties that:

(a) Such Party has full power and authority to execute and deliver this Agreement to which it is a party and to perform its obligations hereunder, and the execution, delivery and performance by such Party of this Agreement have been duly authorized by all necessary action.

(b) This Agreement has been duly and validly executed and delivered by such Party and constitutes the binding obligation of such Party enforceable against such Party in accordance with its terms, subject to Creditors' Rights (as defined in the Company Agreement).

(c) The execution, delivery and performance by such Party of this Agreement will not, with or without the giving of notice or the passage of time, or both, (i) violate any provision of Law to which such Party is subject, (ii) violate any order, judgment or decree applicable to such Party, or (iii) conflict with, or result in a breach or default under: (A) any term or condition of such Party's Organizational Documents (as defined in the Company Agreement); or (B) any other instrument to which such Party is a party or by which any property of such Party is otherwise bound or subject, except, in the case of this clause (B), where such conflict, breach or default would not reasonably be expected to, individually or in the aggregate, materially impair such Party's ability to perform its obligations under this Agreement.

(d) Such Party hereby represents and warrants to the other Parties that neither such Party nor any of its Affiliates are subject to any covenants, agreements or restrictions, including covenants, agreements or restrictions regarding non-competition, non-solicitation, rights of first refusal or offer and preference rights, that would be breached or violated by such Party or such Party's performance hereunder.

9.2 <u>**Counterparts**</u>. This Agreement may be executed in counterparts, each of which shall be deemed an original instrument, but all such counterparts together shall constitute but one agreement.

9.3 <u>Notices</u>. All notices that are required or may be given pursuant to this Agreement shall be sufficient in all respects if given in writing, in English and delivered personally, by electronic mail or by recognized courier service, to the following addresses:

If to Company:

If to Service Provider:

Any Party may change its address for notice by notice to the other in the manner set forth above. All notices shall be deemed to have been duly given at the time of receipt by the Party to which such notice is addressed. 9.4 **Governing Law and Venue**. This Agreement and the legal relations between the Parties shall be governed by and construed in accordance with the laws of the State of Texas, without regard to principles of conflicts of laws that would direct the application of the laws of another jurisdiction.

9.5 **Dispute Resolution**. Each Party consents to personal jurisdiction in any action brought in the United States federal courts located in the State of Texas with respect to any dispute, claim or controversy arising out of or in relation to or in connection with this Agreement, and each of the Parties agrees that any action instituted by it against the other with respect to any such dispute, controversy or claim will be instituted exclusively in the United States District Courts located in Harris County, Texas. Each Party (a) irrevocably submits to the exclusive jurisdiction of such courts, (b) waives any objection to laying venue in any such action or proceeding in such courts, (c) waives any objection that such courts are an inconvenient forum or do not have jurisdiction over it, and (d) agrees that service of process upon it may be effected by mailing a copy thereof by registered mail (or any substantially similar form of mail), postage prepaid, to it at its address specified in Section 9.3. The foregoing consents to jurisdiction and service of process shall not constitute general consents to service of process in the State of Texas for any purpose except as provided herein and shall not be deemed to confer any rights on any Person other than the Parties to this Agreement. The Parties hereby waive trial by jury in any action, proceeding or counterclaim brought by any Party against another in any matter whatsoever arising out of or in relation to or in connection with this Agreement.

9.6 <u>**Captions**</u>. The captions in this Agreement are for convenience only and shall not be considered a part of or affect the construction or interpretation of any provision of this Agreement.

9.7 <u>Assignment</u>. The rights and obligations of Service Provider under this Agreement shall be personal to such Party and may not be assigned, transferred, conveyed, pledged, disposed of, or otherwise alienated, in whole or in part, in any manner (whether by assignment, merger, change of control, sale of stock, assignment for the benefit of creditors, receivership, bankruptcy or otherwise) without the express written consent of Company, which consent may be withheld for any reason. Any purported transfer or other disposition in violation of this Section 9.7 shall be void *ab initio*.

9.8 <u>Waivers</u>. Any failure by any Party to comply with any of its obligations, agreements or conditions herein contained may be waived by the Party to whom such compliance is owed by an instrument signed by the Party to whom compliance is owed and expressly identified as a waiver, but not in any other manner. No waiver of, or consent to a change in, any of the provisions of this Agreement shall be deemed or shall constitute a waiver of, or consent to a change in, other provisions hereof (whether or not similar), nor shall such waiver constitute a continuing waiver unless otherwise expressly provided.

9.9 <u>Entire Agreement</u>. This Agreement constitutes the entire agreement among the Parties pertaining to the subject matter hereof, and supersede all prior agreements, understandings, negotiations and discussions, whether oral or written, of the Parties pertaining to the subject matter hereof. In entering into this Agreement, no Party has relied on any statement, representation,

warranty, covenant, or agreement of the other Parties or its representatives other than those expressly contained in this Agreement.

9.10 <u>Amendment</u>. This Agreement may be amended or modified only by an agreement in writing signed by the Parties against whom such amendment or modification is sought to be enforced and expressly identified as an amendment or modification.

9.11 <u>No Third-Person Beneficiaries</u>. Except for the specific rights granted to Sage Road under the terms hereof, the provisions of this Agreement are enforceable solely by the Parties. Nothing in this Agreement shall entitle any Person other than the Parties any claim, cause of action, remedy or right of any kind, except the rights expressly provided to Sage Road or to the Persons described in Article 6, which rights must be enforced and claims brought, if at all, by the applicable Person.

9.12 <u>Severability</u>. If any provision of this Agreement, or any application thereof, is held invalid, illegal or unenforceable in any respect under any Law, this Agreement shall be reformed to the extent necessary to conform, in each case consistent with the intention of the Parties, to such Law, and, to the extent such provision cannot be so reformed, then such provision (or the invalid, illegal or unenforceable application thereof) shall be deemed deleted from (or prohibited under) this Agreement, as the case may be, and the validity, legality and enforceability of the remaining provisions contained herein (and any other application of such provision) shall not in any way be affected or impaired thereby.

9.13 <u>**Time of the Essence**</u>. Time is of the essence in this Agreement. If the date specified in this Agreement for giving any notice or taking any action is not a Business Day (or if the period during which any notice is required to be given or any action taken expires on a date which is not a Business Day), then the date for giving such notice or taking such action (and the expiration of such period during which notice is required to be given or action taken) shall be the next day which is a Business Day.

9.14 <u>Limitation on Damages</u>. Notwithstanding anything to the contrary contained herein, no Party, nor any of their respective Affiliates shall be entitled to consequential, special, or punitive damages in connection with this Agreement and the transactions contemplated hereby (other than consequential, special, or punitive damages suffered by third Persons for which responsibility is allocated between or among the Parties) and each Party, for itself and on behalf of its Affiliates, hereby expressly waives any right to consequential, special, or punitive damages in connection with this Agreement and the transactions contemplated hereby (other than consequential, special, or punitive damages suffered by third Persons for which responsibility is allocated between or among the Parties).

9.15 <u>**Relationship of the Parties**</u>. It is not the intention of the Parties to create, nor shall this Agreement be construed as creating, a mining or other partnership, joint venture, agency relationship, or association, or to render the parties liable as partners, co-venturers, or principals.

9.16 <u>Further Assurances</u>. Each Party shall from time to time, and without additional consideration, take such further acts, and execute and deliver such further documents, as may be

reasonably requested by another Party in order to fully perform and carry out the terms of this Agreement.

9.17 <u>Conflict</u>. In the event of a conflict between the provisions of this Agreement and any mandatory provision of Law, the applicable provision of such Law shall control. In the event of a conflict between the provisions of this Agreement and any provision of the Company Agreement, the applicable provision of the Company Agreement shall control.
