5.1 <u>Certain Defined Terms</u>. Capitalized terms used but not defined herein will have the meanings given such terms in the PSA. For purposes of this Assignment, the following capitalized terms will have the meaning set forth below:

"Permitted Encumbrances" means: (i) any obligations or duties reserved to or vested in any municipality or other governmental body to regulate any Oil and Gas Interest in any manner; (ii) the terms and conditions of all leases, contracts for sale, purchase, or processing of hydrocarbons, operating agreements, plant agreements, pipeline, gathering, and transportation agreements, disposal agreements, permits, licenses, rights of way, and any other agreements affecting the Oil and Gas Interests and described or referred to in this Assignment and its exhibits, but only to the extent that they do not, individually or in the aggregate operate to reduce the Net Revenue Interest in an Oil and Gas Interest below that shown in Exhibit E of the PSA, (but only as to the formation identified in Exhibit E of the PSA for such Oil and Gas Interest) or increase the Working Interest in an Oil and Gas Interest above that

shown in in Exhibit E of the PSA, (but only as to the formation identified in Exhibit E of the PSA for such Oil and Gas Interest) without a proportionate increase in the Net Revenue Interest; (iii) preferential rights to purchase, consents to assignment, and other similar restrictions, including the Scheduled Consents; (iv) consents of and required notices to, or filings with, governmental authorities in connection with the consummation of the transactions contemplated by the PSA; (v) easements, rightsof-way, permits, surface leases, and other similar rights on, over, or in respect of any of the Oil and Gas Interests, as long as any such encumbrance does not interfere in any material respect with the development, operation, or use of the Oil and Gas Interests burdened thereby; (vi) lessor's royalties, overriding royalties, production payments, net profits interests, reversionary interests, and similar burdens with respect to an Oil and Gas Interest if the net cumulative effect of such burdens does not, operate to reduce the Net Revenue Interest in such Oil and Gas Interest below that shown in Exhibit E of the PSA (but only as to the formation identified on Exhibit E of the PSA for such Oil and Gas Interest) or increase Working Interest in such Oil and Gas Interest above that shown in Exhibit E of the PSA (but only as to the formation identified on Exhibit E of the PSA for such Oil and Gas Interest) as applicable, without a proportionate increase in the Net Revenue Interest; (vii) defects or irregularities of title as to which the relevant statute of limitation or prescription would bar any attack or claim against Assignor's title; (viii) liens or other encumbrances for ad valorem, property, production, severance, excise, and similar Taxes or assessments not yet delinquent or, if delinquent, that are being contested in good faith; (ix) materialman's, mechanic's, repairman's, employee's, contractor's, operator's, and other similar liens or encumbrances arising in the ordinary course of business for payments or obligations not yet due or that are contained in joint operating agreements covering any Oil and Gas Interest; (x) oil and gas production imbalances whether resulting from overproduction or underproduction, and plugging and surface restoration obligations; (xi) any maintenance of uniform interest provision in an operating agreement if waived before the date of this Assignment by the party or parties having a right to enforce that provision; (xii) conventional rights of reassignment obligating Assignor or Assignee, as applicable, to reassign its interest in any portion of an Oil and Gas Interest to a third party, if such right is only triggered when the holder expressly indicates its intention to release or abandon such interest prior to the expiration of the primary term or other termination of such interest; (xiii) (i) defects in the chain of title arising from the failure to recite marital status, omissions of successors or heirship, or the lack of probate proceedings and (ii) defects arising out of lack of corporate or other entity authorization, unless reasonable evidence shows that the defect results in a third party's actual and valid claim of title to the affected Oil and Gas Interest; (xiv) defects arising from any prior oil and gas lease relating to the lands covered by Oil and Gas Interests not being surrendered of record, unless affirmative evidence shows that such prior oil and gas lease is still in effect and could reasonably be expected to result in another person's actual and superior claim of title to the relevant Oil and Gas Interest; (xv) any mortgage lien on the fee estate or mineral fee estate from which title to the relevant Oil and Gas Interest is derived which pre-dates the creation of the Oil and Gas Interest but which is not currently subject to foreclosure or other enforcement proceedings by the holder of the mortgage lien; (xvi) defects or irregularities resulting from the failure to record releases of liens, mortgages or production payments (in each case) that have expired on their own terms or the enforcement of which are barred by applicable statute of limitations; (xvii) any defects that affect subsurface depths outside the oil and gas formation described in Exhibit E of the PSA; and (xvii) any defects waived or not asserted by Assignee under the PSA.

"<u>Taxes</u>" means any income taxes or similar assessments or any sales, excise, occupation, use, ad valorem, property, production, severance, transportation, employment, payroll, franchise, or other tax imposed by any federal, state, or local taxing authority, including any interest, penalties, or additions attributable thereto.

5.2 <u>Further Assurances</u>. Incidental and subsequent to the date of this Assignment, each Party will execute, acknowledge, and deliver to the other Party such further instruments, and take such other actions, as may be reasonably necessary to carry out the provisions of this Assignment.

- 5.3 Governing Law. This Assignment and the rights and obligations of the Parties hereto will be governed, construed, and enforced in accordance with the laws of the State of Oklahoma, except for matters specifically related to the Subject Assets and the assignment of same which will be governed by Kansas law, without giving effect to any choice or conflicts of law provision or rule that would cause the application of the laws of any other State. Any claim or cause of action arising from this Assignment will be brought in the State or Federal District Court of Tulsa County, Oklahoma.
- 5.4 <u>Assignment and Binding Effect</u>. This Assignment or any portion thereof and the rights and obligations hereunder will be assignable or delegable by either Party without the consent of the other Party. The terms, provisions, covenants, representations, and conditions of this Assignment will be binding upon and inure to the benefit of and be enforceable by the Parties hereto and their successors. Assignment or delegation will not relieve the Party assigning or delegating of their duties under the PSA unless expressly stated in writing by the other Party.
- 5.5 <u>Conveyance Subject to the PSA</u>. This Assignment is expressly subject to the terms and conditions of the PSA. If any provision of this Assignment is construed to conflict with any provision of the PSA, the provisions of the PSA, as applicable, will be deemed controlling to the extent of such conflict. Re: Termination of Service Agreement between Prairie Wolf Operating, LLC and Hadaway

Consulting and Engineering, LLC

To whom it may concern,

On May 6, 2021 and dated effective as of February 1, 2021, Prairie Wolf Operating, LLC ("PWO") acquired the Wells identified on the attached Exhibit B from Unit Petroleum Company.

On May 28, 2021 PWO, as Owner of the Wells, entered in to a Service Agreement For Drilling, Completing and Operating Oil and Gas Wells ("Service Agreement") with Hadaway Consulting and Engineering, LLC ("HCE").

Under the Service Agreement HCE would provide services related to the drilling, completing and operating of the PWO Wells. HCE was made the named Operator of record solely for the purpose of fulfilling its duties and obligations pursuant to the Service Agreement. In accordance with the termination of the Service Agreement HCE has provided PWO and the Kansas Corporation Commission with the appropriate Change of Operator forms naming PWO as Operator of the Wells.

Should the Kansas Corporation Commission need any additional information or documentation, please contact me at our office at (918)410-0046.
