OIL AND GAS LEASE

Lessor: Brian K Pedrow, Jeffery R Pedrow, Christina K Miller, Kimberly A McAdam Individuals
26773 NE OSAGE Road
GARNETT, KS 66092
(hereinafter referred to as Lessor (whether one or more))

Lessee: SAG Oil Company LLC, a Kansas limited liability company
Box 367
Wellsville KS 66092
(hereinafter referred to as Lessee)

Date: October 25, 2021

1. **Grant.** For and in consideration of Ten Dollars (\$10.00), the covenants and agreements hereinafter contained on the part of Lessee to be paid, kept and performed, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Lessor hereby grants, demises, leases and lets exclusively unto Lessee the land hereafter described, for the purpose of exploratory work, including, without limitation, geological, geophysical, and seismic work, investigating, prospecting, drilling, mining and operating for, producing, saving, storing, and marketing oil, gas, casinghead gas, casinghead gasoline, and all other hydrocarbons and their respective products, including, without limitation, helium, methane and other coalbed and shale gasses, and other gaseous substances; and all substances produced in association therewith; laying pipelines, electric lines, telephone lines, and other utilities, building tanks, power stations, roads and other structures thereon, to produce, save and take care of said products, all that certain tract of land, together with any reversionary rights therein, situated in the County of Anderson, State of Kansas, the description of which is as follows: See Exhibit A attached hereto and, by reference, made a part hereof.

2. **Term.** This Lease shall remain in full force and effect for a term of three (3) years from the date set forth above and for so long thereafter as oil or gas, or either of them, or any products described in Section 1 of this Lease, is produced from the leased premises in paying quantities or operations are conducted as provided in this Lease during the primary term or this Lease is otherwise held in force by operation of any other provision of this Lease.

3. **Lessee's Agreements.** In consideration of the premises, Lessee covenants and agrees:

a. To deliver to the credit of Lessor as royalty, free of cost, in the pipeline to which the Lessee may connect the wells, fifteen (15%) of the market value of all oil produced and saved from the leased premises.

b. To pay to Lessor for gas produced from any oil well used by the Lessee for the manufacture of gas or any other product as royalty fifteen percent (15%) of the market value of such gas at the mouth of the well; if said gas is sold by the Lessee, then as royalty fifteen percent (15%) of

22 O.W. ¹ Page 38

the proceeds of the sale thereof at the mouth of the well.

c. To pay Lessor as royalty fifteen percent (15%) of the proceeds received by Lessee from the sale of casinghead gas produced from any oil well and fifteen percent (15%) of the value, at the mouth of the well, computed at the prevailing market price, of the casinghead gas produced from any oil well and used by Lessee off the leased premises for any purpose.

d. To pay Lessor fifteen percent (15%) of the proceeds from the sale of other products not described in Section a-c. above.

e. Beginning with the first lease year after expiration of the primary term of this Lease, the royalties paid to Lessor shall be not less than the Minimum Royalty as provided in this Section 3.e. The Minimum Royalty is an amount equal to \$1.00 per net mineral acre covered by this Lease during each such lease year. If the total amount of proceeds from the sale of the royalty share of production during the lease year is less than the Minimum Royalty, then Lessee shall pay the difference to Lessor within sixty (60) days after the end of such lease year. If such payment is not made when due, Lessor shall give written notice to Lessee of the amount due and of Lessor's intention to declare forfeiture of the Lease because of such default in payment. Such notice shall be given by certified mail, return receipt requested, addressed to the Operator of the Lease as shown in the records of the Kansas Corporation Commission. If Lessee pays the amount due within thirty (30) days after the date such notice is delivered, refused, or delivery last attempted as shown by the return receipt, then such default shall be deemed cured and the Lease shall not terminate. So long as the Minimum Royalty is satisfied by proceeds from the royalty share of production and/or payment by Lessee as provided in this Section 3.e., this lease shall be deemed to be producing oil and/or gas and/or their products as required under Section 2 of this Lease.

f. Not to construct permanent access roads by depositing rock or chemicals upon said Lease access roads unless authorized by Lessor.

g. To bury all electrical service below plow depth unless otherwise authorized by Lessor.

h. To regrade all drill sites as closely as possible to the condition that said drill sites were in immediately prior to Lessee conducting drilling activities upon said sites, as soon as possible after drilling operations are complete.

4. **Lesser Interest.** If Lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties herein provided shall be paid the Lessor only in the proportion which the Lessor's interest bears to the whole and undivided fee. If more than one party has executed this Lease as Lessor, then this provision applies to each such party.

5. **Use of Products.** Notwithstanding any provision to the contrary in this Lease, Lessee shall have the right to use, free of cost, gas, oil and water produced on said land for its operation thereon except water from wells of Lessor. Lessee shall not use water from existing or subsequently constructed farm ponds, in any of its operations, without written consent of Lessor. When required by Lessor, Lessee shall bury its pipelines and electrical lines below plow depth and shall pay for damage caused by its operations to be growing crops on said land. Lessee shall have the right at any time during, or after the expiration or cancellation of, this Lease to remove all machinery, fixtures, houses, buildings and other structures placed on said premises, including the right to draw and remove all casing, but Lessee shall be under no obligation to do so, nor shall Lessee be under any obligation to restore the surface to its original condition, where any alterations or changes were due to operations reasonably necessary under this Lease.

6. **Entirety.** If the leased premises are now or hereafter owned in severalty or in separate tracts, the premises, nevertheless, may be developed and operated as one Lease, and all royalties shall be paid to each separate owner in the proportion that the acreage owned by him or her bears to the entire leased area. There shall be no obligation on the part of the Lessee to offset wells on separate tracts into which the land

22 0 11 / 38

covered by this Lease may hereinafter be divided by sale, devise, or otherwise, or to furnish separate measuring or receiving tanks for the oil produced from such separate tracts.

7. **Title.** Lessor hereby warrants and agrees to defend the title to the lands herein described and agrees that Lessee shall have the right at any time to redeem for Lessor by payment, any mortgages, taxes or other liens on the described land in the event of default of payment by Lessor, and be subrogated to the rights of the holder thereof and may reimburse itself from any rental or royalties accruing thereunder.

8. **Persons Bound.** The terms, covenants and conditions hereof shall run with the land and herewith shall be binding upon the parties hereto, their heirs, legal representatives, administrators, devisees, grantors, executors, successors and assigns; however, all express or implied covenants of this Lease shall be subject to all federal and state laws, executive orders, rules or regulations, and this Lease shall not be terminated, in whole or in part, nor Lessee held liable for failure to comply therewith, if compliance is prevented by, or if such failure is the result of, any such law, order, rule or regulation.

9. **Assignment.** The rights of either party hereunder may be assigned, in whole or in part, and the provision hereof shall be extended to the heirs, successors and assigns of the parties hereto, but no change or division of ownership of said land, royalties, or payments however accomplished, shall be binding on Lessee until Lessee shall be furnished with a certified copy of all recorded instruments, all court proceedings and all other necessary evidence of any transfer, inheritance, or sale of said rights. All advance payment of rentals made under this Lease before receipt of such documents shall be binding on any direct or indirect assignee, grantee, devisee, administrator, executor, or heir of Lessor. If Lessee assigns this Lease, in whole or in part, Lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

10. **Force Majeure.** Lessee shall not be liable in damages, forfeiture, or termination, on account of breach of covenant, express or implied, or failure of any condition necessary to keep the Lease in force, that results from force majeure, and the obligations of Lessee shall not be suspended if and while drilling or other operations are delayed or interrupted by force majeure. For purposes of this Section 10, force majeure includes, but is not limited to, acts of God, pandemic, acts of war or terrorism, storm, flood, strike, scarcity of labor or material, lockout, blowout, breach of contract by drillers, subcontractors, or suppliers, surface or subsurface conditions that impede normal operations or that would result in other damages or waste, or other bona fide cause beyond the reasonable control of Lessee. Lessee shall have a reasonable time after the removal or cessation of force majeure within which to commence or resume performance under this Lease. If force majeure occurs during the primary term, the time such force majeure exists shall be added to the primary term.

11. **Breach.** Default in the performance of any provision or covenant of this Lease, expressed or implied, shall not cause a forfeiture, termination, or cancellation of this Lease unless Lessor first notifies Lessee in writing of the default and the facts relied upon as constituting such default, together with a demand for the specific performance thereof, and Lessee fails within a reasonable time after receipt of such notice to cure such default and complete the same with reasonable diligence without unnecessary or unreasonable delay or interruption.

12. **Right to Surrender.** Lessee shall have the right at any time without Lessor's consent to surrender all or any portion of said land and be relieved of all obligation as to the acreage surrendered.

13. **Quitclaim.** Lessor hereby quitclaims to Lessee all existing wells, pumpjacks, tanks, fixtures and equipment or improvements of any kind, related to the production of oil and gas, currently on the premises.
