13. <u>MKO Lease Status</u>. Seller has not recently produced the MKO Lease and resumption of its operation may require landowner consent, lease ratification, or lease renewal. Prior to Closing, *Seller* and *Buyer* shall cooperatively consult with the MKO Lease landowner regarding resumption of operations, and with respect thereto:

- a) If consent to resumption of operations is obtained, *Seller* shall assign the MKO Lease to *Buyer* without warranty of title.
- b) If consent to resumption of operations is not obtained, then Seller shall release the MKO Lease.
- c) In either event, the Production Equipment located upon the MKO Lease is sold and shall be assigned to *Buyer*, and *Buyer* shall be obligated for the plugging of the Wells and surface restoration on the MKO Lease.

14. Prior Land Use Interests.

a) The "Mullendore", "Denton", "Kyser-Hyde" and "Cory-Eaglehead" Lease Areas are subject to Wind Energy Lease to Caney River Wind Project, LLC, dated July 17, 2007, and specifically Accommodation Agreement dated September 15, 2010, recorded in Book MS 64, Page 374, in the office of the Register of Deeds of Elk County, Kansas.

- b) The "Mullendore" and "Denton" Lease Areas are subject to Ground Lease Agreement to Zephyr Solar, LLC for purposes of a solar energy farm. At *Seller's* request, *Buyer* shall execute and deliver to Zephyr Solar, LLC, such instruments as are necessary or desirable to reflect the subordination of *Buyer's* oil and gas lease rights to such Ground Lease Agreement and well as any necessary Release of Oil and Gas Lease to lands within the designated lease boundary line. The precise lease boundary line for the solar farm has not yet been designated, and while the parties believe it unlikely the producing wells in such Lease Areas will be ultimately included, the following provisions are made with respect to any wells as may come to be included within the designated lease boundary line:
 - (i) Seller shall pay the cost of plugging of any well as may then remain located within the designated solar lease boundary line, but Buyer shall be entitled to any salvageable equipment;
 - (ii) To the extent any producing wells are located within the solar lease boundary line, Seller shall compensate Buyer (and coworking interest owners) for the loss of such production on an equitable basis to then be negotiated by the parties and with reference to the basis on which the price hereunder has been negotiated, namely at \$40,000 per barrel of average daily production from the wells, but adjusted for interim changes in crude oil prices, with the current benchmark price being \$83.14 per barrel (based on WTI Cushing, OK). To illustrate, a change in WTI Cushing, OK of 10% will result in a 10% change in the \$40,000 per barrel average daily production. It is provided, however, that the parties mutually agree that the fair value formula shall be "collared" so as to not exceed \$60,000 per daily barrel or be less than \$20,000 per daily barrel.

15. <u>Assignment</u>. Seller may assign its interest in this Agreement, in whole or in part, to a qualified intermediary for purposes of conducting a tax deferred like kind exchange pursuant to IRC Section 1031, but no such assignment shall relieve Seller from its obligations hereunder.

16. <u>Contingencies</u>. Buyer's obligations hereunder are contingent upon the following:

- a) Attorney's examination and approval of title.
- b) Bank financing of the purchase price, and *Buyer* represents it has preliminary approval of such financing.

17. Closing Deliverables.

- a) At Closing, *Seller* shall deliver the following:
 - i) Good and sufficient Assignments and Bills of Sale to the Leases and Production Equipment.

ł

ii) Bill of Sale to the *POE* Equipment, plus assigned certificates of title to the titled rolling stock.

b) At Closing, Buyer shall deliver the purchase price.

18. <u>Amendment.</u> This Agreement may be amended only by written instrument signed by the parties.

19. **Execution.** This Agreement may be executed and delivered by electronic means (email or facsimile) and when so executed and delivered shall be as effective as if manually signed and physically delivered.

20. **Notices.** All notices required or permitted to be given shall be effective when mailed or emailed to the following:
