AFFIDAVIT CONCERNING CHANGE OF LEASE OPERATOR

The undersigned, Mark G. Ptacek, of lawful age, after being first duly sworn upon his oath states:

- 1. I own working interests in several oil and gas leases operated by ESP Development, Inc. (ESP).
- 2. I am familiar with a lease operated by ESP and commonly known as the   Eulert Northwest   Lease which covers the following described property:

hereinafter referred to as the Subject Lease.

- 3. The present operator of the Subject Lease is ESP Development, Inc.
- 4. I do not own an interest in the Subject Lease, but am familiar with that lease as set forth below.
- 5. I have been informed that ESP had provided interest owners of the Subject Lease with a written Drilling Participation and Operating Agreement.
- 6. The agreement provides in part as follows:

“But Assignees reserve the right to change operators upon thirty (30) days written notice to ESP by persons owning a majority interest in the lease”.

- 7. I have been provided a list of working interest owners in the Subject Lease and the percentage of working interest owned by each owner.
- 8. A ballot was forwarded to the interest owners to determine whether the interest owners wished to change the operator of the Subject Lease from ESP Development, Inc. to Fossil Energy, LLC. Those ballots were returned to me.
- 9. I have personally reviewed the ballots which were returned by working interest owners of the Subject Lease and those ballots show that persons owning a majority interest in the Subject Lease have elected to change the operator to Fossil Energy, LLC.

10. Effective May 1, 2021, the new operator for the lease will be Fossil Energy, LLC.

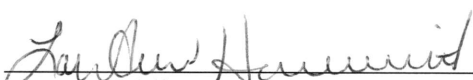

Affiant further saith naught.

SIGNED this   19   day of March, 2021.

Dear KCC,

Fossil Energy, LLC was instructed by your Legal Dept to obtain the Original Participation & Operators Agreement from ESP Development to their Shareholders. After much investigating with current shareholders, Fossil Energy has realized many of the shareholders currently are second, and in some cases third generation family members that obtained these shares from the original owners and do not have Participation & Operating Agreements. Some of these leases are 30 years old and as old as 67 years!

We have attached Fossil Energy, LLC –

Affidavit of 'Majority Ballots to change Operators' and

Fossil Energy, LLC- Joint Operating Agreement

Please advise.

FOSSIL ENERGY, LLC  
JOINT OPERATING AGREEMENT

THIS AGREEMENT, made and entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2021, by and between FOSSIL ENERGY, LLC, hereinafter referred to as "Operator", and \_\_\_\_\_ hereinafter referred to as "Owner", (whether one or more).

Owner owns a working interest in the following oil and gas leases which Operator has been designated to operate for the owners, to-wit:

Eulert Northwest- Sec. 27, T11S, R15W

hereinafter referred to individually as a "Subject Lease" and collectively as the "Subject Leases".

The parties to this agreement desire to set out in writing their understanding and agreement as to the manner in which the Subject Leases will be operated and developed.

NOW THEREFORE, it is agreed by and between the parties as follows:

1. Operations. Operator shall have the right to operate and manage the Subject Leases for a commercially reasonable charge. Pumper expense shall be at a commercially reasonable rate and shall, at Operator's option, be provided either by Operator or by an independent contractor to be billed through the Operator. Owner acknowledges receipt of a schedule detailing the initial monthly operating charges for the Subject Leases. Operator reserves the right to modify monthly charges upon sixty (60) days advanced written notice to Owner.

Operator may purchase and acquire equipment and materials for the Subject Leases, hire and employ all employees necessary to be engaged in the operation of said premises, and have supervision and the authority to contract for the drilling of additional wells on said land as provided hereinbelow. Owner shall only be charged its or his proportionate part of the market value of equipment and supplies used on or in connection with the Subject Leases and the cost of operation and expenses incurred by Operator in the operation, exploration, management and supervision of the Subject Leases.

In the event of an anticipated expenditure of more than \$32,000.00, Operator may determine the approximate costs and invoice Owner in advance which will be due within fifteen (15) days of Owner's receipt of the invoice.

No additional well, on a Subject Lease, shall be drilled except by consent of owners owning a majority in interest in the working interest in the Subject Lease, but upon consent of such majority all owners are bound in the same manner as if all owners had consented.

2. Operation Billings. Owner shall receive an itemized statement specifying the expenditures made and costs of operations. Operating statements shall be due and payable within fifteen (15) days of Owner's receipt of the same.

3. Account Collection. If Owner fails, neglects or refuses to pay its or his account then said unpaid bill or portion shall draw interest at the rate of 18% per year until paid. In addition to the contractor's lien provided Operator by statute, the Owner grants Operator a security interest against Owner's interest in the Subject Lease, and the oil produced therefrom, for the amount of said unpaid bill and the costs to collect the same, including reasonable attorney fees, with the right to collect and receive all of Owner's income from a Subject Lease until said unpaid indebtedness is paid in full, and the right to foreclose its lien and cause the sale of the same to pay the account. This agreement shall serve as Owner's written authority to any purchaser of crude oil or gas produced from the Subject Leases, or any

2/JOINT OPERATING AGREEMENT

portion of the same, to pay the proceeds attributable to Owner's interest to Operator, its successors and assigns.

4. Insurance. Operator may carry such Workers Compensation and Public Liability Insurance as deemed prudent by Operator in the operation of the Subject Leases. Owner will pay its or his proportionate part of the cost of such insurance attributable to the Subject Leases.

5. Salvage. In the event a well should be abandoned all machinery, fixtures, buildings, power units, equipment and property belonging to the parties hereto on the Subject Lease shall be recovered, if recoverable, by Operator and such materials shall be sold by Operator and the owners receive their proportionate part of the proceeds from such sale or sales, less their proportionate part of all costs and expenses incurred relative to such salvage operations.

6. Authority to Settle Claims. Operator shall have the right to compromise, settle and adjust any claim made and to bring lawsuits and to employ counsel for the prosecution or defense of any claims that result from the exploring, developing, or operation of the Subject Leases, and all Owners will pay their proportionate part of such damages, claims and expenses.

7. Resignation or Change of Operator. Operator may with thirty (30) days advance written notice to the Owners resign as operator of one or more of the Subject Leases. The Owners of a Subject Lease owning a majority in interest of the working interest in a Subject Lease can designate a new operator with thirty (30) days advanced written notice to Operator.

8. Complete Agreement. This agreement may not be varied or altered by oral or parole evidence. The provisions of this agreement shall not be considered or construed as creating a joint venture or partnership.

9. Binding Effect. This agreement is binding upon the parties hereto, their heirs, legatees, successors, personal representatives and assigns.
