When filing a Form T-1 involving multiple surface owners, attach an additional sheet listing all of the information to the left for each surface owner. Surface owner information can be found in the records of the register of deeds for the county, and in the real estate property tax records of the county treasurer.

If this form is being submitted with a Form C-1 (Intent) or CB-1 (Cathodic Protection Borehole Intent), you must supply the surface owners and the KCC with a plat showing the predicted locations of lease roads, tank batteries, pipelines, and electrical lines. The locations shown on the plat are preliminary non-binding estimates. The locations may be entered on the Form C-1 plat, Form CB-1 plat, or a separate plat may be submitted.

Select one of the following:

- I certify that, pursuant to the Kansas Surface Owner Notice Act (House Bill 2032), I have provided the following to the surface owner(s) of the land upon which the subject well is or will be located: 1) a copy of the Form C-1, Form CB-1, Form T-1, or Form CP-1 that I am filing in connection with this form; 2) if the form being filed is a Form C-1 or Form CB-1, the plat(s) required by this form; and 3) my operator name, address, phone number, fax, and email address.
- I have not provided this information to the surface owner(s). I acknowledge that, because I have not provided this information, the KCC will be required to send this information to the surface owner(s). To mitigate the additional cost of the KCC performing this task, I acknowledge that I must provide the name and address of the surface owner by filling out the top section of this form and that I am being charged a \$30.00 handling fee, payable to the KCC, which is enclosed with this form.

If choosing the second option, submit payment of the \$30.00 handling fee with this form. If the fee is not received with this form, the KSONA-1 form and the associated Form C-1, Form CB-1, Form T-1, or Form CP-1 will be returned.

I hereby certify that the statements made herein are true and correct to the best of my knowledge and belief.

It is the intent of this assignment of leases to include all of the right, title and interest of Assignor in not only the leases specifically described above, but any other lease or interest in any lease which covers any of the real estate, or any part thereof, above described in this exhibit.

THIS AGREEMENT made and entered into this 30 ^{ch} day of Mar, 1978

by and between John M. Hiller and Martha Jane Hiller, his wife

lessor (whether one or more), and Missouri Lead-Zinc Company St. Louis, Missouri, lessee

WITNESSETH: Two Hundred Forty and NO/100 Dollars (\$ 240.00) in hand said, the receipt and

sufficiency of which is hereby acknowledged, and the covenants and agreements hereinafter contained, does hereby grant, demise, lease and let unto the said lessee, exclusively, its successors and assigns, the following described land, together with all mineral rights, geological, geophysical and other exploratory work, including core drilling, and the drilling, mining, operating for, producing and saving of oil, gas, gas condensate, gas distillate, casinghead gas, casinghead gasoline, and all other gases and their constituent parts, and other minerals produced in connection with oil and gas operations hereunder, or as a by-product of oil and gas, and the exclusive right of injecting water, brine and other fluids and substances into the subsurface strata, with rights of way and easements for laying pipe lines, telephone and telegraph lines, tanks, power houses, stations, ponds, roadways and other fixtures or structures for producing, treating and caring for such products, and any and all other rights, privileges, necessary, incident to or convenient in the economical or efficient operation, alone or conjointly with other lands, said land for the production of said products or substances and the erection of structures thereon to produce, save and take care of said products and substances and the injection of water, brine and other substances into the subsurface strata of said tract of land, together with any reversionary rights therein, said tract of land being situated in the County of

Crawford and Neosho State of Kansas and described as follows, to wit:

CRAWFORD COUNTY NEOSHO COUNTY
Section 35 - 30 South - 21 East Section 34 - 30 South - 21 East
W/2 NW/4 E/2 NE/4 & NW/4 NE/4 & NE/4 NW/4

~~together~~ together with all submerged lands, accretions, strips and gores adjacent or contiguous thereto and owned or claimed by the lessor, which land shall, for the purpose of calculating the amount of any money payment permitted or required by the terms of this lease be considered as containing exactly 240 acres, whether there is more or less.

TO HAVE AND TO HOLD the same (subject to the other provisions herein contained) for a term of Five (5) years from this date (hereafter called "Primary Term") and as long thereafter as oil, gas, gas condensate, gas distillate, casinghead gas, casinghead gasoline, and other minerals may be produced from said lease premises or operations for the drilling or production thereof are continued as hereinafter provided.

In consideration of the premises, it is hereby mutually agreed as follows:
1. To deliver, free of cost, to the lessor at the well or to the credit of lessor into the pipe line to which lessee may connect its well, an equal one-eighth (1/8th) part of all oil produced and saved from the lease premises or at the lessee's option to pay to, the lessor for such one-eighth (1/8th) the market price at the wellhead for oil of a like grade and gravity prevailing on the day such oil is run into the pipe line or storage tanks.

2. On gas, gas condensate, gas distillate, casinghead gas and all other gases, including their constituent parts, produced from said land and sold or used off the lease premises or in the manufacture of gasoline or other products, lessee shall pay to lessor a sum equal to one-eighth (1/8th) of the gross proceeds received from the sale of such produced substances where the same is sold at the mouth of the well or, if not sold at the mouth of the well, then one-eighth (1/8th) of the market value thereof at the mouth of the well, but in no event more than one-eighth (1/8th) of the net proceeds of the sale thereof.

3. If gas from any well or wells on the premises capable of producing gas in commercial quantities is not sold or used off the premises or in the manufacture of gasoline for a period of one (1) year or more during which time there is no other production from the lease premises, then lessee shall become obligated to pay as royalty for such annual period a sum equal to the delay rentals provided in paragraph number 6 hereof, whether during or after the primary term. In consideration of the obligation so to pay, it shall within the meaning of all the terms of this lease, including the habendum clause, be conclusively deemed that gas is being produced from the premises during the time such gas is not sold or used.

4. On all other minerals produced and marketed, lessee shall pay one-eighth (1/8th) of the current market price at the mouth of the well, but in no event more than one-eighth (1/8th) of the net proceeds of the sale thereof.

5. If any gas well on the lease premises produces dry gas in excess of that needed for operations hereunder, lessor shall have the privilege, at his sole risk, cost and expense, of using such surplus gas for stoves and inside lights in the principal dwelling located upon the lease premises. Notwithstanding any of the provisions aforesaid, lessee shall have free use of oil, distillate, condensate, gas, casinghead gas, casinghead gasoline and all other petroleum products, water and other minerals and materials from the lease premises, except water from lessor's wells and tanks, for all operations hereunder.

6. If operations for the drilling of a well for oil or gas are not commenced on the lease premises on or before one (1) year from the date hereof, then this lease, except as otherwise provided, shall terminate as to both parties unless the lessee, on or before that date, shall pay or tender to lessor or to lessor's credit in the

Bank at _____ (or to any bank designated in writing by lessor, whether or not such written designation is recorded), or its successor or successors, which bank and its successors are lessor's agents and shall continue as the depository bank for the receipt of any money payments permitted or required by the terms of this lease regardless of changes in the

ownership of said land or the right to receive rentals, the sum of Two Hundred Forty and NO/100 Dollars (\$ 240.00), which shall operate as a rental and cover the privilege of deferring the commencement of operations for the drilling of said well for a period of one (1) year from said date. In a like manner and upon like payments or tenders, the commencement of operations for the drilling of said well may be further deferred for the like periods successively. It is understood and agreed that the consideration first recited herein, the down payment, covers all the privileges, options and other rights conferred upon the lessee. Lessee may, at any time, execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises, as to any or all horizons, and thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the portion surrendered, and where a part or portion of this lease is released as to all horizons, then rentals hereafter payable hereunder may be reduced in proportion that the acreage covered by this lease is reduced by said release or releases. Payment or tender of rental may be made by draft or check of the lessee, transmitted, delivered or mailed to the authorized depository bank or to the lessor at his last known address (as shown by lessor's records) on or before the rental date, and the payment or tender shall be deemed to have been made when the check or draft is so transmitted, delivered or mailed.

7. It is expressly agreed that if lessee shall commence operations for the drilling of a well at any time while its lease is in force, this lease shall remain in force and its term shall continue for so long as such operations are prosecuted and, if production results therefrom, then so long as such production may continue. Should the first well drilled on the above described land be a dry hole or fail to establish production, then and in that event, lessee shall have the right to rework or to drill another well within twelve (12) months following the expiration of the last rental date hereon, or within twelve (12) months from the first anniversary of this lease if such well is drilled during the first year of the primary term, this lease shall terminate as to both parties unless the lessee on or before the expiration of said twelve (12) months shall resume or commence the payment of rentals in the same amount and in the same manner as hereinabove provided. If, within the primary term of this lease, production on the lease premises shall cease from any cause other than cessation contemplated in paragraph 3), this lease shall not terminate provided operations for the drilling or reworking of a well shall be commenced before or on the next ensuing rental paying date following more than thirty (30) days after the cessation of production, or resumed the payment of rentals in the manner and amount hereinbefore provided. If, after the expiration of the primary term of this lease, production on the lease premises shall cease from any cause (other than a cessation contemplated in paragraph 3), this lease shall not terminate provided lessee resumes or commences operations for the drilling or reworking of a well within ninety (90) days from the date of such cessation, and this lease shall remain in force and effect during the prosecution of such operations, and if production results therefrom, then so long as such production may continue.

8. Where required by lessor, lessee shall bury all pipe lines below ordinary plow depth in cultivated land. Lessee shall pay lessor for (1) damages caused by lessee's operations to all cultivated crops growing on said land, and (2) such other damages, if any, as may proximately result from lessee's negligence in the conduct of its operations. Lessee shall have the right, but shall not be obligated, at any time, either before or after expiration of this lease, to remove all fixtures and other property placed by lessee on the lease premises, including the right to draw and remove all casing. Any structures and facilities placed on the lease premises by lessee for operations hereunder and any well or wells on the lease premises drilled or used for the injection of salt water or other fluids may also be used for lessor's operation on other lands in the same area; the right to so use such facilities may be continued beyond the term of this lease by payment in advance of the sum of One Hundred Dollars (\$100.00) per year. No well shall be drilled nearer than 200 feet to any house or barn now on the premises without the consent of lessor.

9. Lessee is granted the right, from time to time while this lease is in force, to pool into a separate operating unit or units all or any part of the land covered by this lease with other land, lease or leases, or interest therein (whether such other interests are pooled by a voluntary agreement on the part of the owners thereof or by the exercise of a right to pool by the lessee's thereof), when in lessee's judgment it is necessary or advisable in order to promote conservation, to properly develop or operate the land and interests to be pooled, or to obtain a multiple production allowable from any governmental agency having control over such matters. Any pooling hereunder may cover all oil and gas, or any one or more of the substances covered by this lease, and may cover one or more or all zones or formations underlying all or any portion or portions of the lease premises. Any unit formed by such pooling shall be of abutting or adjoining tracts and shall not exceed 640 acres for gas, gas distillate or gas condensate and shall not exceed 80 acres for any other substance covered by this lease; provided that if any governmental regulation or order shall prescribe a spacing pattern for the development of a field wherein the above described land, or a portion thereof, is located, or allocate a producing allowable based on acreage per well, then any such unit, whether or not such well is located upon or as much additional acreage as may be permitted in such allocation or allowable, or the zone or zones or formations and substances pooled shall be set forth by lessee in a "declaration of pooling" filed for record in the county or counties in which the pooled area is located. Such pooling shall be effective on the date such declaration is filed unless a different effective date is specified in such declaration. In lieu of the royalties elsewhere herein specified, except shut-in gas well royalties, lessor shall receive on production from an area so pooled only such portion of the royalties which, in the absence of such pooling, would be payable hereunder to lessor on production from the land covered by this lease which is placed in the pooled area as the amount of the surface acreage located on the land covered by this lease and placed in the pooled area bears to the amount of the surface acreage of the entire pooled area. Nothing herein contained shall authorize or effect any transfer of any title to any leasehold, royalty or other interest pooled pursuant hereto. The commencement of a well, the conduct of other drilling operations, the completion of a well or of a dry hole, or the operation of a producing well on the pooled area, shall be considered for all purposes (except for royalty purposes) the same as if said well were located on, or such drilling operations were conducted upon, the lands covered by this lease whether or not such well is located upon or such drilling operations are conducted upon, said lands. Lessee may terminate the pooling effect of this lease at any time by filing with the supporting information hereinafter referred to, by the party claiming as the result of such change in ownership or interest. Such notice shall be supported by original or certified copies of all recorded documents and other instruments or proceedings necessary in lessee's opinion to establish the ownership of the claiming party. All advance payments of rentals made hereunder within thirty (30) days after receipt of said documents shall be binding on any direct or indirect assignee, grantee, devise, administrator, executor, heir or successor to the lessor. In the event of an assignment or sublease of the lease as to segregated portions of the land above described the rental payments hereunder shall be apportioned as to the several leasehold owners (including sublessees) ratably according to the surface area of each, and default in the rental payment by one shall not affect the rights of the other leasehold owners.

10. The rights of either party hereunder may be assigned in whole or in part and the provisions hereof shall extend to their heirs, successors and assigns, but no change or division in the ownership of the land, rentals or royalties, or other obligations, shall operate or be construed so as to enlarge or increase the obligations or burden of the lessee, or diminish its rights. Specifically, but not by way of limitation of the foregoing, the lessee shall not be required to offset wells on separate tracts into which the land covered by this lease may hereafter be divided, or to furnish separate measuring or receiving tanks. Notwithstanding any actual or constructive knowledge of or notice to the lessee, no change in the ownership of said land or the right to receive rentals or royalties hereunder, or any interest therein, however accomplished, shall be binding on the lessee (except as to lessor's option until thirty (30) days after lessee receives notice thereof) until lessee receives notice thereof, together with the supporting information hereinafter referred to, by the party claiming as the result of such change in ownership or interest. Such notice shall be supported by original or certified copies of all recorded documents and other instruments or proceedings necessary in lessee's opinion to establish the ownership of the claiming party. All advance payments of rentals made hereunder within thirty (30) days after receipt of said documents shall be binding on any direct or indirect assignee, grantee, devise, administrator, executor, heir or successor to the lessor. In the event of an assignment or sublease of the lease as to segregated portions of the land above described the rental payments hereunder shall be apportioned as to the several leasehold owners (including sublessees) ratably according to the surface area of each, and default in the rental payment by one shall not affect the rights of the other leasehold owners.

11. In the event lessor considers that the lessee has failed to comply with any obligation hereunder, express or implied, lessor shall notify lessee in writing, specifying in what respect lessor claims lessor has breached this lease. The service of such notice and elapse of sixty (60) days without lessee meeting or commencing to meet the alleged breaches shall be a condition precedent to any action by lessor for any cause. If, within sixty (60) days after the receipt of such notice lessee shall meet or commence to meet the breaches alleged by lessor, lessee shall not be deemed in default hereunder.

12. If lessor owns a less interest than the entire fee or mineral estate (whether or not a lesser interest is stated above), the rentals and royalties herein provided shall be paid to lessor in the proportion that his interest bears to the entire fee or mineral estate. If, however, during the term of this lease any reversion of interest to lessor should occur, then and in that event on the next succeeding rental anniversary after lessor shall have notified lessee of the occurrence of such reversion and shall have furnished lessee with satisfactory proof thereof, the rental shall be increased to cover the additional interest so acquired by the lessor.

13. All provisions hereof express or implied shall be subject to all federal and state laws and the orders, rules and regulations of all governmental agencies administering the same (and interpretations thereof by such agencies or courts having jurisdiction), and this lease shall not in any way be terminated wholly or partially nor shall the lessee be liable for damages for failure to comply with any such laws, orders, rules or regulations (or interpretations thereof) if such failure is caused by any such laws, orders, rules or regulations, or if such failure is caused by such laws, orders, rules or regulations having jurisdiction. If lessee should be prevented during the last six (6) months of the primary term hereof from drilling a well hereunder by the order of any duly constituted authority having or asserting jurisdiction thereover, or if lessee should be unable during said period to drill a well hereunder due to equipment necessary in the drilling or completion thereof being unavailable from any cause, the primary term of this lease shall continue until six (6) months after said order is suspended and/or said equipment is available.

14. The lessor and all of its terms and conditions shall be binding upon all successors of the lessors and the lessees. Should any one or more of the parties above named as lessors fail to execute this lease, it shall nevertheless be binding upon all lessors who do execute it. Notwithstanding any language herein to the contrary, it is expressly understood and agreed that any payment or payment made by the lessee to the owner of any interest subject to this lease shall be sufficient payment hereunder as to such interest notwithstanding the joinder herein of the spouse of any such party as a party-lessor for the purpose of waiving homestead, dower or inchoate rights of inheritance, if any.

15. The lessor and the lessee agree to defend the title to the land above described and agrees that the lessee shall have the right at any time to redeem for lessor, by payment, any mortgage liens on the above described land in the event of default of payment by the lessor and the lessee shall be subrogated to the rights of the holder thereof, and the lessor hereby agrees that any such payments made by the lessee for the lessor may, at lessee's option, be deducted from any amounts of money which may become due or payable to the lessor under the terms of this lease.

IN WITNESS WHEREOF, we sign this as of the day and year first above written.

16. Despite any previous provisions to the contrary, this lease may not be transferred or assigned by Lessee, without written permission of Lessor. Lessee agrees to bury all piping, wiring, electrical cables and othersuch underground appurtenances used on the leased premises at least three feet underground.

OPERATING AGREEMENT

Operator: RH Capital-Beets, LLC
2015 Clara Drive
Jefferson City, MO 65101

Owners: Prairie Energy Partners, LLC
2015 Clara Drive
Jefferson City, MO 65101

Effective Date: January 01, 2021

The Leases: Strauss Leases et al (See Exhibit A)

1). Designation of Operator. Operator is engaged hereunder by Owner to operate for the production of oil certain working interests in the Leases owned by Owner solely as an independent contractor operating under and governed by this Agreement. Operator shall maintain its good standing with the Kansas Corporation Commission, Oil and Gas Conservation Division, and shall be listed as the operator of record for the Leases with the Oil and Gas Conservation Divisions as to the Leases, subject to paragraph 9 below. However, Operator shall not incur any liability for plugging any of the wells located upon the Leases or obtain any Ownership of the Leases or any personal property located thereon as a result of this agreement or as the designation of Operator as the operator of record for the Leases with the Kansas Corporation Commission, Oil and Gas Conservation Division.

2. Standard of Performance. All work or services rendered or performed by Operator shall be done with due diligence, in a good and workmanlike manner, using skilled competent and experienced workmen and supervisors and in accordance with local oil and gas field practices. Operator shall comply with all laws, rules and regulations at all times and ensure that the **Leases**, all wells thereon, and any subcontractors hired to perform work upon the Leases comply with all laws, rules and regulations of any kind. All materials, equipment, supplies or manufactured articles furnished by Operator shall be new (unless otherwise approved by Owner), selected and used in accordance with good oilfield practice.

3. Operating Expenses and Production Revenue. All income and liabilities accrued and incurred

in the operation of the Leases shall be borne exclusively by Owner. During the term hereof, Operator will perform the work and services described fully on Exhibit "B" attached hereto and made a part hereof for all purposes. Any work provided or services performed by Operator which are not set forth on Exhibit "B" shall hereinafter be referred to as "Additional Services" and the performance and cost of any Additional Services must be approved by Owners in advance.

4. Necessary Equipment and Materials. Except for Additional Services that are performed in accordance with an estimate approved by Owner, all estimates provided, and work and services performed by Operator shall be based and performed on a competitive contract basis at prevailing rates in the area where the work is being performed provided, however, the parties agree that the Rate Sheet shall govern as to items reflected thereon.

5. Administrative Fee and Reimbursement. Owner shall pay Operator the amount set forth in Exhibit B, on the first of every month. To the extent Operator provides Additional Services, it shall also be entitled to payment and/or reimbursement for costs and expenses of such Additional Services based on the approved estimate.

6. Term. This Agreement shall remain in full force and effect until either party shall elect to terminate said agreement pursuant to paragraph 9 hereof.

7. Insurance. Before commencing services hereunder, Operator shall purchase and maintain for the benefit of Owner and Operator such insurance specified in Exhibit A attached hereto and made a part hereof by this reference and shall name Owner as an additional insured upon such policy. Operator will provide Owner with a certificate of such insurance and will obtain same from a company that is satisfactory to Owner. At all times while operations are conducted hereunder, Operator shall comply with the workmen's compensation law of the State where the operations are being conducted. Operator shall require all contractors engaged in work on or for the Leases to comply with the workmen's compensation laws of the State where the operations are being conducted.

Any subcontractor retained by Operator (after obtaining authorization from Owner) to provide services must likewise procure such insurance and it is Operator's obligation to ensure that such insurance is in place by submitting copies of such subcontractor's insurance certificates to Owner. Failure of Operator to comply with this provision shall be considered a material breach of the Agreement.

8. Leases Burdens. Operator shall bear the responsibility for ensuring that all Leases covenants

and production requirements are complied with.

9. Termination of Agreement. Either party may terminate this agreement at any time by delivering written notice to the other party not less than ninety (90) days prior to the desired termination date. Upon termination of this agreement each party shall be relieved of all duties and obligations arising subsequent to the date of termination. Upon the termination of this Agreement Owner shall promptly designate a new operator with the Kansas Corporation Division, Oil and Gas Conservation Division for the Leases and all wells located thereon.

10. Mining Partnership. The liability of the parties shall be several, not joint or collective. Each Owner shall be responsible only for its obligations and shall be liable only for its proportionate share of the costs of developing and operating the Leases. It is not the intention of the parties to create, nor shall this agreement be construed as creating a partnership or association or to render them liable as partners or joint venturers. Owner agrees that Operator is assuming a fiduciary relationship to Owner in performing the terms of this agreement and shall also owe a duty to Owner of good faith and fair dealing. In its relations with Operator under this agreement, the Owner shall not be considered fiduciaries or to have established a confidential relationship to Operator but rather shall be free to act on an arm's-length basis in accordance with their own respective self-interest, subject, however, to the obligation of the Owner to act in good faith in their dealings with Operator with respect to activities hereunder. Operator shall not act as an agent for Owner, nor hold itself out as an owner of the Leases or as an agent of Owner possessing legal authority to bind Owner.

11. Further Development. No Owner shall cause any additional wells to be drilled upon the Leases without first giving all other Owner the opportunity to participate in the cost of drilling said well. No well which is producing in paying quantities shall be deepened, plugged, plugged back, re-completed or side-tracked without the written consent of all remaining Owner. Operator shall not have any authority to require additional development or to select the manner in which any additional development is completed or to select the contractors who are used.

12. Settlement of Claims. Operator shall not have the right to compromise, settle and adjust any claim for damages which may be made by any landowner or adjoining landowner, which damage may result from the operation of the wells located upon the Leases, without first obtaining Owners prior written consent to the proposed compromise or settlement

13. Force Majeure. If any party is rendered unable, wholly or in part, by *force majeure* to carry out its obligations under this agreement, other than the obligation to make monetary

payments, that party shall give prompt written notice to the other party of the *force majeure* with reasonably full particulars concerning it; thereupon, the obligations of the party giving the notice, so far as it is affected by the *force majeure*, shall be suspended during, but no longer than, the continuance of the *force majeure*. The affected party shall use all possible diligence to remove the *force majeure* as quickly as possible.

14. Counterparts. This agreement may be executed in one or more counterparts as one agreement and shall be binding upon Operator and Owner, their heirs, devisees, legatees, administrators, executors, successors and assigns, when executed by Owner and Operator.

15. Joint Drafters. The parties shall be considered joint drafters of this Agreement so as not to construe this Agreement against one party as drafter more than the other.

16. Severability. In the event that one or more of the provisions hereof shall be held to be illegal, invalid, or unenforceable, such provisions shall be deemed severable and the remaining provisions hereof shall continue in full force and effect.

17. Amendments. This Agreement may be amended or modified only by a written instrument executed by the owner and Operator.

18. Applicable Law. This Agreement shall be governed, construed and enforced in accordance with the laws of Kansas. The venue of any action shall be in Greenwood County, Kansas.

19. Prior Agreements. This Agreement, as may be amended, and the exhibits attached hereto constitute the entire Agreement between Owner and Operator with respect to the operation of the Leases and supersedes all prior Agreements and understandings between the parties hereto relating to the subject matter hereof.

20. Waiver. No consent or waiver, express or implied, by either party to or of any breach or default by the other party in the performance of this Agreement shall be constructed as a consent or waiver to or of any subsequent breach or default in the performance by such other party of the same or any other obligations hereunder.

21. Notices. All notices permitted or required hereunder shall be deemed given upon depositing said notice in the United States mail postage prepaid addressed to the other party at the address shown above or such other address as may be subsequently designated by such party.

22. Time is of the Essence. Both parties agree that time is of the essence in this Agreement and that all things to be done, must be done timely and that any delay in the performance of any obligation contained herein, no matter how slight, shall be deemed a material default under this Agreement.

23. Third Party Beneficiaries. The parties stipulate and agree that this Agreement is not intended for the benefit of any third parties and that there shall be no third-party beneficiaries to this Agreement who shall be entitled to enforce the terms of this agreement against either of the parties hereto.

This Operating Agreement shall be effective on the effective date shown above.
